An application has been made to the Secretary of State under section 37 of the Planning Act 2008(a) (“the 2008 Act”) and in accordance with the Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009(b) for an Order granting development consent.

The application was examined by a panel of [ ] members (“the Panel”) (appointed by the Secretary of State) in accordance with Chapter 4 of Part 6 of the 2008 Act, and the Infrastructure Planning (Examination Procedure) Rules 2010(c).

The Panel, having considered the representations made and not withdrawn and the application together with the accompanying documents, in accordance with section 83 of the 2008 Act, has submitted a report with a recommendation to the Secretary of State.

The Secretary of State, having considered the representations made and not withdrawn, and the report of the Panel, has decided to make an Order granting development consent for the development described in the application [with modifications which in the opinion of the Secretary of State do not make any substantial changes to the proposals comprised in the application].

In accordance with section 131(5) of the 2008 Act, the Secretary of State is satisfied, having considered the report and recommendation of the Panel, that the parcels of common, open space or fuel or field garden allotment land comprised within the Order limits (as identified in the Book of Reference) are less than 200 square metres in extent individually and that the giving in exchange of other land is unnecessary, whether in the interests of the persons, if any, entitled to rights of common or other rights or in the interests of the public.

The Secretary of State is also satisfied that the parcels of common, open space or fuel or field allotment land comprised within the Order limits (as identified in the Book of Reference), when burdened with rights imposed by this Order, will be no less advantageous than they were before to persons in whom they are vested, other persons, if any, entitled to rights of common or other rights and the public, and that accordingly, section 132(3) of the 2008 Act applies.

The Secretary of State, in exercise of the powers conferred by sections 114, 115 and 120 of the 2008 Act, makes the following Order—

(2) References in this Order to rights over land include references to rights to do, or to place and maintain, anything in, on or under land or in the airspace above its surface and references in this Order to the imposition of restrictive covenants are references to the creation of rights over land which interfere with the interests or rights of another and are for the benefit of land which is acquired under this Order or is otherwise comprised in the Order land.

(3) All distances, directions and lengths referred to in this Order are approximate and distances between points on a work comprised in the authorised development are taken to be measured along that work.

(4) For the purposes of this Order, all areas described in square metres in the book of reference are approximate.

(5) References to any statutory body includes that body’s successor bodies from time to time that have jurisdiction over the authorised development.

(6) References in this Order to points identified by letters or numbers are to be construed as references to points so lettered or numbered on the access & rights of way plan.

(7) References in this Order to numbered works are references to works as numbered in Schedule 1 (authorised development).

(8) In this Order, the expression “includes” is to be construed without limitation.

## PART 2

### PRINCIPAL POWERS

#### **Development consent etc. granted by the Order**

**3.**—(1) Subject to the provisions of this Order, including the Requirements, the undertaker is granted development consent for the authorised development to be carried out within the Order limits.

(2) Any enactment applying to land within or adjacent to the Order limits has effect subject to the provisions of this Order.

#### **Maintenance of authorised development**

**4.**—(1) The undertaker may at any time maintain the authorised development, except to the extent that this Order, or an agreement made under this Order, provides otherwise.

(2) Paragraph (1) does not authorise diversion of the authorised development—

(a) outside the Order limits;

- (b) which would result in the authorised development varying from the description in Schedule 1; or
- (c) which would give rise to any materially new or materially worse adverse environmental effects from those reported in the environmental statement.

### **Maintenance of drainage works**

5.—(1) Nothing in this Order, or the construction, maintenance or operation of the authorised development under it, affects any responsibility for the maintenance of any works connected with the drainage of land, whether that responsibility is imposed or allocated by or under any enactment, or otherwise, unless otherwise agreed in writing between the undertaker and the person responsible.

(2) In this article “drainage” has the same meaning as in section 72 (interpretation) of the Land Drainage Act 1991(a).

### **Limits of deviation**

6.—(1) In carrying out, maintaining or diverting the authorised development, the undertaker may—

- (a) deviate the pipeline works and the valve works laterally within the extent of the limits of deviation for those works shown on the works plans;
- (b) deviate the pipeline works vertically upwards to a limit of not less than 1.2 metres below the surface of the ground (except where ground conditions make compliance with this upwards limit impracticable in which case the upwards limit is 0.7 metres below the surface of the ground);
- (c) deviate the pipeline works vertically downwards—
  - (i) in respect of those sections of the pipeline works which may be constructed and installed using trenched construction methods, to any extent as may be found necessary or convenient to a maximum depth of 4 metres below the surface of the ground (except where ground conditions or existing infrastructure make compliance with this downwards limit impracticable in which case the downwards limit is extended to 5 metres below the surface of the ground, following consultation with the Environment Agency and provided that such extension does not give rise to any new or materially different environmental effects to those assessed in the environmental statement); and
  - (ii) in respect of those sections of the pipeline works which may be constructed and installed using trenchless construction methods, to any extent as may be found necessary or convenient to a maximum depth of 12 metres below the surface of the ground (except that, in respect of Works Nos. 1D and 1G, the downwards limit is 16 metres below the surface of the ground and, in respect of Work No. 1Eii, the downwards limit is 50 metres below the surface of the ground);
- (d) deviate the valve works vertically—
  - (i) upwards or above ground level to the height limits set for those works in Schedule 1 (authorised development); and
  - (ii) downwards to any extent as may be found necessary or convenient to a maximum depth of 4 metres below the surface of the ground.

(2) The maximum limits of deviation specified in paragraph (1) do not apply where it is demonstrated by the undertaker to the Secretary of State’s satisfaction and the Secretary of State, following consultation with the relevant planning authority, certifies accordingly that a deviation in excess of these limits would not give rise to any materially new or materially worse adverse environmental effects from those reported in the environmental statement.

---

(a) 1991 c. 59.

### **Benefit of Order**

7.—(1) Subject to paragraph (2) and article 8 (consent to transfer benefit of Order), the provisions of this Order conferring powers on the undertaker have effect solely for the benefit of the undertaker.

(2) Paragraph (1) does not apply to the works for which the consent is granted by this Order for the express benefit of owners and occupiers of land, statutory undertakers and other persons affected by the authorised development.

### **Consent to transfer benefit of Order**

8.—(1) The undertaker may, with the consent of the Secretary of State—

- (a) transfer to another person (“the transferee”) any or all of the benefit of the provisions of this Order and such related statutory rights as may be agreed between the undertaker and the transferee; or
- (b) grant to another person (“the lessee”) for a period agreed between the undertaker and the lessee any or all of the benefit of the provisions of this Order and such related statutory rights as may be so agreed.

(2) Where an agreement has been made in accordance with paragraph (1) references in this Order to the undertaker, except in paragraph (3), includes references to the transferee or the lessee.

(3) The exercise by a person of any benefits or rights conferred in accordance with any transfer or grant under paragraph (1) is subject to the same restrictions, liabilities and obligations as would apply under this Order if those benefits or rights were exercised by the undertaker.

## **PART 3**

### **STREETS**

#### **Power to alter layout, etc. of streets**

9.—(1) The undertaker may for the purposes of carrying out the authorised development temporarily alter the layout of, or carry out any works in, a street specified in column (1) of Schedule 3 (streets subject to temporary alteration of layout) in the manner specified in relation to that street in column (2).

(2) Without limitation on the specific powers conferred by paragraph (1), but subject to paragraph (4), the undertaker may, for the purposes of constructing and maintaining the authorised development, permanently or temporarily alter the layout of any street (and carry out works ancillary to such alterations) whether or not within the Order limits and the layout of any street having a junction with such a street and, without limiting the scope of this paragraph, the undertaker may—

- (a) increase the width of the carriageway of the street by reducing the width of any kerb, footpath, footway, cycle track, central reservation or verge within the street;
- (b) alter the level or increase the width of any such street, kerb, footpath, footway, cycle track, central reservation or verge;
- (c) reduce the width of the carriageway of the street;
- (d) execute any works to widen or alter the alignment of pavements;
- (e) make and maintain crossovers and passing places;
- (f) execute any works of surfacing or resurfacing of the highway;
- (g) carry out works for the provision or alteration of parking places, loading bays and cycle tracks;
- (h) execute any works necessary to alter or provide facilities for the management and protection of pedestrians; and

(i) execute any works to provide or improve sight lines required by the highway authority.

(3) The undertaker must restore to the reasonable satisfaction of the street authority any street that has been temporarily altered under this article.

(4) The powers conferred by paragraph (2) must not be exercised without the consent of the street authority but such consent is not to be unreasonably withheld or delayed.

(5) If a street authority which receives an application for consent under paragraph (4) fails to notify the undertaker of its decision before the end of the period of 28 days beginning with the date on which the application was made, it is deemed to have granted consent.

### **Street works**

**10.**—(1) The undertaker may, for the purposes of the authorised development, enter upon so much of any of the streets specified in column (1) of Schedule 4 (streets subject to street works) as is within the Order limits and may without the consent of the street authority—

- (a) break up or open the street, or any sewer, drain or tunnel within or under it;
- (b) tunnel or bore under the street or carry out works to strengthen or repair the carriageway;
- (c) remove or use all earth and materials in or under the street;
- (d) place and keep apparatus in the street;
- (e) maintain, alter or renew apparatus in or on the street or change its position;
- (f) demolish, remove, replace and relocate any street furniture within the street;
- (g) execute any works to provide or improve sight lines;
- (h) execute and maintain any works to provide hard and soft landscaping;
- (i) carry out re-lining and placement of road markings;
- (j) remove and install temporary and permanent signage; and
- (k) execute any works required for or incidental to any works referred to in sub-paragraphs (a) to (j).

(2) Without limiting the scope of the powers conferred by paragraph (1) but subject to the consent of the street authority, which consent must not be unreasonably withheld or delayed, the undertaker may, for the purposes of the authorised development, or for purposes ancillary to it, enter on so much of any other street whether or not within the Order limits, for the purposes of carrying out the works set out in paragraph (1).

(3) If a street authority that receives an application for consent under paragraph (2) fails to notify the undertaker of its decision within 28 days beginning with the date on which the application was made, that authority will be deemed to have granted consent.

(4) The authority given by paragraph (1) or (2) is a statutory right for the purposes of sections 48(3) (streets, street works and undertakers) and 51(1) (prohibition of unauthorised street works) of the 1991 Act.

(5) In this article “apparatus” has the meaning given in Part 3 of the 1991 Act but also expressly includes pipelines (together with any apparatus and works associated therewith) within the meaning of section 65 (meaning of “pipe-line”) of the 1962 Act.

### **Application of the 1991 Act**

**11.**—(1) Works executed under this Order in relation to a highway which consists of or includes a carriageway are to be treated for the purposes of Part 3 (street works in England and Wales) of the 1991 Act as major highway works if—

- (a) they are of a description mentioned in any of paragraphs (a), (c) to (e), (g) and (h) of section 86(3) (which defines what highway authority works are major highway works) of that Act; or

- (b) they are works which, had they been executed by the highway authority, might have been carried out in exercise of the powers conferred by section 64(a) (dual carriageways and roundabouts) of the 1980 Act or section 184(b) (vehicle crossings over footways and verges) of that Act.

(2) In Part 3 of the 1991 Act, in relation to works which are major highway works by virtue of paragraph (1), references to the highway authority concerned are to be construed as references to the undertaker.

(3) The following provisions of the 1991 Act do not apply in relation to any works executed under the powers of this Order—

- (a) section 56(c) (power to give directions as to timing);
- (b) section 56A(d) (power to give directions as to placing of apparatus);
- (c) section 58(e) (restrictions on works following substantial road works);
- (d) section 58A(f) (restriction on works following substantial street works); and
- (e) Schedule 3A(g) (restriction on works following substantial street works).

(4) The provisions of the 1991 Act mentioned in paragraph (5) (which, together with other provisions of that Act, apply in relation to the execution of street works) and any regulations made, or code of practice issued or approved under, those provisions apply (with the necessary modifications) in relation to any stopping up, alteration or diversion of a street of a temporary nature by the undertaker under the powers conferred by article 12 (temporary stopping up of streets), whether or not the stopping up, alteration or diversion constitutes street works within the meaning of that Act.

(5) The provisions of the 1991 Act(h) referred to in paragraph (2) are—

- (a) section 54(i) (advance notice of certain works), subject to paragraph (6);
- (b) section 55(j) (notice of starting date of works), subject to paragraph (6);
- (c) section 57(k) (notice of emergency works);
- (d) section 59(l) (general duty of street authority to co-ordinate works);
- (e) section 60 (general duty of undertakers to co-operate);
- (f) section 68 (facilities to be afforded to street authority);
- (g) section 69 (works likely to affect other apparatus in the street);
- (h) section 75 (inspection fees);
- (i) section 76 (liability for cost of temporary traffic regulation); and
- (j) section 77 (liability for cost of use of alternative route),

and all such other provisions as apply for the purposes of the provisions mentioned in subparagraphs (a) to (j).

---

(a) Section 64 was amended by section 102 of, and Schedule 17 to, the Local Government Act 1985 (c. 51) and section 168(2) of, and Schedule 9 to, the New Roads and Street Works Act 1991 (c. 22).

(b) Section 184 was amended by sections 35, 37, 38 and 46 of the Criminal Justice Act 1982 (c. 48); section 4 of, and paragraph 45(11) of Schedule 2 to, the Planning (Consequential Provisions) Act 1990 (c. 11); and section 168 of, and paragraph 9 of Schedule 8 and Schedule 9 to, the New Roads and Street Works Act 1991 (c. 22).

(c) Section 56 was amended by section 43 of, and Schedule 1 to, the Traffic Management Act 2004 (c. 18).

(d) Section 56A was inserted by section 44 of the Traffic Management Act 2004 (c. 18).

(e) Section 58 was amended by section 51 of, and Schedule 1 to, the Traffic Management Act 2004 (c. 18).

(f) Section 58A was inserted by section 52 of the Traffic Management Act 2004 (c. 18).

(g) Schedule 3A was inserted by section 52(2) of, and Schedule 4 to, the Traffic Management Act 2004 (c. 18).

(h) Sections 54, 55, 57, 60, 68 and 69 were amended by sections 40(1) and (2) of, and Schedule 1 to, the Traffic Management Act 2004 (c. 18).

(i) As also amended by section 49(1) of the Traffic Management Act 2004 (c. 18).

(j) As also amended by section 49(2) and 51(9) of the Traffic Management Act 2004 (c. 18).

(k) As also amended by section 52(3) of the Traffic Management Act 2004 (c. 18).

(l) As amended by section 42 of the Traffic Management Act 2004 (c. 18).

(6) Sections 54 and 55 of the 1991 Act as applied by paragraph (4) have effect as if references in section 57 of that Act to emergency works were a reference to a stopping up, alteration or diversion (as the case may be) required in a case of emergency.

### **Temporary stopping up of streets and public rights of way**

**12.**—(1) During and for the purposes of carrying out the authorised development, the undertaker may temporarily stop up, alter, divert or restrict any street or public right of way shown on the access & rights of way plan or within the Order limits and may for any reasonable time—

- (a) divert the traffic from the street or public right of way; and
- (b) subject to paragraph (3), prevent all persons from passing along the street or public right of way.

(2) Without limitation on the scope of paragraph (1), the undertaker may use as a temporary working site any street or public right of way which has been temporarily stopped up, altered, diverted or restricted under the powers conferred by this article.

(3) The undertaker must provide reasonable access for pedestrians going to or from premises abutting a street or public right of way affected by the temporary stopping up, alteration, diversion or restriction under this article if there would otherwise be no reasonable access.

(4) Without limitation on the scope of paragraph (1), the undertaker may temporarily stop up, alter, divert or restrict the streets or public rights of way specified in column (1) of Parts 1 and 2 of Schedule 5 (streets or public rights of way to be temporarily stopped up) to the extent specified in column (2) of that Schedule, and, if it does so in respect of a street or public right of way specified in Part 1 of Schedule 5, must provide the temporary diversion as specified in column (3) of that Part.

(5) The undertaker must not temporarily stop up, alter, divert or restrict any street or public right of way as mentioned in paragraph (1) without the consent of the street authority, which may attach reasonable conditions to any consent, but such consent must not be unreasonably withheld or delayed.

(6) Where the undertaker provides a temporary diversion under paragraph (4), the temporary alternative route is not required to be of a higher standard than the temporarily stopped up street or public right of way in column (1) of Part 1 of Schedule 5.

(7) Any person who suffers loss by the suspension of any private right of way under this article is entitled to compensation to be determined, in case of dispute, under Part 1 of the 1961 Act.

(8) If a street authority which receives an application for consent under paragraph (5) fails to notify the undertaker of its decision before the end of the period of 28 days beginning with the date on which the application was made, it is deemed to have granted consent.

### **Use of private roads**

**13.**—(1) The undertaker may use any private road within the Order limits for the passage of persons or vehicles (with or without materials, plant and machinery) for the purposes of, or in connection with, the construction and maintenance of the authorised development.

(2) The undertaker must compensate the person liable for the repair of a road to which paragraph (1) applies for any loss or damage which that person may suffer by reason of the exercise of the power conferred by paragraph (1).

(3) Any dispute as to a person's entitlement to compensation under paragraph (2), or as to the amount of such compensation, is to be determined under Part 1 of the 1961 Act.

### **Access to works**

**14.** The undertaker may, for the purposes of the authorised development, form and layout means of access, or improve existing means of access, at such locations within the Order limits as the undertaker reasonably requires for the purposes of the authorised development.

## Traffic regulation

**15.**—(1) Subject to the provisions of this article, and the consent of the traffic authority in whose area the road concerned is situated, which consent must not be unreasonably withheld or delayed, the undertaker may at any time, for the purposes of, or in connection with, the construction of the authorised development—

- (a) revoke, amend or suspend in whole or in part any order made, or having effect as if made, under the 1984 Act;
- (b) permit, prohibit or restrict the stopping, waiting, loading or unloading of vehicles on any road;
- (c) authorise the use as a parking place of any road;
- (d) make provision as to the direction or priority of vehicular traffic on any road; and
- (e) permit or prohibit vehicular access to any road,

either at all times or at times, on days or during such periods as may be specified by the undertaker.

(2) The undertaker must consult the chief officer of police and the traffic authority in whose area the road is situated before complying with the provisions of paragraph (3).

(3) The undertaker must not exercise the powers conferred by paragraph (1) unless it has—

- (a) given not less than 28 days' notice in writing of its intention so to do to the chief officer of police and to the traffic authority in whose area the road is situated; and
- (b) advertised its intention in such manner as the traffic authority may specify in writing within 7 days of its receipt of notice of the undertaker's intention as provided for in subparagraph (a).

(4) Any prohibition, restriction or other provision made by the undertaker under paragraph (1)—

- (a) has effect as if duly made by, as the case may be—
  - (i) the traffic authority in whose area the road is situated, as a traffic regulation order under the 1984 Act; or
  - (ii) the local authority in whose area the road is situated, as an order under section 32 (power of local authorities to provide parking spaces)(a) of the 1984 Act, and the instrument by which it is effected may specify savings and exemptions to which the prohibition, restriction or other provision is subject; and
- (b) is deemed to be a traffic order for the purposes of Schedule 7 (road traffic contraventions subject to civil enforcement) to the Traffic Management Act 2004(b).

(5) Any prohibition, restriction or other provision made under this article may be suspended, varied or revoked by the undertaker from time to time by subsequent exercise of the powers of paragraph (1) at any time.

(6) Expressions used in this article and in the 1984 Act shall have the same meaning in this article as in that Act.

(7) If the traffic authority fails to notify the undertaker of its decision within 28 days of receiving an application for consent under paragraph (1) the traffic authority is deemed to have granted consent.

