Dear Sirs,

I would like to nominate Stake Lane as a site for an Accompanied site inspection and would like to register my interest in attending the inspection should the site nomination be accepted. I live on Stake Lane and own one of the garages that will be demolished to enable the construction of the pipeline. Once the pipeline construction has finished, Esso plan to impose restrictions on my land that will prevent the reconstruction of the garage. In addition Esso wish to take temporary rights to the car park in front of my house for the construction period thereby preventing vehicular access to my property. Finally Esso are planning to remove a number of trees along Stake lane which will degrade the environment in which we live long after the pipeline has been installed.

Kind Regards

Alex Simpson
