

Dear Mr Jones,

Thank you very much for your notification of the below proposed National Significant Infrastructure Project. Having reviewed the applicants detailed consultation report and appendices and parts 42, 47 and 48 of the Planning Act 2008 (as amended), and having been consulted by the applicant previously, we consider the applicant to have comprehensively complied with the relevant consultation requirements within the Planning Act 2008 and relevant guidance.

We will consider providing our view on the merits of the proposal in due course and note we will be consulted on the application again if it accepted for Examination by yourselves. However, the impacts to our borough would be minimal considering we would not directly be impacted by the proposed pipeline replacement.

Kind regards,

Gerald