## Agreements with street authorities

**16.**—(1) A street authority and the undertaker may enter into agreements with respect to—

- (a) the construction of any new street, including any structure carrying the street over any part of the authorised development;

---

(a) As amended by section 102 of, and Schedule 17 to, the Local Government Act 1985 (c. 51) and section 168(1) of, and paragraph 39 of Schedule 8 to, the 1991 Act.

(b) 2004 c. 18.

- (b) the strengthening, improvement, repair or reconstruction of any street, including any structure carrying the street over any of the authorised development;
  - (c) the maintenance of the structure of any bridge or tunnel carrying a street over or under any part of the authorised development;
  - (d) any stopping up, alteration or diversion of a street authorised by this Order;
  - (e) the carrying out in the street of any of the works referred to in article 9 (power to alter layout, etc. of streets) and article 10 (street works); and
  - (f) such other works as the parties may agree.
- (2) Such an agreement may, without limitation on the scope of paragraph (1)—
- (a) make provision for the street authority to carry out any function under this Order which relates to the street in question;
  - (b) include an agreement between the undertaker and the street authority specifying a reasonable time for the completion of the works; and
  - (c) contain such terms as to payment and other matters as the parties consider appropriate.

## PART 4

### SUPPLEMENTAL POWERS

#### **Discharge of water**

17.—(1) Subject to paragraphs (3) and (4) the undertaker may use any watercourse or any public sewer or drain for the drainage of water in connection with the carrying out or maintenance of the authorised development and for that purpose may lay down, take up and alter pipes and may, on any land within the Order limits, make openings into, and connections with, the watercourse, public sewer or drain.

(2) Any dispute arising from the making of connections to or the use of a public sewer or drain by the undertaker under paragraph (1) is to be determined as if it were a dispute under section 106 of the Water Industry Act 1991(a) (right to communicate with public sewers).

(3) The undertaker must not discharge any water into any watercourse, public sewer or drain except with the consent of the person to whom it belongs; and such consent may be given subject to such terms and conditions as that person may reasonably impose, but must not be unreasonably withheld.

- (4) The undertaker must not make any opening into any public sewer or drain except—
- (a) in accordance with plans approved by the person to whom the sewer or drain belongs, but such approval must not be unreasonably withheld or delayed; and
  - (b) where that person has been given the opportunity to supervise the making of the opening.

(5) The undertaker must not, in carrying out or maintaining works pursuant to this article, damage or interfere with the bed or banks of any watercourse forming part of a main river.

(6) The undertaker must, unless otherwise authorised under the provisions of this Order or any environmental permit relating to the discharge of water in connection with the authorised development, take such steps as are reasonably practicable to secure that any water discharged into a watercourse or public sewer or drain pursuant to this article is as free as may be practicable from gravel, soil or other solid substance, oil or matter in suspension; but nothing in this Order requires the undertaker to maintain a watercourse or public sewer or drain.

(7) Nothing in this article overrides the requirement for an environmental permit under regulation 12(1)(b) of the 2016 regulations.

---

(a) 1991 c. 56. Section 106 was amended by the Water Act 2003 (c. 37), sections 36(2) and 99 subject to the transitional provisions contained in article 6 of, and Schedule 3 to, S.I. 2004/641. There are other amendments to section 106 which are not relevant to this Order.

(8) In this article—

- (a) “public sewer or drain” means a sewer or drain which belongs to the Homes and Communities Agency, the Environment Agency, an internal drainage board, a joint planning board, a local authority, a sewerage undertaker or an urban development corporation; and
- (b) other expressions, excluding watercourse, used both in this article and in the Water Resources Act 1991(a) have the same meaning as in that Act.

(9) If a person who receives an application for consent under paragraph (3) or approval under paragraph (4)(a) fails to notify the undertaker of a decision within 28 days of receiving an application that person will be deemed to have granted consent or given approval, as the case may be.

### **Protective work to buildings**

**18.**—(1) Subject to the following provisions of this article, the undertaker may at its own expense carry out such protective works to any building lying within the Order limits or which may be affected by the authorised development as the undertaker considers necessary or expedient.

(2) Protective works may be carried out—

- (a) at any time before or during the carrying out in the vicinity of the building of any part of the authorised development; or
- (b) after the completion of that part of the authorised development in the vicinity of the building at any time up to the end of the period of 5 years beginning with the day on which that part of the authorised development is first brought into operational use.

(3) For the purpose of determining how the functions under this article are to be exercised the undertaker may enter and survey any building falling within paragraph (1) and any land within its curtilage, and place on, leave on and remove from the building any apparatus and equipment for use in connection with the survey.

(4) For the purpose of carrying out protective works under this article to a building the undertaker may (subject to paragraphs (5) and (6))—

- (a) enter the building and any land within its curtilage; and
- (b) where the works cannot be carried out reasonably conveniently without entering land which is adjacent to the building but outside its curtilage, enter the adjacent land (but not any building erected on it).

(5) Before exercising—

- (a) a right under paragraph (1) to carry out protective works to a building;
- (b) a right under paragraph (3) to enter a building and land within its curtilage;
- (c) a right under paragraph (4)(a) to enter a building and land within its curtilage; or
- (d) a right under paragraph (4)(b) to enter land,

the undertaker must, except in the case of emergency, serve on the owners and occupiers of the building or land not less than 14 days’ notice of its intention to exercise that right and, in a case falling within sub-paragraph (a) or (c), specifying the protective works proposed to be carried out.

(6) Where a notice is served under paragraph (5)(a), (5)(c) or (5)(d), the owner or occupier of the building or land concerned may, by serving a counter-notice within the period of 10 days beginning with the day on which the notice was served, require the question whether it is necessary or expedient to carry out the protective works or to enter the building or land to be referred to arbitration under article 47 (arbitration).

---

(a) 1991 c. 57.

(7) The undertaker must compensate the owners and occupiers of any building or land in relation to which rights under this article have been exercised for any loss or damage arising to them by reason of the exercise of those rights.

(8) Where—

- (a) protective works are carried out under this article to a building; and
- (b) within the period of 5 years beginning with the day on which the part of the authorised development constructed in the vicinity of the building is first opened for use it appears that the protective works are inadequate to protect the building against damage caused by the construction or use of that part of the authorised development,

the undertaker must compensate the owners and occupiers of the building for any loss or damage sustained by them.

(9) Without affecting article 46 (no double recovery), nothing in this article relieves the undertaker from any liability to pay compensation under section 152(a) of the 2008 Act (compensation in case where no right to claim in nuisance).

(10) Any compensation payable under paragraph (7) or (8) is to be determined, in case of dispute, under Part 1 of the 1961 Act (determination of questions of disputed compensation).

(11) Section 13(b) (refusal to give possession to acquiring authority) of the 1965 Act applies to entry onto, or possession of, land under this article to the same extent as it applies to the compulsory acquisition of land under this Order by virtue of section 125(c) (application of compulsory acquisition provisions) of the 2008 Act

(12) In this article “protective works” in relation to a building means—

- (a) underpinning, strengthening and any other works the purpose of which is to prevent damage which may be caused to the building by the construction, maintenance or use of the authorised development; and
- (b) any works the purpose of which is to remedy any damage which has been caused to the building by the construction, maintenance or use of the authorised development.

### **Authority to survey and investigate the land**

**19.—**(1) The undertaker may for the purposes of this Order enter on any land shown within the Order limits or which may be affected by the authorised development and—

- (a) survey, monitor or investigate the land (including any watercourses, groundwater, static water bodies or vegetation on the land);
- (b) without limitation on the scope of sub-paragraph (a), make trial holes, boreholes and excavations in such positions on the land as the undertaker thinks fit to investigate the nature of the surface layer, subsoil and groundwater and remove samples from the land as described in paragraph (2);
- (c) without limitation on the scope of sub-paragraph (a), carry out ecological or archaeological investigations and monitoring on such land; and
- (d) place on, leave on and remove from the land apparatus for use in connection with the survey and investigation of land and making of trial holes, boreholes and excavations.

(2) The power conferred by paragraph (1) includes without prejudice to the generality of that paragraph the power to take, and process, samples of or from any of the following found on, in or over the land—

- (a) water;
- (b) air;

---

(a) As amended by S.I. 2009/1307.

(b) As amended by sections 62(3) and 139(4)-(9) of, paragraphs 27 and 28 of Schedule 13 and Part 3 of Schedule 223 to, the Tribunals, Courts and Enforcement Act 2007 (c. 15).

(c) As amended by section 190 of, and paragraph 17 of Schedule 16 to, the Housing and Planning Act 2016 (c. 22).

- (c) soil or rock;
- (d) flora;
- (e) bodily excretions, or dead bodies, of non-human creatures; or
- (f) any non-living thing present as a result of human action.

(3) No land may be entered or equipment placed or left on or removed from the land under paragraph (1) unless at least 14 days' notice has been served on every owner and occupier of the land.

(4) Any person entering land under this article on behalf of the undertaker—

- (a) must, if so required, before or after entering the land, produce written evidence of their authority to do so; and
- (b) may take onto the land such vehicles and equipment as are necessary to carry out the surveyor investigation or to make the trial holes, boreholes or excavations.

(5) No trial holes, boreholes or excavations are to be made under this article—

- (a) in land located within a highway boundary without the consent of the highway authority; or
- (b) in a private street without the consent of the street authority,

but such consent must not be unreasonably withheld.

(6) The undertaker must compensate the owners and occupiers of the land for any loss or damage arising by reason of the exercise of the authority conferred by this article, such compensation to be determined, in case of dispute, under Part 1 (determination of questions of disputed compensation) of the 1961 Act.

(7) If either a highway authority or street authority which receives an application for consent fails to notify the undertaker of its decision within 28 days of receiving the application for consent—

- (a) under paragraph (5)(a) in the case of a highway authority; or
- (b) under paragraph (5)(b) in the case of a street authority,

that authority will be deemed to have granted consent.

(8) Section 13 of the 1965 Act (refusal to give permission to the acquiring authority) applies to the temporary use of land under this article to the same extent as it applies to the compulsory acquisition of land under this Order by virtue of section 125 (application of compulsory acquisition provisions) of the 2008 Act.

## PART 5

### POWERS OF ACQUISITION AND POSSESSION OF LAND

#### **Compulsory acquisition of land**

**20.**—(1) The undertaker may acquire compulsorily so much of the Order land described in the book of reference and shown on the land plans as is required for the authorised development or is incidental to it or required to facilitate it.

(2) This article is subject to—

- (a) article 22 (compulsory acquisition of rights and restrictive covenants);
- (b) article 23 (time limit for exercise of authority to acquire land compulsorily);
- (c) article 29 (temporary use of land for carrying out the authorised development; and
- (d) article 31 (crown rights).

### **Compulsory acquisition of land – incorporation of the mineral code**

**21.** Parts 2 and 3 of Schedule 2 to the Acquisition of Land Act 1981(a) (minerals) are incorporated in this Order subject to the modifications that—

- (a) paragraph 8(3) is not incorporated;
- (b) for “the acquiring authority” substitute “the undertaker”;
- (c) for “undertaking” substitute “authorised development”; and
- (d) for “compulsory purchase order” substitute “this Order”.

### **Compulsory acquisition of rights and restrictive covenants**

**22.—**(1) Subject to the provisions of this article, the undertaker may acquire compulsorily the rights, and impose the restrictions, over the Order land, described in the book of reference and shown on the land plans, by creating them as well as by acquiring rights and the benefits of restrictions already in existence.

(2) Subject to section 8 of the 1965 Act (other provisions as to divided land), as modified by Schedule 6 (modification of compensation and compulsory purchase enactments for creation of new rights and imposition of restrictive covenants), where the undertaker acquires a right over land or imposes a restriction under paragraph (1), the undertaker is not required to acquire a greater interest in that land.

(3) Schedule 6 has effect for the purpose of modifying the enactments relating to compensation and the provisions of the 1965 Act in their application in relation to the compulsory acquisition under this article of a right over land by the creation and acquisition of a new right or the imposition of a restriction.

(4) In any case where the acquisition of rights or the imposition of a restriction under paragraph (1) is required for the purpose of diverting, replacing or protecting apparatus of a statutory undertaker, the undertaker may, with the consent of the Secretary of State, transfer the power to acquire such rights or impose such restrictions to the statutory undertaker in question.

(5) The exercise by a statutory undertaker of any power in accordance with a transfer under paragraph (4) is subject to the same restrictions, liabilities and obligations as would apply under this Order if that power were exercised by the undertaker.

(6) Nothing in this article authorises the acquisition of rights over, or the imposition of restrictions affecting, an interest which is for the time being held by or on behalf of the Crown.

### **Time limit for exercise of authority to acquire land compulsorily**

**23.—**(1) After the end of the period of 5 years beginning on the day on which this Order is made—

- (a) no notice to treat is to be served under Part 1 of the 1965 Act; and
- (b) no declaration is to be executed under section 4 of the 1981 Act as applied by article 26 (application of the 1981 Act).

(2) The authority conferred by article 29 (temporary use of land for carrying out the authorised development) ceases at the end of the period referred to in paragraph (1), except that nothing in this paragraph prevents the undertaker remaining in possession of land after the end of that period, if the land was entered and possession was taken before the end of that period.

### **Private rights over land**

**24.—**(1) Subject to the provisions of this article, all private rights or restrictive covenants over land subject to compulsory acquisition of land under this Order are extinguished or discharged—

---

(a) 1981 c. 67.

- (a) as from the date of acquisition of the land by the undertaker whether compulsorily or by agreement; or
- (b) on the date of entry on the land by the undertaker under section 11(1) of the 1965 Act (power of entry),

whichever is the earlier.

(2) Subject to the provisions of this article, all private rights or restrictive covenants over land owned by the undertaker which, being within the Order limits, is required for the purposes of this Order, are extinguished on the commencement of any activity authorised by this Order which interferes with or breaches such rights or such restrictive covenants.

(3) Subject to the provisions of this article, all private rights or restrictive covenants over land subject to compulsory acquisition of rights or the imposition of restrictions under the Order must be extinguished in so far as their continuance would be inconsistent with the exercise of the right acquired or the burden of the restriction imposed—

- (a) as from the date of the acquisition of the right or the benefit of the restriction by the undertaker, whether compulsorily or by agreement; or
- (b) on the date of entry on the land by the undertaker under section 11(1) of the 1965 Act in pursuance of the right;

whichever is the earlier.

(4) Subject to the provisions of this article, all private rights or restrictive covenants over land of which the undertaker takes temporary possession under this Order are suspended and unenforceable for as long as the undertaker remains in lawful possession of the land.

(5) Any person who suffers loss by the extinguishment or suspension of any private right or restrictive covenant under this article is entitled to compensation in accordance with the terms of section 152 of the 2008 Act to be determined, in case of dispute, under Part 1 of the 1961 Act.

(6) This article does not apply in relation to any right to which section 138 of the 2008 Act (extinguishment of rights, and removal of apparatus, of statutory undertakers etc.) or article 33 (statutory undertakers) applies.

(7) Paragraphs (1) to (4) have effect subject to—

- (a) any notice given by the undertaker before—
  - (i) the completion of the acquisition of the land or the acquisition of the rights over or the imposition of the restrictive covenant over or affecting the land;
  - (ii) the undertaker's appropriation of it;
  - (iii) the undertaker's entry onto it; or
  - (iv) the undertaker's taking temporary possession of it,that any or all of those paragraphs do not apply to any right specified in the notice; and
- (b) any agreement made at any time between the undertaker and the person in or to whom the right in question is vested or belongs.

(8) If any such agreement as is referred to in paragraph (7)(b)—

- (a) is made with a person in or to whom the right is vested or belongs; and
- (b) is expressed to have effect also for the benefit of those deriving title from or under that person,

it is effective in respect of the persons so deriving title, whether the title was derived before or after the making of the agreement.

(9) References in this article to private rights over land include any trust, incident, easement, wayleave, liberty, privilege, right or advantage annexed to land and adversely affecting other land, including any natural right to support and include restrictions as to the user of land arising by virtue of a contract, agreement or undertaking having that effect.

(10) Nothing in this article affects any private rights or restrictions over or affecting the Order land, or apparatus which is on, under or over the Order land, which are—

- (a) for the benefit of, or
- (b) exercisable by; or
- (c) owned by,

the undertaker or its successors in title from time to time, but, subject to paragraphs (7) and (8), not so as to preserve the interest (if any) of another person who enjoys the benefit of, or who exercises or owns any such rights or restrictions in common with the undertaker.

(11) Sections 127 (statutory undertakers' land) and 138 (extinguishment of rights, and removal of apparatus, of statutory undertakers etc.) of the 2008 Act are to apply to land or rights in land acquired by the undertaker, whether compulsorily or by agreement, and to works forming part of the authorised development, as if that land and those rights were land or rights, or those works were apparatus, vested in or belonging to a statutory undertaker for the purposes of carrying on a statutory undertaking within the meaning of those provisions, but only so as to confer the protections afforded thereby and not for any other purpose whatsoever.

### **Modification of Part 1 of the 1965 Act**

**25.**—(1) Part 1 (compulsory purchase under Acquisition of Land Act of 1946) of the 1965 Act, as applied to this Order by section 125(a) (application of compulsory acquisition provisions) of the 2008 Act is modified as follows.

(2) In section 4A(1)(b) (extension of time limit during challenge) for “section 23 of the Acquisition of Land Act 1981 (application to the High Court in respect of compulsory purchase order), the three year period mentioned in section 4” substitute “section 118 (legal challenges relating to applications for orders granting development consent) of the Planning Act 2008, the five year period mentioned in article 23 (time limit for exercise of authority to acquire land compulsorily) of the Southampton to London Pipeline Development Consent Order 202[ ]”.

(3) In section 11A(c) (powers of entry: further notice of entry)—

- (a) in subsection (1)(a), after “land” insert “under that provision”;
- (b) in subsection (2), after “land” insert “under that provision”.

(4) In section 22(2) (expiry of time limit for exercise of compulsory purchase power not to affect acquisition of interests omitted from purchase), for “section 4 of this Act” substitute “article 23 (time limit for exercise of authority to acquire land compulsorily) of the Southampton to London Pipeline Development Consent Order 202[ ]”.

(5) In Schedule 2A (counter-notice requiring purchase of land not in notice to treat)—

(a) for paragraphs 1(2) and 14(2) substitute—

“(2) But see article 27(3) (acquisition of subsoil or airspace only) of the Southampton to London Pipeline Development Consent Order 202[ ], which excludes the acquisition of subsoil or airspace only from this Schedule.”; and

(b) after paragraph 29, insert—

## **“PART 4**

### **INTERPRETATION**

### **Application of the 1981 Act**

- 26.**—(1) The 1981 Act applies as if this Order were a compulsory purchase order.
- (2) The 1981 Act, as so applied by paragraph (1), has effect with the following modifications.
- (3) In section 1 (application of Act) for subsection 2 substitute—
- “(2) This section applies to any Minister, any local or other public authority or any other body or person authorised to acquire land by means of a compulsory purchase order.”.
- (4) In section 5(a) (earliest date for execution of declaration), in subsection (2), omit the words from “, and this subsection” to the end.
- (5) Omit section 5A(b) (time limit for general vesting declaration).
- (6) In section 5B(1)(c) (extension of time limit during challenge) for “section 23 of the Acquisition of Land Act 1981 (application to High Court in respect of compulsory purchase order), the three year period mentioned in section 5A” substitute “section 118 (legal challenges relating to applications for orders granting development consent) of the Planning Act 2008 the five year period mentioned in article 23 (time limit for exercise of authority to acquire land compulsorily) of the Southampton to London Pipeline Development Consent Order 202[ ].”.
- (7) In section 6(d) (notices after execution of declaration), in subsection (1)(b), for “section 15 of, or paragraph 6 of Schedule 1 to, the Acquisition of Land Act 1981” substitute “section 134(e) (notice of authorisation of compulsory acquisition) of the Planning Act 2008”.
- (8) In section 7(f) (constructive notice to treat), in subsection (1)(a), omit “(as modified by section 4 of the Acquisition of Land Act 1981)”.
- (9) In Schedule A1(g) (counter-notice requiring purchase of land not in general vesting declaration), for paragraph 1(2) substitute—
- “(2) But see article 27(3) (acquisition of subsoil or airspace only) of the Southampton to London Pipeline Development Consent Order 202[ ], which excludes the acquisition of subsoil or airspace only from this Schedule.”.
- (10) References to the 1965 Act in the 1981 Act are to be construed as references to the 1965 Act as applied by section 125 (application of compulsory acquisition provisions) of the 2008 Act (and as modified by article 25 (modification of Part 1 of the 1965 Act) to the compulsory acquisition of land under this Order.

