Note: This figure shows the Long List of feasible pipeline corridor options in their form at the time of their original creation in November 2017. Colour coded centre lines have been used to illustrate each of the Long List pipeline corridor options, some of which are slightly offset to aid visualisation. Local widening of pipeline corridors and sub-options developed to allow routing flexibility due to potential constraints are not shown on the figure, however can be viewed in the brochure issued for the pipeline choices consultation (non-statutory) in April/May 2018.
