

Fao Ewa Sherman –

I apologise for the delay in replying to your emails about the above matter.

As far as I am aware, and having read the Consultation Report, Wiltshire Council has not been involved in any of the 'build up' consultation exercises. This is perhaps not surprising as the draft and final routes of the proposed pipeline are some distance from Wiltshire.

This said, Wiltshire is an adjoining county (to Hampshire), and in this capacity I can confirm that Wiltshire Council considers the applicant's consultation to be adequate anyway. As I say above, the draft and final routes of the proposed pipeline are some distance from the county boundary.

Regards,

Andrew Guest
Major Projects & Performance Manager
Wiltshire Council