### **Acquisition of subsoil or airspace only**

- 27.**—(1) The undertaker may acquire compulsorily so much of, or such rights in, the subsoil of and the airspace over the land referred to in paragraph (1) of article 20 (compulsory acquisition of land) as may be required for any purpose for which that land may be acquired under that provision instead of acquiring the whole of the land.
- (2) Where the undertaker acquires any part of, or rights in, the subsoil of or the airspace over any land referred to in paragraph (1), the undertaker is not required to acquire an interest in any other part of the land.
- (3) The following do not apply in connection with the exercise of the power under paragraph (1) in relation to subsoil or airspace only—

- 
- (a) Section 5 was amended by Schedule 15 to the Housing and Planning Act 2016 (c. 22).
- (b) Section 5A was inserted by section 182(2) of the Housing and Planning Act 2016 (c. 22).
- (c) Section 5B(1) was inserted by section 202(2) of the Housing and Planning Act 2016 (c. 22).
- (d) Section 6 was amended by section 4 of, and paragraph 52(2) of Schedule 2 to, the Planning (Consequential Provisions) Act 1990 (c. 11) and paragraph 7 of Schedule 15 to the Housing and Planning Act 2016 (c. 22).
- (e) Section 134 was amended by section 142 of, and Part 21 of Schedule 25 to, the Localism Act 2011 and S.I. 2012/16.
- (f) Section 7(1) was substituted by paragraphs 1 and 3 of Schedule 18 to the Housing and Planning Act 2016 (c. 22).
- (g) Schedule A1 was inserted by paragraph 6 of Part 1 of Schedule 18 to the Housing and Planning Act 2016 (c. 22).

- (a) Schedule 2A (counter-notice requiring purchase of land not in notice to treat) to the 1965 Act (as modified by article 25 (modification of Part 1 of the 1965 Act));
- (b) Schedule A1 (counter-notice requiring purchase of land not in general vesting declaration) to the 1981 Act; and
- (c) section 153(4A)(a) (blighted land: proposed acquisition of part interest; material detriment test) of the Town and Country Planning Act 1990(b).

(4) Paragraphs (2) and (3) are to be disregarded where the undertaker acquires a cellar, vault, arch or other construction forming part of a house, building or manufactory or airspace above a house, building or manufactory.

### **Rights under or over streets**

**28.**—(1) The undertaker may enter upon, appropriate and use so much of the subsoil of, or airspace over, any street within the Order limits as may be required for the purposes of the authorised development and may use the subsoil or airspace for those purposes or any other purpose ancillary to the authorised development.

(2) Subject to paragraph (3), the undertaker may exercise any power conferred by paragraph (1) in relation to a street without being required to acquire any part of the street or any easement or right in the street.

(3) Paragraph (2) does not apply in relation to—

- (a) any subway or underground building; or
- (b) any cellar, vault, arch or other construction in, on or under a street which forms part of a building fronting onto the street.

(4) Subject to paragraph (5), any person who is an owner or occupier of land in respect of which the power of appropriation conferred by paragraph (1) is exercised without the undertaker acquiring any part of that person's interest in the land, and who suffers loss as a result, will be entitled to compensation to be determined, in case of dispute, under Part 1 (determination of questions of disputed compensation) of the 1961 Act.

(5) Compensation is not payable under paragraph (4) to any person who is an undertaker to whom section 85 (sharing cost of necessary measures) of the 1991 Act applies in respect of measures of which the allowable costs are to be borne in accordance with that section.

### **Temporary use of land for carrying out the authorised development**

**29.**—(1) The undertaker may, in connection with the carrying out of the authorised development—

- (a) enter on and take temporary possession of—
  - (i) the land specified in column (1) of Schedule 7 (land of which only temporary possession may be taken) in connection with the part of the authorised development specified in column (2) of that Schedule; and
  - (ii) any other Order land in respect of which no notice of entry has been served under section 11 (powers of entry) of the 1965 Act (other than in connection with the acquisition of rights only) and no declaration has been made under section 4 (execution of declaration) of the 1981 Act;
- (b) remove any structure, apparatus, buildings and vegetation from the land referred to in sub-paragraph (a);
- (c) construct temporary works (including the provision of means of access), security fencing, storage areas, structures and buildings, on the land referred to in sub-paragraph (a); and

---

(a) Subsection (4A) of section 153 was inserted by section 200(1) and (2) of the Housing and Planning Act 2016 (c. 22).

(b) 1990 (c. 8).

(d) construct any works on the land referred to in sub-paragraph (a) as are mentioned in Schedule 1 (authorised development).

(2) Not less than 14 days before entering on and taking temporary possession of land under this article the undertaker must serve notice of the intended entry on the owners and occupiers of the land and explain the purpose for which entry is taken in respect of land specified under paragraph 1(a)(ii).

(3) The undertaker may not, without the agreement of the owners of the land, remain in possession of any land under this article—

(a) in the case of any land specified in paragraph (1)(a)(i), after the end of the period of one year beginning with the date of completion of the part of the authorised development specified in relation to that land in column (2) of Schedule 7, or

(b) in the case of any land referred to in paragraph (1)(a)(ii), after the end of the period of one year beginning with the date of completion of the works or other purpose for which temporary possession of the land was taken unless the undertaker has, by the end of that period, served a notice of entry under section 11 of the 1965 Act or made a declaration under section (4) of the 1981 Act in relation to that land.

(4) Before giving up possession of land of which temporary possession has been taken under this article, the undertaker must remove all temporary works and restore the land to the reasonable satisfaction of the owners of the land; but the undertaker is not required to—

(a) replace a building removed under this article;

(b) restore the land on which any permanent works have been constructed under paragraph (1)(d);

(c) restore the land to a condition better than the land was in before temporary possession;

(d) remove any ground strengthening works which have been placed on the land to facilitate construction of the authorised development;

(e) remove any measures installed over or around statutory undertakers' apparatus to protect that apparatus from the authorised development; or

(f) remove or reposition any apparatus belonging to statutory undertakers or necessary mitigation works.

(5) The undertaker must pay compensation to the owners and occupiers of land of which temporary possession is taken under this article for any loss or damage arising from the exercise in relation to the land of the provisions of this article.

(6) Any dispute as to a person's entitlement to compensation under paragraph (5), or as to the amount of the compensation, is to be determined under Part 1 of the 1961 Act.

(7) Any dispute as to the satisfactory removal of temporary works and restoration of land under paragraph (4) does not prevent the undertaker giving up possession of the land.

(8) Subject to article 46 (no double recovery), nothing in this article affects any liability to pay compensation under section 152 (compensation in case where no right to claim in nuisance) of the 2008 Act or under any other enactment in respect of loss or damage arising from the carrying out of the authorised development, other than loss or damage for which compensation is payable under paragraph (5).

(9) The undertaker may not compulsorily acquire under this Order the land referred to in paragraph (1)(a)(i) except that the undertaker is not to be precluded from—

(a) acquiring new rights over any part of that land under article 22 (compulsory acquisition of rights); or

(b) acquiring any part of the subsoil (or rights in the subsoil of or airspace over) that land under article 27 (acquisition of subsoil or airspace only).

(10) Where the undertaker takes possession of land under this article, the undertaker is not required to acquire the land or any interest in it.

(11) Section 13 (refusal to give possession to acquiring authority)(a) of the 1965 Act applies to the temporary use of land under this article to the same extent as it applies to the compulsory acquisition of land under this Order by virtue of section 125 of the 2008 Act (application of compulsory acquisition provisions).

(12) Nothing in this article prevents the taking of temporary possession more than once in relation to any land specified in paragraph (1).

### **Temporary use of land for maintaining the authorised development**

**30.**—(1) Subject to paragraph (2), and without prejudice to any other rights enjoyed by the undertaker from time to time, at any time during the maintenance period relating to any part of the authorised development, the undertaker may—

- (a) enter upon and take temporary possession of any land within the Order limits if such possession is reasonably required for the purpose of maintaining the authorised development;
- (b) construct such temporary works (including the provision of means of access) and buildings on the land as may be reasonably necessary for that purpose; and
- (c) enter on any land within the Order limits for the purpose of gaining access as is reasonably required for the purpose of maintaining the authorised development.

(2) Paragraph (1) does not authorise the undertaker to take temporary possession of any house or building (other than a house) if it is for the time being occupied.

(3) Not less than 28 days before entering upon and taking temporary possession of land under this article the undertaker must serve notice of the intended entry on the owners and occupiers of the land and explain the purpose for which entry is taken.

(4) The undertaker is not required to serve notice under paragraph (3) where the undertaker has identified a potential risk to the safety of—

- (a) the authorised development or any of its parts;
- (b) the public; and/or
- (c) the surrounding environment,

and in such circumstances, the undertaker may enter the land under paragraph (1) subject to giving such notice as is reasonably practicable in the circumstances.

(5) The undertaker may only remain in possession of land under this article for so long as may be reasonably necessary to carry out the maintenance of the part of the authorised development for which possession of the land was taken.

(6) Before giving up possession of land of which temporary possession has been taken under this article, the undertaker must remove all temporary works and restore the land to the reasonable satisfaction of the owners of the land.

(7) The undertaker must pay compensation to the owners and occupiers of land of which temporary possession is taken under this article for any loss or damage arising from the exercise in relation to the land of the powers conferred by this article.

(8) Any dispute as to a person's entitlement to compensation under paragraph (7), or as to the amount of the compensation, is to be determined under Part 1 of the 1961 Act.

(9) Nothing in this article affects any liability to pay compensation under section 152 of the 2008 Act (compensation in case where no right to claim in nuisance) or under any other enactment in respect of loss or damage arising from the execution of any works, other than loss or damage for which compensation is payable under paragraph (7).

(10) Where the undertaker takes possession of land under this article, the undertaker is not required to acquire the land or any interest in it.

---

(a) Section 13 was amended by sections 62(3) and 139 of, and paragraphs 27 and 28 of Schedule 13, and Part 3 of Schedule 23 to, the Tribunals, Courts and Enforcement Act 2007 (c. 15).

(11) Section 13 (refusal to give possession to the acquiring authority) of the 1965 Act applies to the temporary use of land pursuant to this article to the same extent as it applies to the compulsory acquisition of land under this Order by virtue of section 125 (application of compulsory acquisition provisions) of the 2008 Act.

(12) In this article “the maintenance period”, in relation to any part of the authorised development means the period of 5 years beginning with the date on which that part of the authorised development is brought into operational use, except where the authorised development is replacement or landscape planting where “the maintenance period” means the period of 5 years beginning with the date on which that part of the replacement or landscape planting is completed.

### **Crown rights**

**31.**—(1) Nothing in this Order affects prejudicially any estate, right, power, privilege, authority or exemption of the Crown and, in particular, nothing in this Order authorises the undertaker or any licensee to take, use, enter upon or in any manner interfere with any land or rights of any description (including any portion of the shore or bed of the sea or any river, channel, creek, bay or estuary)—

- (a) belonging to Her Majesty in right of the Crown and forming part of the Crown Estate without the consent in writing of the Crown Estate Commissioners;
- (b) belonging to Her Majesty in right of the Crown and not forming part of the Crown Estate without the consent in writing of the government department having the management of that land; or
- (c) belonging to a government department or held in trust for Her Majesty for the purposes of a government department without the consent in writing of that government department.

(2) Paragraph (1) does not apply to the exercise of any right under this Order for the compulsory acquisition of an interest in any Crown land (as defined in section 227 of the 2008 Act) which is for the time being held otherwise than by or on behalf of the Crown.

(3) A consent under paragraph (1) may be given unconditionally or subject to terms and conditions, and is deemed to have been given in writing where it is sent electronically.

### **Special category land**

**32.**—(1) So much of the special category land as shall be required for the purposes of the exercising by the undertaker of the Order rights shall be discharged from all rights, trusts and incidents to which it was previously subject, so far as their continuance would be inconsistent with the exercise of the Order rights.

(2) So far as the temporary use of land under either article 29 (temporary use of land for carrying out the authorised development) and article 30 (temporary use of land for maintaining the authorised development) is concerned, then the discharge in paragraph (1) is only for such time as any land required only temporarily is being used under either of those articles.

(3) In this article—

“Order rights” means rights and powers exercisable over the special category land by the undertaker under article 20 (compulsory acquisition of land), article 22 (compulsory acquisition of rights) and article 29 (temporary use of land for carrying out the authorised development); and

“the special category land” means the land identified as forming part of a common, open space, or fuel or field allotment in the book of reference and on the plan entitled “special category land plans”.

### **Statutory undertakers**

**33.** Subject to the provisions of Schedule 9 (protective provisions) the undertaker may—

- (a) acquire compulsorily the land belonging to statutory undertakers within the Order limits and described in the book of reference;

- (b) acquire existing rights, create and acquire new rights and impose restrictive covenants over the land belonging to statutory undertakers within the Order limits and described in the book of reference;
- (c) extinguish or suspend the rights of, or remove or reposition apparatus belonging to, statutory undertakers over or within the Order limits;
- (d) construct the authorised development in such a way as to cross underneath or over apparatus belonging to statutory undertakers and other like bodies within the Order limits; and
- (e) construct over existing apparatus belonging to statutory undertakers any necessary track or roadway (whether temporary or permanent) together with the right to maintain or remove the same, and install such service media under or over the existing apparatus needed in connection with the authorised development.

### **Recovery of costs of new connections**

**34.**—(1) Where any apparatus of a public utility undertaker or of a public communications provider is removed under article 33 (statutory undertakers) any person who is the owner or occupier of premises to which a supply was given from that apparatus is entitled to recover from the undertaker compensation in respect of expenditure reasonably incurred by that person, in consequence of the removal, for the purpose of effecting a connection between the premises and any other apparatus from which a supply is given.

(2) Paragraph (1) does not apply in the case of the removal of a public sewer but where such a sewer is removed under article 33, any person who is—

- (a) the owner or occupier of premises the drains of which communicated with that sewer; or
- (b) the owner of a private sewer which communicated with that sewer,

is entitled to recover from the undertaker compensation in respect of expenditure reasonably incurred by that person, in consequence of the removal, for the purpose of making the drain or sewer belonging to that person communicate with any other public sewer or with a private sewerage disposal plant.

(3) This article does not have effect in relation to apparatus to which Part 3 (street works in England and Wales) of the 1991 Act applies.

(4) In this article—

“public communications provider” has the same meaning as in section 151(1) (interpretation of Chapter 1) of the Communications Act 2003(a); and

“public utility undertaker” means a gas, water, electricity or sewerage undertaker.

## **PART 6**

### **MISCELLANEOUS AND GENERAL**

#### **Disapplication and modification of legislative provisions**

**35.**—(1) The following provisions do not apply in relation to the construction of any works or the carrying out of any operation required for the purpose of, or in connection with, the construction or maintenance of any part of the authorised development—

- (a) the provisions of any byelaws made under, or having effect as if made under Schedule 25 (byelaw-making powers of the Authority) to the Water Resources Act 1991(b);

trees etc.), byelaw 16 (obstruction of areas liable to flood) and byelaw 17 (river control works) of the Thames Region Land Drainage Byelaws 1981 (as amended).

(2) The provisions of the Neighbourhood Planning Act 2017<sup>(a)</sup>, insofar as they relate to temporary possession of land under article 29 (temporary use of land for carrying out the authorised development) and article 30 (temporary use of land for maintaining the authorised development) of this Order, do not apply in relation to the construction of any work or the carrying out of any operation required for the purpose of, or in connection with, the construction of the authorised development and, within the maintenance period defined in article 30(12) (temporary use of land for maintaining the authorised development) any maintenance of any part of the authorised development.

(3) Notwithstanding the provisions of section 208 of the 2008 Act, for the purposes of regulation 6 of the Community Infrastructure Levy Regulations 2010<sup>(b)</sup> any building comprised in the authorised development must be deemed to be—

- (a) a building into which people do not normally go; or
- (b) a building into which people go only intermittently for the purpose of inspecting or maintaining fixed plant or machinery.

### **Removal of human remains**

**36.—**(1) In this article “the specified land” means the land within the Order limits which the undertaker reasonably considers may contain human remains.

(2) Before the undertaker carries out any development or works within the Order limits which will or may disturb any human remains in the specified land it must remove those human remains from the specified land, or cause them to be removed, in accordance with the following provisions of this article.

(3) Subject to paragraph (12), before any such remains are removed from the specified land the undertaker must give notice of the intended removal, describing the specified land and stating the general effect of the following provisions of this article, by—

- (a) publishing a notice once in each of two successive weeks in a newspaper circulating in the area of the specified land; and
- (b) displaying a notice in a conspicuous place on or near to the specified land.

(4) As soon as reasonably practicable after the first publication of a notice under paragraph (3) the undertaker must send a copy of the notice to the relevant planning authority.

(5) At any time within 56 days after the first publication of a notice under paragraph (3) any person who is a personal representative or relative of any deceased person whose remains are interred in the specified land may give notice in writing to the undertaker of that person’s intention to undertake the removal of the remains.

(6) Where a person has given notice under paragraph (5), and the remains in question can be identified, that person may cause such remains to be—

- (a) removed and re-interred in any burial ground or cemetery in which burials may legally take place; or
- (b) removed to, and cremated in, any crematorium,

and that person must, as soon as reasonably practicable after such re-interment or cremation, provide to the undertaker a certificate for the purpose of enabling compliance with paragraph (11).

(7) If the undertaker is not satisfied that any person giving notice under paragraph (5) is the personal representative or relative as that person claims to be, or that the remains in question can be identified, the question is to be determined on the application of either party in a summary manner by the county court, and the court may make an order specifying who must remove the remains and as to the payment of the costs of the application.

---

(a) 2017 c. 20.

(b) S.I. 2010/948. Regulation 6 was amended by S.I. 2011/987.

(8) The undertaker must pay the reasonable expenses of removing and re-interring or cremating the remains of any deceased person under this article.

(9) If—

- (a) within the period of 56 days referred to in paragraph (5) no notice under that paragraph has been given to the undertaker in respect of any remains in the specified land; or
- (b) such notice is given and no application is made under paragraph (7) within 56 days after the giving of the notice but the person who gave the notice fails to remove the remains within a further period of 56 days; or
- (c) within 56 days after any order is made by the county court under paragraph (7) any person, other than the undertaker, specified in the order fails to remove the remains; or
- (d) it is determined that the remains to which any such notice relates cannot be identified,

subject to paragraph (10) the undertaker must remove the remains and cause them to be re-interred in such burial ground or cemetery in which burials may legally take place as the undertaker thinks suitable for the purpose; and, so far as possible, remains from individual graves must be reinterred in individual containers which must be identifiable by a record prepared with reference to the original position of burial of the remains that they contain.

(10) If the undertaker is satisfied that any person giving notice under paragraph (5) is the personal representative or relative as that person claims to be and that the remains in question can be identified, but that person does not remove the remains, the undertaker must comply with any reasonable request that person may make in relation to the removal and re-interment or cremation of the remains.

