Message: Dear Leo, I am a resident in your constituency in Farnborough. I am writing to you to ask you for your help to reduce the impact of Esso's plans for the Southampton to London Pipeline in your constituency. I hope you are already aware of the project and its associated Development Consent Order. Esso have not done a good job of publicising their plans to those affected by them so there is a chance that you might not have heard about it. The pipeline will pass through a number of sensitive sites in Rushmoor. These include Southwood Country Park SANG, the Prospect Road allotments, Queen Elizabeth Park and Blackwater Valley Frimley Bridge SINC. Esso's plans for all these areas are extremely disruptive and destructive. I am particularly concerned about the section which runs

through Queen Elizabeth Park. I have described the impact of Esso's plans and why those plans are unreasonable on this website: <https://www.queenelizabethpark.net> Residents in other areas along the route of the pipeline are also concerned about it. Michael Gove and Kwasi Kwarteng have both made representations to the Planning Inspectorate to raise the concerns of their constituents. I would be grateful if you could do the same, please. Although the deadline for registering an interest has passed, the Planning Inspectorate are still accepting representations at their discretion. I am sure that yours will carry sufficient weight to be accepted. The Planning Inspectorate's email address for the project is SouthamptontoLondonPipeline@planninginspectorate.gov.uk and their page for Esso's DCO here: <https://infrastructure.planninginspectorate.gov.uk/projects/south-east/southampton-to-london-pipeline-project/> The DCO Examination Authority's preliminary meeting is on Wednesday 9th October so may I ask you to give this your urgent attention - it really is important that your voice is added to the debate. Yours Sincerely Nick Jarman I have also sent a copy of this message directly to your email address at leo.docherty.mp@parliament.uk.