(11) On the re-interment or cremation of any remains under this article—

- (a) a certificate of re-interment or cremation is to be sent by the undertaker to the Registrar General giving the date of re-interment or cremation and identifying the place from which the remains were removed and the place in which they were re-interred or cremated; and
- (b) a copy of the certificate of re-interment or cremation and the record mentioned in paragraph (9) is to be sent by the undertaker to the relevant planning authority mentioned in paragraph (4).

(12) No notice is required under paragraph (3) before the removal of any human remains where the undertaker is satisfied—

- (a) that the remains were interred more than 100 years ago; and
- (b) that no relative or personal representative of the deceased is likely to object to the remains being removed in accordance with this article.

(13) In this article—

- (a) references to a relative of the deceased are to a person who—
  - (i) is a husband, wife, civil partner, parent, grandparent, child or grandchild of the deceased; or
  - (ii) is, or is a child of, a brother, sister, uncle or aunt of the deceased.
- (b) references to a personal representative of the deceased are to a person who—
  - (i) is the lawful executor or executrix of the estate of the deceased; or
  - (ii) is the lawful administrator of the estate of the deceased.

(14) The removal of the remains of any deceased person under this article must be carried out in accordance with any directions which may be given by the Secretary of State.

(15) Any jurisdiction or function conferred on the county court by this article may be exercised by the district judge of the court.

(16) Section 25 (bodies not to be removed from burial grounds, save under faculty, without licence of Secretary of State)(a) of the Burial Act 1857 does not apply to a removal carried out in accordance with this article.

(17) Section 239 (use and development of burial grounds) of the 1990 Act applies—

- (a) in relation to land, other than a right over land, acquired for the purposes of the authorised development (whether or not by agreement), so as to permit use by the undertaker in accordance with the provisions of this Order; and
- (b) in relation to a right over land so acquired (whether or not by agreement), or the temporary use of land pursuant to articles 29 (temporary use of land for constructing the authorised development) or 30 (temporary use of land for maintaining the authorised development), so as to permit the exercise of that right or the temporary use by the undertaker in accordance with the provisions of this Order,

and in section 240(1) (provisions supplemental to ss.238 and 239) of the 1990 Act reference to “regulations made for the purposes of sections 238(3) and (4) and 239(2)” means, so far as applicable to land or a right over land acquired under this Order, paragraphs (2) to (15) of this article and in section 240(3) of the 1990 Act reference to a “statutory undertaker” includes the undertaker and reference to “any other enactment” includes this Order.

(18) The Town and Country Planning (Churches, Places of Worship and Burial Ground) Regulations 1950(b) do not apply to the authorised development.

### **Application of landlord and tenant law**

**37.**—(1) This article applies to—

- (a) any agreement for leasing to any person the whole or any part of the authorised development or the right to operate the same; and
- (b) any agreement entered into by the undertaker with any person for the construction, maintenance, use or operation of the authorised development, or any part of it,

so far as any such agreement relates to the terms on which any land which is the subject of a lease granted by or under that agreement is to be provided for that person’s use.

(2) No enactment or rule of law regulating the rights and obligations of landlords and tenants prejudices the operation of any agreement to which this article applies.

(3) No enactment or rule of law to which paragraph (2) applies is to apply in relation to the rights and obligations of the parties to any lease granted by or under any such agreement so as to—

- (a) exclude or in any respect modify any of the rights and obligations of those parties under the terms of the lease, whether with respect to the termination of the tenancy or any other matter;
- (b) confer or impose on any such party any right or obligation arising out of or connected with anything done or omitted on or in relation to land which is the subject of the lease, in addition to any such right or obligation provided for by the terms of the lease; or
- (c) restrict the enforcement (whether by action for damages or otherwise) by any party to the lease of any obligation of any other party under the lease.

### **Operational land for purposes of the Town and Country Planning Act 1990**

**38.** Development consent granted by this Order is to be treated as specific planning permission for the purposes of section 264(3)(a) of the 1990 Act (cases in which land is to be treated as operational land for the purposes of that Act).

---

(a) 1857 c. 81.  
(b) S.I. 1950/792.

## Planning permission

39. If planning permission is issued under the 1990 Act for development any part of which is within the Order limits following the publication of this Order that is—

- (a) not itself a nationally significant infrastructure project under the 2008 Act or part of such a project; and
- (b) required to complete or enable the construction, use or operation of the development authorised by this Order,

then the carrying out, use or operation of such development under the terms of the planning permission does not constitute a breach of the terms of this Order.

## Defence to proceedings in respect of statutory nuisance

40.—(1) Where proceedings are brought under section 82(1) of the Environmental Protection Act 1990(a) (summary proceedings by person aggrieved by statutory nuisance) in relation to a nuisance falling within paragraph (g) (noise emitted from premises so as to be prejudicial to health or a nuisance) of section 79(1) of that Act no order is to be made, and no fine may be imposed, under section 82(2) of that Act if—

- (a) the defendant shows that the nuisance—
  - (i) relates to premises used by the undertaker for the purposes of or in connection with the construction or maintenance of the authorised development and that the nuisance is attributable to the carrying out of the authorised development in accordance with a notice served under section 60 (control of noise on construction site), or a consent given under section 61 of the Control of Pollution Act 1974(b); or
  - (ii) relates to premises used by the undertaker for the purposes of or in connection with the construction or maintenance of the authorised development and that the nuisance is attributable to the carrying out of the authorised development in accordance with the controls and measures relating to noise as described in the code of construction practice or the construction environment management plan approved under Schedule 2 (Requirements) or in accordance with the noise levels set out in an environmental permit relating to the operation of the authorised development;
  - (iii) is a consequence of the construction or maintenance of the authorised development and that it cannot reasonably be avoided; or
  - (iv) is a consequence of complying with a requirement of this Order and that it cannot reasonably be avoided; or
- (b) the defendant shows that the nuisance is a consequence of the use of the authorised development and that it cannot be reasonably avoided.

(2) For the purposes of paragraph (1) above, compliance with the controls and measures relating to noise described in the code of construction practice and the construction environmental management plan will be sufficient, but not necessary, to show that an alleged nuisance could not reasonably be avoided.

(3) Where a relevant planning authority is acting in accordance with section 60(4) and section 61(4) of the Control of Pollution Act 1974 in relation to the construction of the authorised development then the local authority must also have regard to the controls and measures relating to noise referred to in the code of construction practice or the construction environmental management plan approved under Schedule 2 (Requirements).

(4) Section 61(9) (consent for work on construction site to include statement that it does not of itself constitute a defence to proceedings under section 82 of the Environmental Protection Act 1990) of the Control of Pollution Act 1974 does not apply where the consent relates to the use of

---

(a) 1990 c. 43.

(b) 1974 c. 40. Sections 61(9) and 65(8) were amended by section 162 of, and paragraph 15 of Schedule 3 to, the Environmental Protection Act 1990 c. 43. There are other amendments to the 1974 Act which are not relevant to this Order.

premises by the undertaker for the purposes of or in connection with the construction or maintenance of the authorised development.

(5) In this article “premises” has the same meaning as in section 79 of the Environmental Protection Act 1990(a).

### **Felling or lopping**

**41.**—(1) The undertaker may fell, lop, prune, coppice, pollard or reduce in height or width, any tree or shrub near any part of the authorised development, or cut back its roots, if it reasonably believes it to be necessary to do so to prevent the tree or shrub from—

- (a) obstructing or interfering with the construction, maintenance or operation of the authorised development or any apparatus used in connection with the authorised development; or
- (b) constituting a danger to persons using the authorised development.

(2) In carrying out any activity authorised by paragraph (1), the undertaker must not cause unnecessary damage to any tree or shrub and must pay compensation to any person who sustains any loss or damage arising from such activity for that loss or damage.

(3) The undertaker may, for the purpose of the authorised development—

- (a) subject to paragraph (2), remove any hedgerows within the Order limits that may be required for the purposes of carrying out the authorised development; and
- (b) only remove important hedgerows identified in Schedule 10 (Removal of important hedgerows) to the extent shown on the plans identified in Schedule 10.

(4) The power conferred by paragraph (3) removes any obligation upon the undertaker to secure any consent under the Hedgerows Regulations 1997(b) in undertaking works pursuant to paragraph 3(a) or (b).

(5) Any dispute as to a person’s entitlement to compensation under paragraph (2), or as to the amount of compensation, must be determined under Part 1 of the 1961 Act (determination of questions of disputed compensation).

(6) In this article “hedgerow” and “important hedgerow” have the meaning given in the Hedgerow Regulations 1997.

### **Trees subject to Tree Preservation Orders**

**42.**—(1) The undertaker may fell, lop or prune any part of any tree which is within, over or under land within the Order limits and which is described in Schedule 8 (trees subject to Tree Preservation Orders) and identified on the general arrangement plans, or cut back its roots, if it reasonably believes it to be necessary in order to prevent the tree—

- (a) from obstructing or interfering with the construction, maintenance or operation of the authorised development or any apparatus used in connection with the authorised development; or
- (b) from constituting a danger to persons using the authorised development.

(2) In carrying out any activity authorised by paragraph (1)—

- (a) the undertaker must do no unnecessary damage to any tree or shrub and must pay compensation to any person for any damage arising from such activity; and
- (b) the duty in section 206(1) of the 1990 Act (replacement of trees) must not apply.

(3) The authority given by paragraph (1) constitutes a deemed consent under the relevant tree preservation order.

---

(a) 1990 c. 43.

(b) S.I. 1997/1160, amended by section 73(2) of the Countryside and Rights of Way Act 2000 (c.37), S.I. 2003/2155, S.I. 2006/1177, S.I. 2009/1307, S.I. 2013/755 and S.I. 2015/377.

(4) Any dispute as to a person's entitlement to compensation under paragraph (2), or as to the amount of compensation, must be determined under Part 1 of the 1961 Act.

### **Protection of interests**

**43.** Schedule 9 (protective provisions) to the Order has effect.

### **Certification of documents, etc.**

**44.**—(1) As soon as practicable after the making of this Order, the undertaker must submit copies of each of the plans and documents set out in Schedule 11 (documents to be certified) to the Secretary of State for certification as true copies of those plans and documents.

(2) Where any plan or document set out in Schedule 11 requires to be amended to reflect the terms of the Secretary of State's decision to make the Order, that plan or document in the form amended to the Secretary of State's satisfaction is the version of the plan or document required to be certified under paragraph (1).

(3) A plan or document so certified will be admissible in any proceedings as evidence of the contents of the document of which it is a copy.

### **Service of notices**

**45.**—(1) A notice or other document required or authorised to be served for the purposes of this Order may be served—

- (a) by post;
- (b) by delivering it to the person on whom it is to be served or to whom it is to be given or supplied; or
- (c) with the consent of the recipient and subject to paragraphs (5) to (8) by electronic transmission.

(2) Where the person on whom a notice or other document to be served for the purposes of this Order is a body corporate, the notice or document is duly served if it is served on the secretary or clerk of that body.

(3) For the purposes of section 7 (references to services by post) of the Interpretation Act 1978<sup>(a)</sup> as it applies for the purposes of this article, the proper address of any person in relation to the service on that person of a notice or document under paragraph (1) is, if that person has given an address for service, that address, and otherwise—

- (a) in the case of the secretary or clerk of a body corporate, the registered or principal office of that body; and
- (b) in any other case, the last known address of that person at the time of service.

(4) Where for the purposes of this Order a notice or other document is required or authorised to be served on a person as having any interest in, or as the occupier of, land and the name or address of that person cannot be ascertained after reasonable enquiry, the notice may be served by—

- (a) addressing it to that person by name or by the description of "owner", or as the case may be "occupier", of the land (describing it); and
- (b) either leaving it in the hands of a person who is or appears to be resident or employed on the land or leaving it conspicuously affixed to some building or object on or near the land.

(5) Where a notice or other document required to be served or sent for the purposes of this Order is served or sent by electronic transmission the requirement will be taken to be fulfilled only where—

- (a) the recipient of the notice or other document to be transmitted has given consent to the use of electronic transmission in writing or by electronic transmission;

---

(a) 1978 c. 30.

- (b) the notice or document is capable of being accessed by the recipient;
- (c) the notice or document is legible in all material respects; and
- (d) the notice or document is in a form sufficiently permanent to be used for subsequent reference.

(6) Where the recipient of a notice or other document served or sent by electronic transmission notifies the sender within 7 days of receipt that the recipient requires a paper copy of all or part of that notice or other document the sender will provide such a copy as soon as reasonably practicable.

(7) Any consent to the use of electronic communication given by a person may be revoked by that person in accordance with paragraph (8).

(8) Where a person is no longer willing to accept the use of electronic transmission for any of the purposes of this Order—

- (a) that person must give notice in writing or by electronic transmission revoking any consent given by that person for that purpose; and
- (b) such revocation will be final and will take effect on a date specified by the person in the notice but that date must not be less than 7 days after the date on which the notice is given.

(9) This article will not be taken to exclude the employment of any method of service not expressly provided for by it.

(10) In this article “legible in all material respects” means that the information contained in the notice or document is available to that person to no lesser extent than it would be if served, given or supplied by means of a notice or document in printed form.

**No double recovery**

46. Compensation must not be payable in respect of the same matter both under this Order and under any other enactment, any contract or deed or any rule of law, or under two or more different provisions of this Order.

**Arbitration**

47. Except where otherwise expressly provided for in this Order and unless otherwise agreed in writing between the parties, any difference under any provision of this Order (other than a difference which falls to be determined by the tribunal) must be referred to and settled by a single arbitrator to be agreed between the parties or, failing agreement, to be appointed on the application of either party (after giving notice in writing to the other) by the Secretary of State.

## SCHEDULE 1

Article 3

### AUTHORISED DEVELOPMENT

A nationally significant infrastructure project as defined in sections 14 and 21 of the 2008 Act, and associated development as defined in section 115 of the 2008, comprising:

#### In the County of Hampshire

**Work No.1A** — Works to construct a high-pressure aviation fuel pipeline approximately 20 kilometres in length, starting at the indicative point shown on Sheet 1 of the Works Plans and ending at the indicative start point of Work No. 1B shown on Sheets 11/12 of the Works Plans and comprising—

- (a) construction and installation of the pipeline by trenched and trenchless methods which may include the installation of concrete-lined sleeve tunnels, reception shaft, launch shaft and backfilling of permanent structures; and
- (b) installation of pipeline marker posts and cathodic protection test posts along the pipeline route,

subject to the limits of deviation in article 6 (limits of deviation) and shown on Sheets 1 to 12 (inclusive) of the Works Plans.

**Work No.1B** — Works to construct a high-pressure aviation fuel pipeline approximately 15 kilometres in length, starting at the indicative end point of Work No. 1A shown on Sheets 11/12 of the Works Plans and ending at the indicative start point of Work No. 1C shown on Sheet 20 of the Works Plans and comprising—

- (a) construction and installation of the pipeline by trenched and trenchless methods which may include the installation of concrete-lined sleeve tunnels, reception shaft, launch shaft and backfilling of permanent structures; and
- (b) installation of pipeline marker posts and cathodic protection test posts along the pipeline route,

subject to the limits of deviation in article 6 (limits of deviation) and shown on Sheets 11 to 20 (inclusive) of the Works Plans

**Work No.1C** — Works to construct a high-pressure aviation fuel pipeline approximately 15 kilometres in length, starting at the indicative end point of Work No. 1B shown on Sheet 20 of the Works Plans and ending at the indicative start point of Work No. 1D shown on Sheet 28 of the Works Plans and comprising—

- (a) construction and installation of the pipeline by trenched and trenchless methods which may include the installation of concrete-lined sleeve tunnels, reception shaft, launch shaft and backfilling of permanent structures; and
- (b) installation of pipeline marker posts and cathodic protection test posts along the pipeline route,

subject to the limits of deviation in article 6 (limits of deviation) and shown on Sheets 20 to 28 (inclusive) of the Works Plans.

**Work No. 1D** — Works to construct a high-pressure aviation fuel pipeline approximately 9 kilometres in length, starting at the indicative end point of Work No. 1C shown on Sheet 28 of the Works Plans and ending at the indicative start point of Work No. 1E shown on Sheet 33 of the Works Plans and comprising—

- (a) construction and installation of the pipeline by trenched and trenchless methods which may include the installation of concrete-lined sleeve tunnels, reception shaft, launch shaft and backfilling of permanent structures; and
- (b) installation of pipeline marker posts and cathodic protection test posts along the pipeline route,

subject to the limits of deviation in article 6 (limits of deviation) and shown on Sheets 28 to 33 (inclusive) of the Works Plans.

**In the Counties of Hampshire and Surrey**

**Work No. 1Ei** — Works to construct a high-pressure aviation fuel pipeline approximately 6 kilometres in length, starting at the indicative end point of Work No. 1D shown on Sheet 33 of the Works Plans and ending at the indicative start point of Work No. 1Eii shown on Sheet 35 of the Works Plans and comprising—

- (a) construction and installation of the pipeline by trenched and trenchless methods which may include the installation of concrete-lined sleeve tunnels, reception shaft, launch shaft and backfilling of permanent structures; and
- (b) installation of pipeline marker posts and cathodic protection test posts along the pipeline route,

subject to the limits of deviation in article 6 (limits of deviation) and shown on Sheets 33 to 35 (inclusive) of the Works Plans.

**Work No. 1Eii** — Works to construct a high-pressure aviation fuel pipeline approximately 0.6 kilometres in length, starting at the indicative end point of Work No. 1Ei shown on Sheet 35 of the Works Plans and ending at the indicative start point of Work No. 1Eiii shown on Sheet 35 of the Works Plans and comprising—

- (a) construction and installation of the pipeline by trenched and trenchless methods which may include the installation of concrete-lined sleeve tunnels, reception shaft, launch shaft and backfilling of permanent structures; and
- (b) installation of pipeline marker posts and cathodic protection test posts along the pipeline route,

subject to the limits of deviation in article 6 (limits of deviation) and shown on Sheet 35 of the Works Plans.

**Work No. 1Eiii** — Works to construct a high-pressure aviation fuel pipeline approximately 2.4 kilometres in length, starting at the indicative end point of Work No. 1Eii shown on Sheet 35 of the Works Plans and ending at the indicative start point of Work No. 1F shown on Sheet 38 of the Works Plans and comprising—

- (a) construction and installation of the pipeline by trenched and trenchless methods which may include the installation of concrete-lined sleeve tunnels, reception shaft, launch shaft and backfilling of permanent structures; and
- (b) installation of pipeline marker posts and cathodic protection test posts along the pipeline route,

subject to the limits of deviation in article 6 (limits of deviation) and shown on Sheets 35 to 38 (inclusive) of the Works Plans.

**In the County of Surrey**

**Work No. 1F** — Works to construct a high-pressure aviation fuel pipeline approximately 17 kilometres in length, starting at the indicative end point of Work No. 1E shown on Sheet 38 of the Works Plans and ending at the indicative start point of Work No. 1G shown on Sheet 47 of the Works Plans and comprising—

- (a) construction and installation of the pipeline by trenched and trenchless methods which may include the installation of concrete-lined sleeve tunnels, reception shaft, launch shaft and backfilling of permanent structures; and

- (b) installation of pipeline marker posts and cathodic protection test posts along the pipeline route,

subject to the limits of deviation in article 6 (limits of deviation) and shown on Sheets 38 to 47 (inclusive) of the Works Plans.

**Work No. 1G** — Works to construct a high-pressure aviation fuel pipeline approximately 4 kilometres in length, starting at the indicative end point of Work No. 1F shown on Sheet 47 of the Works Plans and ending at the indicative start of point of Work No. 1H shown on Sheet 49 of the Works Plans and comprising—

- (a) construction and installation of the pipeline by trenched and trenchless methods which may include the installation of concrete-lined sleeve tunnels, reception shaft, launch shaft and backfilling of permanent structures; and
- (b) installation of pipeline marker posts and cathodic protection test posts along the pipeline route,

subject to the limits of deviation in article 6 (limits of deviation) and shown on Sheets 47 to 49 (inclusive) of the Works Plans.

#### **In the County of Surrey and the London Borough of Hounslow**

**Work No. 1H** — Works to construct a high-pressure aviation fuel pipeline approximately 8 kilometres in length, starting at the indicative end point of Work No. 1G shown on Sheet 49 of the Works Plans and ending at the indicative point shown on Sheet 53 of the Works Plans and comprising—

- (a) construction and installation of the pipeline by trenched and trenchless methods which may include the installation of concrete-lined sleeve tunnels, reception shaft, launch shaft and backfilling of permanent structures; and
- (b) installation of pipeline marker posts and cathodic protection test posts along the pipeline route,

subject to the limits of deviation in article 6 (limits of deviation) and shown on Sheets 49 to 53 (inclusive) of the Works Plans.

#### **In the County of Hampshire**

**Work No. 2A** — Works to construct an above ground valve within Work No. 3A, together with associated works, comprising an area of up to 3 metres by 2 metres, at the indicative point shown on Sheet 2 of the Works Plans, such associated works to include—

- (a) fencing;
- (b) up to two personnel gates;
- (c) below ground pipework;
- (d) above ground control boxes and below ground cable ducts; and
- (e) any other equipment as may be necessary or expedient in connection with the above.

**Work No. 2B** — Works to construct a partially buried concrete chamber containing a valve, together with associated works, comprising an area of up to 5 metres by 7 metres, at the indicative point shown on Sheet 4 of the Works Plans, such associated works to include—

- (a) fencing;
- (b) up to two personnel gates;
- (c) below ground pipework;
- (d) above ground control boxes and below ground cable ducts; and
- (e) any other equipment as may be necessary or expedient in connection with the above,

subject to the chamber, valve and associated works not exceeding approximately 2 metres in height in any case.

**Work No. 2C** — Works to construct a partially buried concrete chamber containing a valve, together with associated works, comprising an area of up to 5 metres by 7 metres, at the indicative point shown on Sheet 7 of the Works Plans, such associated works to include—

- (a) fencing;
- (b) up to two personnel gates;
- (c) below ground pipework;
- (d) above ground control boxes and below ground cable ducts; and
- (e) any other equipment as may be necessary or expedient in connection with the above,

subject to the chamber, valve and associated works not exceeding approximately 2 metres in height in any case.

**Work No. 2D** — Works to construct a partially buried concrete chamber containing a valve, together with associated works, comprising an area of up to 5 metres by 7 metres, at the indicative point shown on Sheet 12 of the Works Plans, such associated works to include—

- (a) fencing;
- (b) up to two personnel gates;
- (c) below ground pipework;
- (d) above ground control boxes and below ground cable ducts; and
- (e) any other equipment as may be necessary or expedient in connection with the above,

subject to the chamber, valve and associated works not exceeding approximately 2 metres in height in any case.

**Work No. 2E** — Works to construct a partially buried concrete chamber containing a valve, together with associated works, comprising an area of up to 5 metres by 7 metres, at the indicative point shown on Sheet 16 of the Works Plans, such associated works to include—

- (a) fencing;
- (b) up to two personnel gates;
- (c) below ground pipework;
- (d) above ground control boxes and below ground cable ducts; and
- (e) any other equipment as may be necessary or expedient in connection with the above,

subject to the chamber, valve and associated works not exceeding approximately 2 metres in height in any case.

**Work No. 2F** — Works to construct a partially buried pressure transducer, together with associated works, comprising an area of up to 5 metres by 7 metres, at the indicative point shown on Sheet 17 of the Works Plans, such associated works to include—

- (a) fencing;
- (b) up to two personnel gates;
- (c) below ground pipework;
- (d) above ground control boxes and below ground cable ducts; and
- (e) any other equipment as may be necessary or expedient in connection with the above,

subject to the pressure transducer and associated works not exceeding approximately 2 metres in height in any case.

**Work No. 2G** — Works to construct a partially buried concrete chamber containing a valve, together with associated works, comprising an area of up to 5 metres by 7 metres, at the indicative point shown on Sheet 20 of the Works Plans, such associated works to include—

- (a) fencing;
- (b) up to two personnel gates;
- (c) below ground pipework;

(d) above ground control boxes and below ground cable ducts; and  
(e) any other equipment as may be necessary or expedient in connection with the above,  
subject to the chamber, valve and associated works not exceeding approximately 2 metres in height in any case.

**Work No. 2H** — Works to construct an above ground valve within Work No. 3B, together with associated works, comprising an area of up to 3 metres by 2 metres, at the indicative point shown on Sheet 23 of the Works Plans, such associated works to include—

- (a) fencing;
- (b) up to two personnel gates;
- (c) below ground pipework;
- (d) above ground control boxes and below ground cable ducts; and
- (e) any other equipment as may be necessary or expedient in connection with the above.

**Work No. 2I** — Works to construct a partially buried concrete chamber containing a valve, together with associated works, comprising an area of up to 5 metres by 7 metres, at the indicative point shown on Sheets 31 and 102 of the Works Plans, such associated works to include—

- (a) fencing;
- (b) up to two personnel gates;
- (c) below ground pipework;
- (d) above ground control boxes and below ground cable ducts; and
- (e) any other equipment as may be necessary or expedient in connection with the above,

subject to the chamber, valve and associated works not exceeding approximately 2 metres in height in any case.

**Work No. 2J** — Works to construct a partially buried concrete chamber containing a valve, together with associated works, comprising an area of up to 5 metres by 7 metres, at the indicative point shown on Sheets 33 and 103 of the Works Plans, such associated works to include—

- (a) fencing;
- (b) up to two personnel gates;
- (c) below ground pipework;
- (d) above ground control boxes and below ground cable ducts; and
- (e) any other equipment as may be necessary or expedient in connection with the above,

subject to the chamber, valve and associated works not exceeding approximately 2 metres in height in any case.

### **In the County of Surrey**

**Work No. 2K** — Works to construct a partially buried concrete chamber containing a valve, together with associated works, comprising an area of up to 5 metres by 7 metres, at the indicative point shown on Sheets 36 and 112 of the Works Plans, such associated works to include—

- (a) fencing;
- (b) up to two personnel gates;
- (c) below ground pipework;
- (d) above ground control boxes and below ground cable ducts; and
- (e) any other equipment as may be necessary or expedient in connection with the above,

subject to the chamber, valve and associated works not exceeding approximately 2 metres in height in any case.

**Work No. 2L** — Works to construct a partially buried concrete chamber containing a valve, together with associated works, comprising an area of up to 5 metres by 7 metres, at the indicative point shown on Sheet 41 of the Works Plans, such associated works to include—

- (a) fencing;
- (b) up to two personnel gates;
- (c) below ground pipework;
- (d) above ground control boxes and below ground cable ducts; and
- (e) any other equipment as may be necessary or expedient in connection with the above,

subject to the chamber, valve and associated works not exceeding approximately 2 metres in height in any case.

**Work No. 2M** — Works to construct a partially buried concrete chamber containing a valve, together with associated works, comprising an area of up to 5 metres by 7 metres, at the indicative point shown on Sheet 43 of the Works Plans, such associated works to include—

- (a) fencing;
- (b) up to two personnel gates;
- (c) below ground pipework;
- (d) above ground control boxes and below ground cable ducts; and
- (e) any other equipment as may be necessary or expedient in connection with the above,

subject to the chamber, valve and associated works not exceeding approximately 2 metres in height in any case.

**Work No. 2N** — Works to construct a partially buried concrete chamber containing a valve, together with associated works, comprising an area of up to 5 metres by 7 metres, at the indicative point shown on Sheet 47 of the Works Plans, such associated works to include—

- (a) fencing;
- (b) two personnel gates;
- (c) below ground pipework;
- (d) above ground control boxes and below ground cable ducts; and
- (e) any other equipment as may be necessary or expedient in connection with the above,

subject to the chamber, valve and associated works not exceeding approximately 2 metres in height in any case.

**Work No. 2O** — Works to construct a partially buried concrete chamber containing a valve, together with associated works, comprising an area of up to 5 metres by 7 metres, at the indicative point shown on Sheets 51 and 124 of the Works Plans, such associated works to include—

- (a) fencing;
- (b) up to two personnel gates;
- (c) below ground pipework;
- (d) above ground control boxes and below ground cable ducts; and
- (e) any other equipment as may be necessary or expedient in connection with the above,

subject to the chamber, valve and associated works not exceeding approximately 2 metres in height in any case.

### **In the County of Hampshire**

**Work No. 3A** — Works to construct an Above Ground Installation at Boorley Green (“the Boorley Green AGI”), being a secure compound with an approximate area of 25 metres by 30 metres and a maximum height of 3 metres, comprising equipment for the reception and launching of pigs in connection with pipeline inspection, cleansing and monitoring, at the indicative point shown on Sheet 2 of the Works Plans, to include—

- (a) fencing (to an approximate height of 3 metres);
- (b) a double entrance gate;
- (c) up to two personnel gates;
- (d) below ground pipework;
- (e) above ground pipework, vessels, valves and instrumentation;
- (f) above ground control boxes and below ground cable ducts;
- (g) an internal access road;
- (h) changes to ground levels as may be necessary, including the provision of drainage works and the laying of hard standing; and
- (i) permanent widening of an access track off Netherhill Lane, and an extension of the access track to join the Boorley Green AGI.

**Work No. 3B** — Works to construct pipework, valves, pumps and any associated equipment, at the existing Alton Pumping Station, at the indicative point shown on Sheet 23 of the Works Plans.

**In the London Borough of Hounslow**

**Work No. 3C** — Works to construct pipework, valves, vessels and equipment for the reception and launching of pigs in connection with pipeline inspection, cleansing and monitoring, together with any associated equipment, at the existing West London Terminal Above Ground Installation, at the indicative point shown on Sheets 53 and 123 of the Works Plans.

**In the County of Hampshire**

**Work No. 4A** — Works to construct a temporary compound for use during the construction of the authorised development, comprising an area of up to 42 metres by 51 metres, at the indicative point shown on Sheet 1 of the Works Plans, to include—

- (a) office, welfare and security facilities;
- (b) a parking area for staff;
- (c) power supplies and temporary lighting;
- (d) pipe equipment and fittings storage;
- (e) plant storage;
- (f) a fabrication area;
- (g) a plant wheel wash area;
- (h) waste processing and management areas; and
- (i) fencing and gating (to an approximate height of 2.4 metres).

**Work No. 4B** — Works to construct a temporary compound for use during the construction of the authorised development, comprising an area of up to 60 metres by 62 metres, at the indicative point shown on Sheet 2 of the Works Plans, to include—

- (a) office, welfare and security facilities;

**Work No. 10F:** Works to construct a permanent access to Work No. 2F, together with provision for vehicular parking, off Headmore Lane, in the indicative location shown on Sheet 17 of the Works Plans.

**Work No. 10G:** Works to construct a permanent access to Work No. 2G, together with provision for vehicular parking, off the B3006 Selbourne Road, in the indicative location shown on Sheet 20 of the Works Plans.

**Work No. 10H:** Works to construct a permanent access to Work No. 2H, off the access road to Alton Pumping Station, in the indicative location shown on Sheet 23 of the Works Plans.

**Work No. 10I:** Works to construct a permanent access to Work No. 2I, off Bourley Road (at Tweseldown Racecourse) in the indicative location shown on Sheets 31 and 102 of the Works Plans.

**Work No. 10J:** Works to construct a permanent access to Work No. 2J, off Concord Road/Whittle Roundabout, in the indicative location shown on Sheets 33 and 103 of the Works Plans.

### **In the County of Surrey**

**Work No. 11A:** Works to construct a permanent access to Work No. 2K, together with provision for vehicular parking, along the access road to the SC Johnson Factory, off Frimley Green Road, in the indicative location shown on Sheets 36 and 112 of the Works Plans.

**Work No. 11B:** Works to construct a permanent access to Work No. 2L, off Guildford Road, in the indicative location shown on Sheet 41 of the Works Plans.

**Work No. 11C:** Works to construct a permanent access to Work No. 2M, together with provision for vehicular parking, off Steep Hill Lane, in the indicative location shown on Sheet 43 of the Works Plans.

**Work No. 11D:** Works to construct a permanent access to Work No. 2N, together with provision for vehicular parking, off The Knoll/Hanworth Lane, in the indicative location shown on Sheet 47 of the Works Plans.

**Work No. 11E:** Works to construct a permanent access to Work No. 2O, together with provision for vehicular parking off the B377 Ashford Road, in the indicative location shown on Sheets 51 and 124 of the Works Plans.

In connection with the construction of any of those works, further development within the Order limits which does not give rise to any materially new or materially different environmental effects to those assessed in the environmental statement consisting of—

- (a) site preparation works, site clearance (including fencing, vegetation removal, demolition of existing structures and the creation of alternative footpaths); earthworks (including soil stripping and storage and site levelling) and pre-construction drainage works;
- (b) installation of wires, cables, conductors, pipes and ducts;
- (c) establishment of winching points and installation of temporary scaffolding;
- (d) in relation to Works Nos. 1A to 1H (inclusive), 2A to 2O (inclusive) and 3A to 3C (inclusive), construction works including—
  - (i) surveying and setting out;
  - (ii) works to enable power supplies and temporary lighting;
  - (iii) establishment of temporary working areas;
  - (iv) installation of demarcation fencing/stockproof fencing/heras fencing or similar;
  - (v) trenchless works, drive and reception pits, hydraulic rams, rollers and brackets, pipe thrusters and winch;
  - (vi) topsoil and subsoil stripping and storage;
  - (vii) archaeological surveys/investigations and watching brief;
  - (viii) pipeline installation including pipe stringing, pipe bending, end preparation, front end welding, back end welding, fabrication welding, pipeline coating, pipeline trench excavation, dewatering activities, lower and lay, sand padding, backfilling, pipeline

- tie-ins, re-grading of soil, post construction drainage, cross-ripping and reinstatement of top-soil;
- (ix) filling, testing and dewatering test sections;
  - (x) aerial markers, cathodic protection test posts, sacrificial anodes and field boundary markers;
  - (xi) reinstating test locations;
  - (xii) removing demarcation fencing;
  - (xiii) reinstating boundary walls, hedges and fencing;
  - (xiv) final gauge plate and calliper surveys;
  - (xv) drying and commissioning pipelines; and
  - (xvi) demobilisation from site;
- (e) the carrying out of works to alter the layout of streets pursuant to article 9 (power to alter layout, etc. of streets) and of works to streets pursuant to article 10 (street works), as well as kerbing and paving, the provision of signals, road markings, traffic management measures and temporary roads;
  - (f) works required for the strengthening, improvement, maintenance, or reconstruction of any street;
  - (g) works to place, alter, remove or maintain street furniture;
  - (h) the construction of ramps, means of access, non-motorised links, footpaths, footways, bridleways, cycle tracks and crossing facilities;
  - (i) the construction of embankments, abutments, shafts, foundations, retaining walls, drainage, outfalls, ditches, pollution control devices, highway lighting, fencing and culverts;
  - (j) works to place, alter, divert, relocate, remove or maintain the position of apparatus, services, plant and other equipment in a street, or in other land, including mains, sewers, drains, pipes, lights and cables;

  - (l) works to rebuild recreational playground facilities, garden sheds, fences and other buildings and structures;
  - (m) landscaping, noise barriers, works associated with the provision of ecological mitigation and other works to mitigate any adverse effects of the construction, maintenance or operation of the authorised development;
  - (n) works for the benefit or protection of land, structures, apparatus or equipment affected by the authorised development;
  - (o) the felling, planting and maintenance of trees and hedgerows;
  - (p) establishment of site construction compounds, storage areas, temporary vehicle parking, construction fencing, perimeter enclosure, security fencing, construction related buildings, welfare facilities, construction lighting, haulage roads and other machinery, apparatus, works and conveniences; and
  - (q) such other works, including scaffolding, working sites storage areas, works of demolition or works of whatever nature, as may be necessary or expedient for the purposes of, or for purposes associated with or ancillary to, the construction, operation or maintenance of the authorised development.

## SCHEDULE 2 REQUIREMENTS

Article 3

### PART 1 REQUIREMENTS

#### **Interpretation**

**1. In this Part—**

“archaeological mitigation strategy” means the strategy of that description set out in Schedule 11 (documents to be certified) and certified as the archaeological mitigation strategy by the Secretary of State for the purposes of this Order;

“CEMP” means the construction environmental management plan;

“contamination” means contamination of any land (including groundwater) within the Order limits which has not been previously identified in the environmental statement which is in the reasonable opinion of the undertaker likely to affect the construction of the authorised development and/or cause significant harm to persons or pollution of controlled waters or the environment;

“European protected species” has the same meaning as in regulations 42 (European protected species of animals) and 46 (European protected species of plants) of the Conservation of Habitats and Species Regulations 2017(a);

“indicative layout drawings” means the drawings of that description set out in Schedule 11 (documents to be certified) and certified by the Secretary of State as the indicative layout drawings;

“nationally protected species” means any species protected under the Wildlife and Countryside Act 1981(b);

“the outline CEMP” means the document of that description set out in Schedule 11 (documents to be certified) and certified as the outline CEMP by the Secretary of State for the purposes of this Order;

“REAC” means the register of environmental actions and commitments which forms part of the environmental statement;

“SSSI working plans” means the plans of that description showing the method of working in sites of special scientific interest as set out in Annex B of the Habitats Regulations Assessment; and

“stage” means a defined section or part of the authorised development, the extent of which is shown in a scheme submitted to the relevant planning authority pursuant to Requirement 3 (stages of authorised development).

#### **Time limits**

**2.** The authorised development must be commenced within five years of the date that this Order comes into force.

---

(a) S.I. 2017/1012.

(b) 1981 c. 69.

### **Stages of authorised development**

3. The authorised development may not commence until a written scheme setting out all stages of the authorised development relevant to it has been submitted to the relevant planning authority.

### **Scheme design**

4.—(1) Works Nos. 2B to 2G (inclusive) and 2I to 2O (inclusive), 3A, 4A to 4AE (inclusive), 5A to 5T (inclusive), 6A to 6C (inclusive) and 7A to 7C (inclusive) must be carried out in general accordance with the indicative layout drawings.

(2) The authorised development will not be in general accordance with the indicative layout drawings if any departure from the indicative layout drawings would give rise to any materially new or materially different environmental effects from those assessed in the environmental statement.

### **Code of construction practice**

5. The authorised development must be undertaken in accordance with the code of construction practice, or with such changes to that document as agreed by the relevant planning authority.

### **Construction environmental management plan**

6.—(1) No stage of the authorised development must commence until a CEMP relating to that stage has been submitted to and approved by the relevant planning authority.

(2) The CEMP must be substantially in accordance with the outline CEMP and, so far as relevant to that stage, must—

- (a) reflect the mitigation measures set out in the REAC;
- (b) contain a record of all sensitive environmental features that have the potential to be affected by the construction of the authorised development;
- (c) contain details of local community liaison responsibilities; and
- (d) include the following management plans and measures—
  - (i) emergency action plan;
  - (ii) erosion and sediment control plan;
  - (iii) water mitigation and management measures;
  - (iv) site waste management plan;
  - (v) soil management plan;
  - (vi) community engagement plan;
  - (vii) dust management plan;
  - (viii) noise and vibration management plan; and
  - (ix) arboricultural management plan.

(3) The construction of the authorised development must be carried out in accordance with the approved CEMP.

### **Construction traffic**

7.—(1) Save in respect of matters approved in accordance with article 12 (temporary stopping up of streets and temporary rights of way) no stage of the authorised development must commence until, for that stage, a construction traffic management plan (“CTMP”) has been submitted to and approved by the relevant highway authority. The CTMP for each stage must reflect the mitigation measures set out in the REAC.

(2) The CTMP for each stage must be implemented as approved.

### **Hedgerows and trees**

**8.**—(1) For any stage of the authorised development that would affect any hedgerow or tree—

- (a) the removal of all hedgerows and trees must be undertaken in accordance with the code of construction practice; and
- (b) the reinstatement of all hedgerows and trees must be undertaken in accordance with a written plan of reinstatement to be prepared by the undertaker in accordance with paragraph (2).

(2) The written plan of reinstatement referred to in paragraph 8(1)(b) must form part of the landscape and ecological management plan approved in accordance with Requirement 12 (landscape and ecological management plan).

(3) Any hedgerow or tree planting which is part of an approved reinstatement plan that, within a period of three years beginning with the date of planting, is removed, uprooted, destroyed, dies or (in the reasonable opinion of the relevant planning authority) becomes seriously damaged or defective, must be replaced with planting material of the same specification as that originally planted.

### **Surface and foul water drainage**

**9.**—(1) No stage of the authorised development must commence until, for that stage, written details of any surface and foul water drainage system (including means of pollution control) for any permanent works have, in accordance with the REAC, been submitted to and approved by the sewerage and/or drainage authority or, where applicable, the Environment Agency.

(2) The surface water drainage system for each stage must be constructed in accordance with the approved details.

(3) No discharge of water under article 17 (discharge of water) must be made until details of the location and rate of discharge have been submitted to and approved in writing by the relevant planning authority in consultation with the Environment Agency and the sewerage and drainage authority.

### **Contaminated land and groundwater**

**10.**—(1) In the event that contamination is found at any time when carrying out the authorised development it must be reported in writing to the relevant planning authority.

(2) Where contamination has been reported to the relevant planning authority in accordance with paragraph (1), an investigation and risk assessment must be completed in accordance with a scheme to assess the nature and extent of any contamination on the part of the Order limits within which works are being carried out, whether or not that contamination originates on that part of the Order limits; and—

- (a) the contents of that scheme are subject to the approval of the relevant planning authority; and
- (b) that investigation and risk assessment must be undertaken in accordance with the approved scheme and a written report of the findings must be submitted to the relevant planning authority.

(3) Where remediation is required to control or prevent the release or potential release of contamination as a result of the works, a detailed remediation scheme must be prepared and submitted for the approval of the relevant planning authority.

(4) The approved remediation scheme must be carried out in accordance with its terms.

### **Archaeology**

**11.**—(1) The authorised development must be undertaken in accordance with the archeological mitigation strategy.

(2) No stage of the authorised development must commence until a written scheme for the investigation of areas of archaeological interest relevant to that stage (if any) as identified in the archaeological mitigation strategy has been submitted to and approved by the relevant planning authority.

(3) The written scheme must reflect the measures set out in the archaeological mitigation strategy.

(4) The written scheme must identify areas where archaeological works are required and the measures to be taken to protect, record or preserve any significant archaeological remains that may be found and must include an implementation timetable.

(5) Any archaeological works carried out under the scheme must be carried out by a suitably qualified person or body and approved by the relevant planning authority.

(6) Any archaeological works must be carried out in accordance with the approved scheme.

### **Landscape and Ecological Management Plan**

**12.**—(1) Subject to sub-paragraph (3), no stage of the authorised development must commence until, for that stage, a written landscape and ecological management plan reflecting the survey results and ecological mitigation and other measures included in the REAC, including the SSSI working plans, has been submitted to and approved by the relevant planning authority.

(2) The landscape and ecological management plan must include an implementation timetable and must be carried out as approved.

(3) Sub-paragraph (1) only applies to those stages of the authorised development in respect of which any landscape and ecological management measures are to be implemented by the undertaker, as identified in the environmental statement.

### **Protected species**

**13.**—(1) In the event that any protected species which were not previously identified in the environmental statement are found at any time when carrying out the authorised development the undertaker must cease construction works and report it immediately to the Environmental Clerk of Works.

(2) The undertaker must prepare a written scheme for the protection and mitigation measures for any protected species that were not previously identified in the environmental statement.

(3) The undertaker must implement the written scheme prepared under sub-paragraph (2) immediately and construction in the area specified in the written scheme must not recommence until any necessary licences are obtained to enable mitigation measures to be implemented.

### **Construction hours**

**14.**—(1) Subject to Requirements 14(3) and 14(4), construction works must only take place between 0700 and 1900 on weekdays and Saturdays except in the event of an emergency.

(2) In the event of an emergency, notification of that emergency must be given to the relevant planning authority as soon as practicable.

(3) The following operations may take place outside the working hours referred to in Requirement 14(1)—

- (a) tunnel boring (including associated spoil movement within the Order limits) and trenchless construction techniques which cannot be interrupted;
- (b) filling, testing, dewatering and drying;
- (c) dewatering activities;
- (d) works required to mitigate delays to the construction of the authorised development due to extreme weather conditions; and
- (e) commissioning of the pipeline works.

- (4) Nothing in requirement 14(1) above precludes—
- (a) the receipt of oversize deliveries to site, the arrival and departure of personnel to and from site, on-site meetings or briefings, and the use of welfare facilities and non-intrusive activities; and
  - (b) start-up and shut-down activities up to an hour either side of the core working hours.
- (5) In this Requirement—
- (a) “emergency” means a situation where, if the relevant action is not taken, there will be adverse health, safety, security or environmental consequences that in the reasonable opinion of the undertaker would outweigh the adverse effects to the public (whether individuals, classes or generally as the case may be) of taking that action; and
  - (b) “non-intrusive activities” means activities which would not create any discernible light, noise or vibration outside the Order limits.

### **Written approval**

15. Where under any of the Requirements the written approval or agreement of the relevant planning authority or another person or authority is required, that approval or agreement must be given in writing.

### **Amendments to approved details**

16.—(1) With respect to any Requirement which requires the authorised development to be carried out in accordance with the details approved by the relevant planning authority or another approval authority, the approved details must be carried out as approved unless an application for an amendment or variation is previously agreed, by the relevant planning authority or that other approval authority as specified in the relevant Requirement, in accordance with sub-paragraph (2) and in consultation with any body specified in the relevant Requirement.

(2) No amendments to or variations from the approved details may be approved if their likely significant effects on the environment are not assessed in the environmental statement, or have not been subject to such further assessment as the relevant planning authority or that other approval authority may require; provided that such approval must not be given except where it has been demonstrated that the subject-matter of the approval sought is unlikely to give rise to any materially new or materially different environmental effects in comparison with the authorised development as approved (as identified in the environmental statement).

(3) The approved details must be taken to include any amendments that may subsequently be approved by the relevant planning authority or that other approval authority.

(4) Subject to paragraph (2), if a relevant planning authority which receives an application for approval of any amendments to approved details under paragraph (1) fails to notify the undertaker of its decision before the end of the period of 28 days beginning with the date on which the application was made, it is deemed to have granted consent.

### **Anticipatory steps towards compliance with any requirement**

17. If, before the coming into force of this Order, the undertaker or any other person has taken any steps towards compliance with any provision of Part 1 of this Schedule, those steps may be taken into account for the purpose of determining compliance with that provision if they would have been valid steps for that purpose had they been taken after this Order came into force.

## PART 2

### PROCEDURE FOR DISCHARGE OF REQUIREMENTS

#### **Applications made under Requirements**

**18.**—(1) Where an application has been made to a relevant authority for any consent, agreement or approval under a Requirement, the relevant authority must give notice to the undertaker of its decision on the application within a period of 28 days beginning with—

- (a) where no further information is requested under paragraph (20), the day immediately following that on which the application is received by the authority;
- (b) where further information is requested under paragraph (20), the day immediately following that on which further information has been supplied by the undertaker; or
- (c) such longer period as may be agreed in writing by the undertaker and the relevant authority.

(2) In the event that the relevant authority does not determine an application within the period set out in sub-paragraph (1), the relevant authority is taken to have granted all parts of the application (without any condition or qualification) at the end of that period unless otherwise agreed in writing.

#### **Applications involving multiple relevant authorities under Requirements**

**19.** Without limiting the scope of paragraph 18 above, where an application is required to be made to more than one relevant authority for any single consent, agreement or approval under a Requirement, the undertaker may submit a request for comments in respect of its proposed application to each relevant authority and, where it does so, each relevant authority must provide its comments in writing on the proposed application within a period of 20 days beginning with the day immediately following that on which the request is received by the authority, so as to enable the undertaker to prepare a consolidated application to each relevant authority in respect of the consent, agreement or approval required by the Requirement.

#### **Further information**

**20.**—(1) Where an application has been made under paragraphs (18) the relevant authority may, subject to complying with the requirements of this paragraph, request such reasonable further information from the undertaker as it considers is necessary to enable it to consider the application.

(2) If the relevant authority considers further information is necessary and the Requirement does not specify that consultation with a requirement consultee is required, the relevant authority must, within 2 business days of receipt of the application, notify the undertaker in writing specifying the further information required.

(3) If the Requirement specifies that consultation with a requirement consultee is required, the relevant authority must issue the consultation to the requirement consultee within 2 business days of receipt of the application and must notify the undertaker in writing specifying any further information requested by the requirement consultee within 2 business days of receipt of such a request and in any event within 21 business days of receipt of the application.

(4) If the relevant authority does not give the notification mentioned in sub-paragraphs (3) or (4) or otherwise fails to request any further information within the timescales provided for in this paragraph, it is deemed to have sufficient information to consider the application and is not thereafter entitled to request further information without the prior agreement of the undertaker.

## Fees

**21.**—(1) Where an application or a request for comments is made to a relevant planning authority for any consent, agreement or approval required by a Requirement, a fee must be paid to the relevant planning authority as follows—

- (a) such fee as may be prescribed (under sections 303 and 333(2A) of the 1990 Act for the discharge of conditions attached to a planning permission); or
- (b) a fee of £97 per application or request.

(2) Any fee paid under this Schedule must be refunded to the undertaker within 35 days of—

- (a) the application or request being rejected as invalidly made; or
- (b) the relevant planning authority failing to determine the application or to provide written comments within 28 days from the date on which the application or the request for comments is received, unless within that period the undertaker agrees in writing that the fee may be retained by the relevant planning authority and credited in respect of a future application or a future request for comments.

## Appeals

**22.**—(1) The undertaker may appeal if—

- (a) the relevant authority refuses an application for—
  - (i) any consent, agreement or approval required by a Requirement or any document referred to in any Requirement; or
  - (ii) any other consent, agreement or approval required under this Order, or grants it subject to conditions to which the undertaker objects;
- (b) having received a request for further information under paragraph 20 the undertaker considers that either the whole or part of the specified information requested by the relevant authority is not necessary for consideration of the application; or
- (c) having received any further information requested, the relevant authority notifies the undertaker that the information provided is inadequate and requests additional information which the undertaker considers is not necessary for consideration of the application.

(2) The procedure for appeals is as follows—

- (a) the undertaker must submit to the Secretary of State a copy of the application submitted to the relevant authority and any supporting documents which the undertaker may wish to provide (“the appeal documents”);
- (b) the undertaker must on the same day provide copies of the appeal documents to the relevant authority and the requirement consultee (if applicable);
- (c) within 28 days of receiving the appeals documents the Secretary of State must appoint a person to determine the appeal (“the appointed person”) and notify the appeal parties of the identity of the appointed person and the address to which all correspondence for the appointed person must be sent;
- (d) the relevant authority and the requirement consultee (if applicable) may submit any written representations in respect of the appeal to the appointed person within 10 business days beginning with the first day immediately following the date on which the appeal parties are notified of the appointment of the appointed person and must ensure that copies of their written representations are sent to each other and to the undertaker on the day on which they are submitted to the appointed person;
- (e) the appeal parties may make any counter-submissions to the appointed person within 10 business days beginning with the first day immediately following the date of receipt of written representations pursuant to sub-paragraph (d) above; and
- (f) the appointed person must make a decision and notify it to the appeal parties, with reasons, as soon as reasonably practicable.

(3) If the appointed person considers that further information is necessary to consider the appeal, the appointed person must as soon as practicable notify the appeal parties in writing specifying the further information required, the appeal party from whom the information is sought, and the date by which the information must be submitted.

(4) Any further information required pursuant to sub-paragraph (3) must be provided by the party from whom the information is sought to the appointed person and to the other appeal parties by the date specified by the appointed person.

(5) The appeal parties may submit written representations to the appointed person concerning matters contained in the further information.

(6) Any such representations must be submitted to the appointed person and made available to all appeal parties within 10 business days of the date mentioned in sub-paragraph (3).

### **Outcome of appeals**

**23.**—(1) On an appeal under paragraph 22, the appointed person may—

- (a) allow or dismiss the appeal; or
- (b) reverse or vary any part of the decision of the relevant authority (whether the appeal relates to that part of it or not),

and may deal with the application as if it had been made to the appointed person in the first instance.

(2) The appointed person may proceed to a decision on an appeal taking into account only such written representations as have been sent within the time limits prescribed, or set by the appointed person under paragraph 22.

(3) The appointed person may proceed to a decision even though no written representations have been made within those time limits if it appears to the appointed person that there is sufficient material to enable a decision to be made on the merits of the case.

(4) The decision of the appointed person on an appeal is final and binding on the parties, and a court may entertain proceedings for questioning the decision only if the proceedings are brought by a claim for judicial review within 6 weeks of the date of the appointed person's decision.

(5) Any consent, agreement or approval given by the appointed person pursuant to this Schedule is deemed to be an approval for the purpose of Part 1 of Schedule 2 (Requirements) as if it had been given by the relevant authority.

(6) The relevant authority may confirm any determination given by the appointed person in identical form in writing but a failure to give such confirmation (or a failure to give it in identical form) does not affect or invalidate the effect of the appointed person's determination.

(7) Except where a direction is given pursuant to sub-paragraph (8) requiring the costs of the appointed person to be paid by the relevant authority, the reasonable costs of the appointed person must be met by the undertaker.

(8) On application by the relevant authority or the undertaker, the appointed person may give directions as to the costs of the appeal parties and as to the parties by whom the costs of the appeal are to be paid. In considering whether to make any such direction as to the costs of the appeal parties and the terms on which it is made, the appointed person must have regard to the DCLG Planning Practice Guidance (July 2013) or any guidance which may from time to time replace it.

**24.** In this Part—

“the appeal parties” means the relevant authority, the requirement consultee and the undertaker;

“relevant authority” means the body responsible for giving a consent, agreement or approval under this schedule; and

“requirement consultee” means any body named in a Requirement which is the subject of an appeal as a body to be consulted by the relevant authority in discharging that Requirement.

**MODIFICATION OF COMPENSATION AND COMPULSORY  
PURCHASE ENACTMENTS FOR CREATION OF NEW RIGHTS  
AND IMPOSITION OF RESTRICTIVE COVENANTS**

*Compensation enactments*

**1.** The enactments for the time being in force with respect to compensation for the compulsory purchase of land apply, with the necessary modifications as respects compensation, in the case of a compulsory acquisition under this Order of a right by the creation of a new right or the imposition of a restrictive covenant as they apply in respect of compensation on the compulsory purchase of land and interests in land.

**2.—**(1) Without limitation on the scope of paragraph 1, the 1961 Act has effect subject to the modification set out in sub-paragraph (2).

(2) For section 5A(5A) (relevant valuation date) of the 1961 Act substitute—

“(5A) If—

- (a) the acquiring authority enters on land for the purpose of exercising a right in pursuance of a notice of entry under section 11(1) of the 1965 Act (as modified by paragraph 5(5) of Schedule 6 to the Southampton to London Pipeline Development Consent Order 201[ ] (“the 201[ ] Order”);
- (b) the acquiring authority is subsequently required by a determination under paragraph 12 of Schedule 2A to the 1965 Act (as substituted by paragraph 5(8) of Schedule 7 to the 2018 Order to acquire an interest in the land; and
- (c) the acquiring authority enters on and takes possession of that land,

the authority is deemed for the purposes of subsection (3)(a) to have entered on that land when it entered on that land for the purpose of exercising that right.”.

**3.—**(1) Without limitation on the scope of paragraph 1, the Land Compensation Act 1973(a) has effect subject to the modifications set out in sub-paragraph (2).

(2) In section 44(1) (compensation for injurious affection), as it applies to compensation for injurious affection under section 7 (measure of compensation in case of severance) of the 1965 Act as substituted by paragraph 5(3)—

- (a) for “land is acquired or taken from” substitute “a right or restrictive covenant over land is purchased from or imposed on”; and
- (b) for “acquired or taken from him” substitute “over which the right is exercisable or the restrictive covenant enforceable”.

*Application of the 1965 Act*

**4.** Part 1 (compulsory purchase under Acquisition of Land Act 1946) of the 1965 Act as applied by section 125 (application of compulsory acquisition provisions) of the 2008 Act (and modified by article 26 (modification of Part 1 of the 1965 Act)) to the acquisition of land under article 21 (compulsory acquisition of land), applies to the compulsory acquisition of a right by the creation of a new right, or to the imposition of a restrictive covenant under article 22 (compulsory acquisition of rights and restrictive covenants)—

- (a) with the modifications specified in paragraph 5; and

---

(a) 1973 c. 26.

(b) with such other modifications as may be necessary.

5.—(1) The modifications referred to in paragraph 4(a) are as follows.

(2) References in the 1965 Act to land are, in the appropriate contexts, to be read (according to the requirements of the context) as referring to, or as including references to—

- (a) the right acquired or to be acquired, or the restrictive covenant imposed or to be imposed; or
- (b) the land over which the right is or is to be exercisable, or the restrictive covenant is or is to be enforceable.

(3) For section 7 (measure of compensation) of the 1965 Act substitute—

“7. In assessing the compensation to be paid by the acquiring authority under this Act, regard must be had not only to the extent (if any) to which the value of the land over which the right is to be acquired or the restrictive covenant is to be imposed is depreciated by the acquisition of the right or the imposition of the covenant but also to the damage (if any) to be sustained by the owner of the land by reason of its severance from other land of the owner, or injuriously affecting that other land by the exercise of the powers conferred by this or the special Act.”.

(4) The following provisions of the 1965 Act (which state the effect of a deed poll executed in various circumstances where there is no conveyance by persons with interests in the land), that is to say—

- (a) section 9(4) (failure by owners to convey);
- (b) paragraph 10(3) of Schedule 1 (owners under incapacity);
- (c) paragraph 2(3) of Schedule 2 (absent and untraced owners); and
- (d) paragraphs 2(3) and 7(2) of Schedule 4 (common land),

are modified so as to secure that, as against persons with interests in the land which are expressed to be overridden by the deed, the right which is to be compulsorily acquired or the restrictive covenant which is to be imposed is vested absolutely in the acquiring authority.

(5) Section 11(a) (powers of entry) of the 1965 Act is modified so as to secure that, where the acquiring authority has served notice to treat in respect of any right or restrictive covenant, as well as the notice of entry required by subsection (1) of that section (as it applies to compulsory acquisition under article 20), it has power, exercisable in equivalent circumstances and subject to equivalent conditions, to enter for the purpose of exercising that right or enforcing that restrictive covenant; and sections 11A(b) (powers of entry: further notices of entry), 11B(c) (counter-notice requiring possession to be taken on specified date), 12(d) (penalty for unauthorised entry) and 13(e) (entry on warrant in the event of obstruction) of the 1965 Act are modified correspondingly.

(6) Section 20(f) (tenants at will, etc.) of the 1965 Act applies with the modifications necessary to secure that persons with such interests in land as are mentioned in that section are compensated in a manner corresponding to that in which they would be compensated on a compulsory acquisition under this Order of that land, but taking into account only the extent (if any) of such interference with such an interest as is actually caused, or likely to be caused, by the exercise of the right or the enforcement of the restrictive covenant in question.

(7) Section 22 (interests omitted from purchase) of the 1965 Act as modified by article 25(4) is also modified so as to enable the acquiring authority in circumstances corresponding to those

- 
- (a) Section 11 was amended by section 34(1) of, and Schedule 4 to, the Acquisition of Land Act 1981 (c. 67), section 3 of, and Part 1 of Schedule 1 to, the Housing (Consequential Provisions) Act 1985 (c. 71), section 14 of, and paragraph 12(1) of Schedule 5 to, the Church of England (Miscellaneous Provisions) Measure 2006 (No.1) and S.I. 2009/1307.
  - (b) Section 11A was inserted by section 186(3) of the Housing and Planning Act 2016 (c. 22).
  - (c) Section 11B was inserted by section 187(2) of the Housing and Planning Act 2016 (c. 22).
  - (d) Section 12 was amended by section 56(2) of, and Part 1 of Schedule 9 to, the Courts Act 1971 (c. 23).
  - (e) Section 13 was amended by sections 62(3), 139(4) to (9) and 146 of, and paragraphs 27 and 28 of Schedule 13 and Part 3 of Schedule 23 to, the Tribunals, Courts and Enforcement Act 2007 (c. 15).
  - (f) Section 20 was amended by paragraph 4 of Schedule 15 to the Planning and Compensation Act 1991 (c. 34) and S.I. 2009/1307.

referred to in that section, to continue to be entitled to exercise the right acquired or enforce the restrictive covenant imposed, subject to compliance with that section as respects compensation.

(8) For Schedule 2A of the 1965 Act substitute—

## “SCHEDULE 2A COUNTER-NOTICE REQUIRING PURCHASE OF LAND

### *Introduction*

**1.**—(1) This Schedule applies where an acquiring authority serves a notice to treat in respect of a right over, or restrictive covenant affecting, the whole or part of a house, building or factory and has not executed a general vesting declaration under section 4 of the Compulsory Purchase (Vesting Declarations) Act 1981 as applied by article 26 (application of the 1981 Act) of the Southampton to London Pipeline Development Consent Order 201[ ] in respect of the land to which the notice to treat relates.

(2) But see article 27(3) (acquisition of subsoil and airspace only) of the Southampton to London Pipeline Development Consent Order 201[ ] which excludes the acquisition of subsoil or airspace only from this Schedule.

**2.** In this Schedule, “house” includes any park or garden belonging to a house.

### *Counter-notice requiring purchase of land*

**3.** A person who is able to sell the house, building or factory (“the owner”) may serve a counter-notice requiring the acquiring authority to purchase the owner’s interest in the house, building or factory.

**4.** A counter-notice under paragraph 3 must be served within the period of 28 days beginning with the day on which the notice to treat was served.

### *Response to counter-notice*

**5.** On receiving a counter-notice, the acquiring authority must decide whether to—

- (a) withdraw the notice to treat,
- (b) accept the counter-notice, or
- (c) refer the counter-notice to the Upper Tribunal.

**6.** The acquiring authority must serve notice of their decision on the owner within the period of 3 months beginning with the day on which the counter-notice is served (“the decision period”).

**7.** If the acquiring authority decides to refer the counter-notice to the Upper Tribunal it must do so within the decision period.

**8.** If the acquiring authority does not serve notice of a decision within the decision period it is to be treated as if it had served notice of a decision to withdraw the notice to treat at the end of that period.

**9.** If the acquiring authority serves notice of a decision to accept the counter-notice, the compulsory purchase order and the notice to treat are to have effect as if they included the owner’s interest in the house, building or factory.

*Determination by Upper Tribunal*

**10.** On a referral under paragraph 7, the Upper Tribunal must determine whether the acquisition of the right or the imposition of the restrictive covenant would—

- (a) in the case of a house, building or factory, cause material detriment to the house, building or factory, or
- (b) in the case of a park or garden, seriously affect the amenity or convenience of the house to which the park or garden belongs.

**11.** In making its determination, the Upper Tribunal must take into account—

- (a) the effect of the acquisition of the right or the imposition of the covenant,
- (b) the proposed use of the right or covenant, and
- (c) if the right or covenant is proposed to be acquired or imposed for works or other purposes extending to other land, the effect of the whole of the works and the use of the other land.

**12.** If the Upper Tribunal determines that the acquisition of the right or the imposition of the covenant would have either of the consequences described in paragraph 10, it must determine how much of the house, building or factory the acquiring authority ought to be required to take.

**13.** If the Upper Tribunal determines that the acquiring authority ought to be required to take some or all of the house, building or factory, the compulsory purchase order and the notice to treat are to have effect as if they included the owner's interest in that land.

**14.—**(1) If the Upper Tribunal determines that the acquiring authority ought to be required to take some or all of the house, building or factory, the acquiring authority may at any time within the period of 6 weeks beginning with the day on which the Upper Tribunal makes its determination withdraw the notice to treat in relation to that land.

(2) If the acquiring authority withdraws the notice to treat under this paragraph it must pay the person on whom the notice was served compensation for any loss or expense caused by the giving and withdrawal of the notice.

(3) Any dispute as to the compensation is to be determined by the Upper Tribunal.”.

## SCHEDULE 9

Articles 33 and 43

### PROTECTIVE PROVISIONS

#### PART 1

#### FOR THE PROTECTION OF ELECTRICITY, GAS, WATER AND SEWAGE UNDERTAKERS

1. For the protection of the utility undertakers referred to in this Part of this Schedule the following provisions have effect, unless otherwise agreed in writing between the undertaker and the utility undertaker concerned.

2. In this Part of this Schedule—

“alternative apparatus” means alternative apparatus adequate to enable the utility undertaker in question to fulfil its statutory functions in a manner no less efficient than previously;

“apparatus” means—

- (a) in the case of an electricity undertaker, electric lines or electrical plant (as defined in the Electricity Act 1989(a)), belonging to or maintained by that undertaker;
- (b) in the case of a gas undertaker, any mains, pipes or other apparatus belonging to or maintained by a gas transporter within the meaning of Part 1 of the Gas Act 1986(b) for the purposes of gas supply;
- (c) in the case of a water undertaker, mains, pipes or other apparatus belonging to or maintained by that undertaker for the purposes of water supply; and
- (d) in the case of a sewerage undertaker—
  - (i) any drain or works vested in the undertaker under the Water Industry Act 1991(c); and
  - (ii) any sewer which is so vested or is the subject of a notice of intention to adopt given under section 102(4) of that Act or an agreement to adopt made under section 104 of that Act,

and includes a sludge main, disposal main (within the meaning of section 219 of that Act) or sewer outfall and any manholes, ventilating shafts, pumps or other accessories forming part of any such sewer, drain or works, and in each case includes any structure in which apparatus is or is to be lodged or which gives or will give access to apparatus;

“functions” includes powers and duties;

“in”, in a context referring to apparatus or alternative apparatus in land, includes a reference to apparatus or alternative apparatus under, over or upon land;

“plan” includes all designs, drawings, specifications, method statements, soil reports, programmes, calculations, risk assessments and other documents that are reasonably necessary properly and sufficiently to describe the works to be executed;

“utility undertaker” means—

- (a) any licence holder within the meaning of Part 1 of the Electricity Act 1989;
- (b) a gas transporter within the meaning of Part 1 of the Gas Act 1986;
- (c) a water undertaker within the meaning of the Water Industry Act 1991; and

---

(a) 1989 c. 29.

(b) 1986 c. 44. A new section 7 was substituted by section 5 of the Gas Act 1995 (c. 45), and was further amended by section 76 of the Utilities Act 2000 (c. 27).

(c) 1991 c. 56.

(d) a sewerage undertaker within the meaning of Part 1 of the Water Industry Act 1991, for the area of the authorised development, and in relation to any apparatus, means the undertaker to whom it belongs or by whom it is maintained.

*On street apparatus*

3. This Part of this Schedule does not apply to apparatus in respect of which the relations between the undertaker and the utility undertaker are regulated by the provisions of Part 3 of the 1991 Act.

*Apparatus in stopped up streets*

4. Regardless of the temporary stopping up or diversion of any highway under the powers conferred by article 12 (temporary stopping up of streets), a utility undertaker is at liberty at all times to take all necessary access across any such stopped up highway and to execute and do all such works and things in, upon or under any such highway as may be reasonably necessary or desirable to enable it to maintain any apparatus which at the time of the stopping up or diversion was in that highway.

*Protective works to buildings*

5. The undertaker, in the case of the powers conferred by article 18 (protective work to buildings), must exercise those powers so as not to obstruct or render less convenient the access to any apparatus.

*Acquisition of apparatus*

6. Regardless of any provision in this Order or anything shown on the land plans, the undertaker must not acquire any apparatus otherwise than by agreement.

*Removal of apparatus*

7.—(1) If, in the exercise of the powers conferred by this Order, the undertaker acquires any interest in any land in which any apparatus is placed or requires that the utility undertaker's apparatus is relocated or diverted, that apparatus must not be removed under this Part of this Schedule, and any right of a utility undertaker to maintain that apparatus in that land must not be extinguished, until alternative apparatus has been constructed and is in operation to the reasonable satisfaction of the utility undertaker in question in accordance with sub-paragraphs (2) to (6).

(2) If, for the purpose of executing any works in, on or under any land purchased, held, appropriated or used under this Order, the undertaker requires the removal of any apparatus placed in that land, the undertaker must give to the utility undertaker in question 28 days' written notice of that requirement, together with a plan and section of the work proposed, and of the proposed position of the alternative apparatus to be provided or constructed and in that case (or if in consequence of the exercise of any of the powers conferred by this Order an undertaker reasonably needs to remove any of its apparatus) the undertaker must, subject to sub-paragraph (3), afford to the utility undertaker the necessary facilities and rights for the construction of alternative apparatus in other land of the undertaker and subsequently for the maintenance of that apparatus.

(3) If alternative apparatus or any part of such apparatus is to be constructed elsewhere than in other land of the undertaker, or the undertaker is unable to afford such facilities and rights as are mentioned in sub-paragraph (2) in the land in which the alternative apparatus or part of such apparatus is to be constructed the utility undertaker must, on receipt of a written notice to that effect from the undertaker, as soon as reasonably possible use its best endeavours to obtain the necessary facilities and rights in the land in which the alternative apparatus is to be constructed.

(4) Any alternative apparatus to be constructed in land of the undertaker under this Part of this Schedule must be constructed in such manner and in such line or situation as may be agreed

between the utility undertaker in question and the undertaker or in default of agreement settled by arbitration in accordance with article 47 (arbitration).

(5) The utility undertaker in question must, after the alternative apparatus to be provided or constructed has been agreed or settled by arbitration in accordance with article 47, and after the grant to the utility undertaker of any such facilities and rights as are referred to in sub-paragraphs (2) or (3), proceed without unnecessary delay to construct and bring into operation the alternative apparatus and subsequently to remove any apparatus required by the undertaker to be removed under the provisions of this Part of this Schedule.

(6) Regardless of anything in sub-paragraph (5), if the undertaker gives notice in writing to the utility undertaker in question that the undertaker desires itself to execute any work, or part of any work in connection with the construction or removal of apparatus in any land of the undertaker, that work, instead of being executed by the utility undertaker, must be executed by the undertaker without unnecessary delay under the superintendence, if given, and to the reasonable satisfaction of the utility undertaker.

#### *Facilities and rights for alternative apparatus*

**8.**—(1) Where, in accordance with the provisions of this Part of this Schedule, the undertaker affords to a utility undertaker facilities and rights for the construction and maintenance in land of the undertaker of alternative apparatus in substitution for apparatus to be removed, those facilities and rights are to be granted upon such terms and conditions as may be agreed between the undertaker and the utility undertaker in question or in default of agreement settled by arbitration in accordance with article 47 (arbitration).

(2) If the facilities and rights to be afforded by the undertaker in respect of any alternative apparatus, and the terms and conditions subject to which those facilities and rights are to be granted, are in the opinion of the arbitrator less favourable on the whole to the utility undertaker in question than the facilities and rights enjoyed by it in respect of the apparatus to be removed and the terms and conditions to which those facilities and rights are subject, the arbitrator must make such provision for the payment of compensation by the undertaker to that utility undertaker as appears to the arbitrator to be reasonable having regard to all the circumstances of the particular case.

#### *Retained apparatus*

**9.**—(1) Not less than 28 days before starting the execution of any works in, on or under any land purchased, held, appropriated or used under this Order that are near to, or will or may affect, any apparatus the removal of which has not been required by the undertaker under paragraph 7(2), the undertaker must submit to the utility undertaker in question a plan of the works to be executed.

(2) Those works must be executed only in accordance with the plan submitted under sub-paragraph (1) and in accordance with such reasonable requirements as may be made in accordance with sub-paragraph (3) by the utility undertaker for the alteration or otherwise for the protection of the apparatus, or for securing access to it, and the utility undertaker is entitled to watch and inspect the execution of those works.

(3) Any requirements made by a utility undertaker under sub-paragraph (2) must be made within a period of 21 days beginning with the date on which a plan under sub-paragraph (1) is submitted to it.

(4) If a utility undertaker in accordance with sub-paragraph (3) and in consequence of the works proposed by the undertaker, reasonably requires the removal of any apparatus and gives written notice to the undertaker of that requirement, paragraphs 1 to 3 and 6 to 8 apply as if the removal of the apparatus had been required by the undertaker under paragraph 7(2).

(5) Nothing in this paragraph precludes the undertaker from submitting at any time or from time to time, but in no case less than 28 days before commencing the execution of any works, a new plan instead of the plan previously submitted, and having done so the provisions of this paragraph apply to and in respect of the new plan.

(6) The undertaker is not required to comply with sub-paragraph (1) in a case of emergency but in that case must give to the utility undertaker in question notice as soon as is reasonably practicable and a plan of those works as soon as reasonably practicable subsequently and must comply with sub-paragraph (3) in so far as is reasonably practicable in the circumstances.

#### *Expenses and costs*

**10.**—(1) Subject to the following provisions of this paragraph, the undertaker must repay to a utility undertaker all expenses reasonably incurred by that utility undertaker in, or in connection with, the inspection, removal, alteration or protection of any apparatus or the construction of any new apparatus which may be required in consequence of the execution of any such works as are referred to in paragraph 7(2).

(2) There must be deducted from any sum payable under subparagraph (1) the value of any apparatus removed under the provisions of this Part of this Schedule that value being calculated after removal.

(3) If in accordance with the provisions of this Part of this Schedule—

- (a) apparatus of better type, of greater capacity or of greater dimensions is placed in substitution for existing apparatus of worse type, of smaller capacity or of smaller dimensions; or
- (b) apparatus (whether existing apparatus or apparatus substituted for existing apparatus) is placed at a depth greater than the depth at which the existing apparatus was situated,

and the placing of apparatus of that type or capacity or of those dimensions or the placing of apparatus at that depth, as the case may be, is not agreed by the undertaker or, in default of agreement, is not determined by arbitration in accordance with article 47 (arbitration) to be necessary, then, if such placing involves cost in the construction of works under this Part of this Schedule exceeding that which would have been involved if the apparatus placed had been of the existing type, capacity or dimensions, or at the existing depth, as the case may be, the amount which apart from this sub-paragraph would be payable to the utility undertaker in question by virtue of sub-paragraph (1) must be reduced by the amount of that excess.

(4) For the purposes of sub-paragraph (3)—

- (a) an extension of apparatus to a length greater than the length of existing apparatus is not to be treated as a placing of apparatus of greater dimensions than those of the existing apparatus; and
- (b) where the provision of a joint in a pipe or cable is agreed, or is determined to be necessary, the consequential provision of a jointing chamber or of a manhole is to be treated as if it also had been agreed or had been so determined.

(5) An amount which apart from this sub-paragraph would be payable to a utility undertaker in respect of works by virtue of sub-paragraph (1), if the works include the placing of apparatus provided in substitution for apparatus placed more than 7 years and 6 months earlier so as to confer on the utility undertaker any financial benefit by deferment of the time for renewal of the apparatus in the ordinary course, is to be reduced by the amount which represents that benefit.

**11.**—(1) Subject to sub-paragraphs (2) and (3), if by reason or in consequence of the construction of any such works referred to in paragraphs 5 or 7(2), or by reason of any subsidence resulting from such development or works, any damage is caused to any apparatus or alternative apparatus (other than apparatus the repair of which is not reasonably necessary in view of its intended removal for the purposes of those works) or property of a utility undertaker, or there is any interruption in any service provided, or in the supply of any goods, by any utility undertaker, the undertaker must—

- (a) bear and pay the cost reasonably incurred by that utility undertaker in making good such damage or restoring the supply; and
- (b) make reasonable compensation to that utility undertaker for any other expenses, loss, damages, penalty or costs incurred by the undertaker,
- (c) by reason or in consequence of any such damage or interruption.

(2) The fact that any act or thing may have been done by a utility undertaker on behalf of the undertaker or in accordance with a plan approved by a utility undertaker or in accordance with any requirement of a utility undertaker or under its supervision does not, subject to sub-paragraph (3), excuse the undertaker from liability under the provisions of sub-paragraph (1).

(3) Nothing in sub-paragraph (1) imposes any liability on the undertaker with respect to any damage or interruption to the extent that it is attributable to the act, neglect or default of a utility undertaker, its officers, servants, contractors or agents.

(4) A utility undertaker must give the undertaker reasonable notice of any such claim or demand and no settlement or compromise is to be made without the consent of the undertaker who, if withholding such consent, has the sole conduct of any settlement or compromise or of any proceedings necessary to resist the claim or demand.

### *Cooperation*

**12.** Where in consequence of the proposed construction of any of the authorised development, the undertaker or a utility undertaker requires the removal of apparatus under paragraph 7(2) or a utility undertaker makes requirements for the protection or alteration of apparatus under paragraph 9, the undertaker must use best endeavours to co-ordinate the execution of the works in the interests of safety and the efficient and economic execution of the authorised development and taking into account the need to ensure the safe and efficient operation of the utility undertaker's undertaking and each utility undertaker must use its best endeavours to co-operate with the undertaker for that purpose.

**13.** Nothing in this Part of this Schedule affects the provisions of any enactment or agreement regulating the relations between the undertaker and a utility undertaker in respect of any apparatus laid or erected in land belonging to the undertaker on the date on which this Order is made.

## PART 2

### FOR THE PROTECTION OF OPERATORS OF ELECTRONIC COMMUNICATIONS CODE NETWORKS

**14.** For the protection of any operator, the following provisions have effect, unless otherwise agreed in writing between the undertaker and the operator.

**15.** In this Part of this Schedule—

“the 2003 Act” means the Communications Act 2003(a);

“electronic communications apparatus” has the same meaning as in the electronic communications code;

“the electronic communications code” has the same meaning as in Chapter 1 of Part 2 of the 2003 Act(b);

“electronic communications code network” means—

(a) so much of an electronic communications network or infrastructure system provided by an electronic communications code operator as is not excluded from the application of the electronic communications code by a direction under section 106 (application of the electronic communications code) of the 2003 Act; and

(b) an electronic communications network which the undertaker is providing or proposing to provide;

“electronic communications code operator” means a person in whose case the electronic communications code is applied by a direction under section 106 of the 2003 Act;

---

(a) 2003 c. 21.

(b) See section 106. Section 106 was amended by section 4(3) to (9) of the Digital Economy Act 2017 (c. 30).

“infrastructure system” has the same meaning as in the electronic communications code and references to providing an infrastructure system are to be construed in accordance with paragraph 7(2) of that code; and

“operator” means the operator of an electronic communications code network.

**16.** The exercise of the powers conferred by article 33 (statutory undertakers) is subject to Part 10 (undertaker’s works affecting electronic communications apparatus) of the electronic communications code.

**17.—**(1) Subject to sub-paragraphs (2) to (4), if as the result of the authorised development or its construction, or of any subsidence resulting from any of those works—

(a) any damage is caused to any electronic communications apparatus belonging to an operator (other than apparatus the repair of which is not reasonably necessary in view of its intended removal for the purposes of those works), or other property of an operator; or

(b) there is any interruption in the supply of the service provided by an operator,

the undertaker must bear and pay the cost reasonably incurred by the operator in making good such damage or restoring the supply and make reasonable compensation to that operator for any other expenses, loss, damages, penalty or costs incurred by it, by reason, or in consequence of, any such damage or interruption.

(2) Nothing in sub-paragraph (1) imposes any liability on the undertaker with respect to any damage or interruption to the extent that it is attributable to the act, neglect or default of an operator, its officers, servants, contractors or agents.

(3) The operator must give the undertaker reasonable notice of any such claim or demand and no settlement or compromise of the claim or demand is to be made without the consent of the undertaker who, if withholding such consent, has the sole conduct of any settlement or compromise or of any proceedings necessary to resist the claim or demand.

(4) Any difference arising between the undertaker and the operator under this Part of this Schedule must be referred to and settled by arbitration under article 47 (arbitration).

(5) This Part of this Schedule does not apply to—

(a) any apparatus in respect of which the relations between the undertaker and an operator are regulated by the provisions of Part 3 (street works in England and Wales) of the 1991 Act; or

(b) any damages, or any interruptions, caused by electro-magnetic interference arising from the construction or use of the authorised development.

(6) Nothing in this Part of this Schedule affects the provisions of any enactment or agreement regulating the relations between the undertaker and an operator in respect of any apparatus laid or erected in land belonging to the undertaker on the date on which this Order is made.

## PART 3

### PROTECTION FOR RAILWAY INTERESTS

**18.** The provisions of this Part have effect unless otherwise agreed in writing between the undertaker and Network Rail.

**19.** In this Part—

“construction” includes execution, placing, alteration and reconstruction and “construct” and “constructed” have corresponding meanings;

“engineer” means an engineer appointed by Network Rail for the purposes of this Order;

“network licence” means the network licence, as amended from time to time, granted to Network Rail by the Secretary of State in exercise of the powers in section 8 of the Railways Act 1993<sup>(a)</sup>;

“Network Rail” means Network Rail Infrastructure Limited (registered company number 2904587) and any associated company of Network Rail Infrastructure Limited which holds property for railway purposes; and for the purpose of this definition “associated company” means any company which is (within the meaning of section 1159 of the Companies Act 2006<sup>(b)</sup>) the holding company of Network Rail Infrastructure Limited, a subsidiary of Network Rail Infrastructure Limited or another subsidiary of the holding company of Network Rail Infrastructure Limited;

“plans” includes sections, designs, design data, software, drawings, specifications, soil reports, calculations, descriptions (including descriptions of methods of construction), staging proposals, programmes and details of the extent, timing and duration of any proposed occupation of railway property;

“railway operational procedures” means procedures specified under any access agreement (as defined in the Railways Act 1993) or station lease;

“railway property” means—

- (a) any railway belonging to Network Rail;
- (b) any station, land, works, apparatus and equipment belonging to Network Rail and connected with any such railway; and
- (c) any easement or other property interest held or used by Network Rail for the purposes of such railway or works, apparatus or equipment;

“specified work” means so much of any of the authorised development as is situated upon, across, under, over or within 15 metres of, or may in any way adversely affect, railway property.

**20.—**(1) Where under this Part Network Rail is required to give its consent or approval in respect of any matter, that consent or approval is subject to the condition that Network Rail complies with any relevant railway operational procedures and any obligations under its network licence or under statute.

(2) In so far as any specified work or the acquisition or use of railway property is or may be subject to railway operational procedures, Network Rail must—

- (a) co-operate with the undertaker with a view to avoiding undue delay and securing conformity as between any plans approved by the engineer and requirements emanating from those procedures; and
- (b) use its reasonable endeavours to avoid any conflict arising between the application of those procedures and the proper implementation of the authorised development pursuant to this Order.

**21.—**(1) The undertaker must before commencing construction of any specified work supply to Network Rail proper and sufficient plans of that work for the reasonable approval of the engineer and the specified work must not be commenced except in accordance with such plans as have been approved in writing by the engineer or settled by arbitration under article 47 (arbitration).

(2) The approval of the engineer under sub-paragraph (1) must not be unreasonably withheld, and if by the end of the period of 28 days beginning with the date on which the plans have been supplied to Network Rail the engineer has not intimated disapproval of those plans and the grounds of disapproval, the undertaker may serve upon the engineer written notice requiring the engineer to intimate approval or disapproval within a further period of 14 days beginning with the date upon which the engineer receives written notice from the undertaker and if, by the expiry of

---

(a) 1993 C. 43.

(b) 2006 c. 40.

the further 14 days period specified in the written notice the engineer has not intimated approval or disapproval, the engineer is deemed to have approved the plans as submitted.

(3) If by the end of the period of 14 days beginning with the date on which written notice was served upon the engineer under sub-paragraph (2), Network Rail gives notice to the undertaker that Network Rail desires itself to construct any part of a specified work which in the opinion of the engineer will or may affect the stability of railway property or the safe operation of traffic on the railways of Network Rail then, if the undertaker desires such part of the specified work to be constructed, Network Rail must construct it (together with any adjoining part of the specified work which the undertaker reasonably requires to be constructed with that work) with all reasonable dispatch on behalf of and to the reasonable satisfaction of the undertaker in accordance with the plans approved or deemed to be approved or settled under this paragraph, and under the supervision (where appropriate and if given) of the undertaker.

(4) When signifying approval of the plans, the engineer may specify any protective works (whether temporary or permanent) which in the opinion of the engineer must be carried out before the commencement of the construction of a specified work to ensure the safety or stability of railway property or the continuation of safe and efficient operation of the railways of Network Rail or the services of operators using them (including any relocation, de-commissioning and removal of works, apparatus and equipment necessitated by a specified work and the comfort and safety of passengers who may be affected by the specified work), and such protective works as may be reasonably necessary for those purposes are to be constructed by Network Rail or by the undertaker, if Network Rail so desires, and such protective works must be carried out at the expense of the undertaker in either case with all reasonable dispatch, and the undertaker must not commence the construction of the specified work until the engineer has notified the undertaker that the protective works have been completed to the engineer's reasonable satisfaction.

**22.—**(1) Any specified work and any protective works to be constructed by virtue of paragraph 22(4) must, when commenced, be constructed—

- (a) with all reasonable dispatch in accordance with the plans approved or deemed to have been approved or settled under paragraph 22;
- (b) under the supervision (where appropriate and if given) and to the reasonable satisfaction of the engineer;
- (c) in such manner as to cause as little damage as is reasonably possible to railway property; and
- (d) so far as is reasonably practicable, so as not to interfere with or obstruct the free, uninterrupted and safe use of any railway of Network Rail or the traffic thereon and the use by passengers of railway property.

(2) If any damage to railway property or any such interference or obstruction is caused by the carrying out of, or in consequence of the construction of a specified work, the undertaker must, notwithstanding any such approval, make good such damage and pay to Network Rail all reasonable expenses to which Network Rail may be put and compensation for any loss which it may sustain by reason of any such damage, interference or obstruction.

(3) Nothing in this Part imposes any liability on the undertaker with respect to any damage, costs, expenses or loss attributable to the negligence of Network Rail or its servants, contractors or agents or any liability on Network Rail with respect of any damage, costs, expenses or loss attributable to the negligence of the undertaker or its servants, contractors or agents.

**23.** The undertaker must—

- (a) at all times afford reasonable facilities to the engineer for access to a specified work during its construction; and
- (b) supply the engineer with all such information as the engineer may reasonably require with regard to a specified work or the method of constructing it.

**24.** Network Rail must at all times afford reasonable facilities to the undertaker and its agents for access to any works carried out by Network Rail under this Part during their construction and

must supply the undertaker with such information as it may reasonably require with regard to such works or the method of constructing them.

**25.**—(1) If any permanent or temporary alterations or additions to railway property are reasonably necessary in consequence of the construction of a specified work, or during a period of 12 months after the completion of that work, in order to ensure the safety of railway property or the continued safe operation of the railway of Network Rail, such alterations and additions may be carried out by Network Rail; and if Network Rail gives to the undertaker reasonable notice of its intention to carry out such alterations or additions (which must be specified in the notice), the undertaker must pay to Network Rail the reasonable cost of those alterations or additions including, in respect of any such alterations and additions as are to be permanent, a capitalised sum representing the increase of the costs which may be expected to be reasonably incurred by Network Rail in maintaining, working and, when necessary, renewing any such alterations or additions.

(2) If during the construction of a specified work by the undertaker, Network Rail gives notice to the undertaker that Network Rail desires itself to construct that part of the specified work which in the opinion of the engineer is endangering the stability of railway property or the safe operation of traffic on the railways of Network Rail, then, if the undertaker decides that part of the specified work is to be constructed, Network Rail must assume construction of that part of the specified work, and the undertaker must, notwithstanding any such approval of a specified work under paragraph 22(1), pay to Network Rail all reasonable expenses to which Network Rail may be put and compensation for any loss which it may suffer by reason of the execution by Network Rail of that specified work.

(3) The engineer must, in respect of the capitalised sums referred to in this paragraph and paragraph 27(a) provide such details of the formula by which those sums have been calculated as the undertaker may reasonably require.

(4) If the cost of maintaining, working or renewing railway property is reduced in consequence of any such alterations or additions, a capitalised sum representing the saving must be set off against any sum payable by the undertaker to Network Rail under this paragraph.

**26.** The undertaker must pay to Network Rail all reasonable fees, costs, charges and expenses reasonably incurred by Network Rail—

- (a) in constructing any part of a specified work on behalf of the undertaker as provided by paragraph 22(3) or in constructing any protective works under paragraph 22(4) including, in respect of any permanent protective works, a capitalised sum representing the cost of maintaining and renewing those works;
- (b) in respect of the approval by the engineer of plans submitted by the undertaker and the supervision by the engineer of the construction of a specified work;
- (c) in respect of the employment or procurement of the services of any inspectors, signallers, guards and other persons whom it is reasonably necessary to appoint for inspecting, signalling, watching and lighting railway property and for preventing, so far as may be reasonably practicable, interference, obstruction, danger or accident arising from the construction or failure of a specified work;
- (d) in respect of any special traffic working resulting from any speed restrictions which may in the opinion of the engineer, need to be imposed by reason or in consequence of the construction or failure of a specified work or from the substitution or diversion of services which may be reasonably necessary for the same reason; and
- (e) in respect of any additional temporary lighting of railway property in the vicinity of the specified works, being lighting made reasonably necessary by reason or in consequence of the construction or failure of a specified work.

**27.**—(1) In this paragraph—

“EMI” means, subject to sub-paragraph (2), electromagnetic interference with Network Rail apparatus generated by the operation of the authorised development where such interference is of a level which adversely affects the safe operation of Network Rail’s apparatus; and

“Network Rail’s apparatus” means any lines, circuits, wires, apparatus or equipment (whether or not modified or installed as part of the authorised development) which are owned or used by Network Rail for the purpose of transmitting or receiving electrical energy or of radio, telegraphic, telephonic, electric, electronic or other like means of signalling or other communications.

(2) This paragraph applies to EMI only to the extent that the EMI is not attributable to any change to Network Rail’s apparatus carried out after approval of plans under paragraph 22(1) for the relevant part of the authorised development giving rise to EMI (unless the undertaker has been given notice in writing before the approval of those plans of the intention to make such change).

(3) Subject to sub-paragraph (5), the undertaker must in the design and construction of the authorised development take all measures necessary to prevent EMI and must establish with Network Rail (both parties acting reasonably) appropriate arrangements to verify their effectiveness.

(4) In order to facilitate the undertaker’s compliance with sub-paragraph (3)—

- (a) the undertaker must consult with Network Rail as early as reasonably practicable to identify all Network Rail’s apparatus which may be at risk of EMI, and thereafter must continue to consult with Network Rail (both before and after formal submission of plans under paragraph 22(1)) in order to identify all potential causes of EMI and the measures required to eliminate them;
- (b) Network Rail must make available to the undertaker all information in the possession of Network Rail reasonably requested by the undertaker in respect of Network Rail’s apparatus identified pursuant to paragraph (a); and
- (c) Network Rail must allow the undertaker reasonable facilities for the inspection of Network Rail’s apparatus identified pursuant to paragraph (a).

(5) In any case where it is established that EMI can reasonably be prevented only by modifications to Network Rail’s apparatus, Network Rail must not withhold or delay its consent unreasonably to modifications of Network Rail’s apparatus, but Network Rail may, in its reasonable discretion, select the means of prevention and the method of their execution, and in relation to such modifications paragraph 22(1) has effect subject to this sub-paragraph.

(6) If at any time prior to the commencement of regular revenue-earning operations comprised in the authorised development and notwithstanding any measures adopted pursuant to sub-paragraph (3), the testing or commissioning of the authorised development causes EMI, then the undertaker must immediately upon receipt of notification by Network Rail of the EMI either in writing or communicated orally (such oral communication to be confirmed in writing as soon as reasonably practicable after it has been issued) forthwith cease to use (or procure the cessation of use of) the undertaker’s apparatus causing the EMI until all measures necessary have been taken to remedy the EMI by way of modification to the source of the EMI or (in the circumstances, and subject to the consent, specified in sub-paragraph (5)) to Network Rail’s apparatus.

(7) In the event of EMI having occurred—

- (a) the undertaker must afford reasonable facilities to Network Rail for access to the undertaker’s apparatus in the investigation of the EMI;
- (b) Network Rail must afford reasonable facilities to the undertaker for access to Network Rail’s apparatus in the investigation of the EMI; and
- (c) Network Rail must make available to the undertaker any additional material information in its possession reasonably requested by the undertaker in respect of Network Rail’s apparatus or the EMI.

(8) Where Network Rail approves modifications to Network Rail’s apparatus pursuant to sub-paragraphs (5) or (6)—

- (a) Network Rail must allow the undertaker reasonable facilities for the inspection of the relevant part of Network Rail’s apparatus;

(b) any modifications to Network Rail's apparatus approved pursuant to those sub-paragraphs must be carried out and completed by the undertaker in accordance with paragraph 23.

(9) For the purpose of paragraph 27(a) any modifications to Network Rail's apparatus under this paragraph are deemed to be protective works referred to in that sub-paragraph.

(10) In relation to any dispute arising under this paragraph, the reference in article 47 (arbitration) to the Secretary of State must be read as a reference to the President of the Institution of Engineering and Technology.

**28.** If at any time after the completion of a specified work, not being a work vested in Network Rail, Network Rail gives notice to the undertaker informing it that the state of maintenance of any part of the specified work appears to be such as adversely affects the operation of railway property, the undertaker must, on receipt of such notice, take such steps as may be reasonably necessary to put that specified work in such state of maintenance as not adversely to affect railway property.

**29.** The undertaker must not provide any illumination or illuminated sign or signal on or in connection with a specified work in the vicinity of any railway belonging to Network Rail unless it has first consulted Network Rail, and it must comply with Network Rail's reasonable requirements for preventing confusion between such illumination or illuminated sign or signal and any railway signal or other light used for controlling, directing or securing the safety of traffic on the railway.

**30.** Any additional expenses which Network Rail may reasonably incur in altering, reconstructing or maintaining railway property under any powers existing at the making of this Order by reason of the existence of a specified work must, provided that at least 56 days' prior notice of the commencement of such alteration, reconstruction or maintenance has been given to the undertaker, be paid by the undertaker to Network Rail.

**31.—**(1) The undertaker must—

(a) pay to Network Rail all reasonable and proper costs, charges, damages and expenses not otherwise provided for in this Part (but subject to the provisions of this paragraph and article 46 (no double recovery)) which may be occasioned to or reasonably incurred by Network Rail by reason of—

- (i) the construction or maintenance of a specified work or the failure of such a work; or
- (ii) any act or omission of the undertaker or of any person in its employ or of its contractors or others whilst engaged upon a specified work; and

(b) indemnify and keep indemnified Network Rail from and against all claims and demands arising out of or in connection with a specified work or any such failure, act or omission.

(2) The fact that any act or thing may have been done by Network Rail on behalf of the undertaker or in accordance with plans approved by the engineer or in accordance with any requirement of the engineer or under the supervision of the engineer does not (if it was done without negligence on the part of Network Rail or of any person in its employ or of its contractors or agents) excuse the undertaker from any liability under sub-paragraph (1).

(3) Network Rail must—

(a) give the undertaker written notice of any such claims or demands as soon as reasonably possible after Network Rail become aware of any such claims or demands;

(b) not admit liability or make any offer to settle or settle or compromise any such claim or demand without the prior consent of the undertaker (which, if it withholds such consent, has the sole conduct of any settlement or compromise or of any proceedings necessary to resist the claim or demand);

(c) take all reasonable steps to mitigate any liabilities relating to such claims or demands; and

(d) keep the undertaker informed in relation to the progress of any such claims and demands and pay due regard to the undertaker's reasonable representations in relation to them.

(4) In no circumstances is the undertaker liable to Network Rail under sub-paragraph (1) for any indirect or consequential loss or loss of profits, save that the sums payable by the undertaker under that sub-paragraph include a sum equivalent to the relevant costs in circumstances where—

- (a) Network Rail is liable to make payment of the relevant costs pursuant to the terms of an agreement between Network Rail and a train operator; and
- (b) the existence of that agreement and the extent of Network Rail's liability to make payment of the relevant costs pursuant to its terms has previously been disclosed in writing to the undertaker,

but not otherwise.

(5) Subject to the terms of any agreement between Network Rail and a train operator regarding the amount, timing or method of payment of the relevant costs in respect of that train operator, Network Rail must promptly pay to each train operator the amount of any sums which Network Rail receives under sub-paragraph (4) which relates to the relevant costs of that train operator.

(6) The obligation under sub-paragraph (4) to pay Network Rail the relevant costs is, in the event of default, enforceable directly by any train operator concerned to the extent that such sums would be payable to that operator pursuant to sub-paragraph (5).

(7) In this paragraph—

“relevant costs” means the costs, direct losses and expenses (including loss of revenue) reasonably incurred by a train operator as a consequence of any restriction of the use of Network Rail's railway network as a result of the construction, maintenance or failure of a specified work or any such act or omission as mentioned in sub-paragraph (1); and

“train operator” means any person who is authorised to act as the operator of a train by a licence under section 8 of the Railways Act 1993.

**32.** Network Rail must, on receipt of a request from the undertaker, from time to time provide the undertaker free of charge with written estimates of the costs, charges, expenses and other liabilities for which the undertaker is or will become liable under this Part with such information as may reasonably enable the undertaker to assess the reasonableness of any such estimate or claim made or to be made pursuant to this Part.

**33.** In the assessment of any sums payable to Network Rail under this Part, no account must be taken of any increase in the sums claimed that is attributable to any action taken by or any agreement entered into by Network Rail if that action or agreement was not reasonably necessary and was taken or entered into with a view to obtaining the payment of those sums by the undertaker under this Part or increasing the sums so payable.

**34.** The undertaker and Network Rail may, subject in the case of Network Rail to compliance with the terms of its network licence, enter into, and carry into effect, agreements for the transfer to the undertaker of—

- (a) any railway property shown on the Works Plans and Land Plans and described in the Book of Reference;
- (b) any lands, works or other property held in connection with any such railway property; and
- (c) any rights and obligations (whether or not statutory) of Network Rail relating to any railway property or any lands, works or other property referred to in this paragraph.

**35.** Nothing in this Order, or in any enactment incorporated with or applied by this Order, prejudices or affects the operation of Part 1 of the Railways Act 1993.

**36.** The undertaker must no later than 28 days from the date that the plans submitted to and certified by the Secretary of State in accordance with article 44 (certification of documents. etc.) are certified by the Secretary of State, provide a set of those plans to Network Rail in the form of a computer disc with read-only memory.
