## Planning Act 2008 (as amended)

EN070005 - Application by Esso Petroleum Company, Limited for an Order Granting Development Consent for the Southampton to London **Pipeline Project** 

### Accompanied Site Inspection itinerary – Tuesday 26 November 2019

We are writing to advise you that the itinerary for the accompanied site inspection (ASI) has been finalised and can be found below.

This itinerary has been drafted taking account of the Applicant's draft itinerary submitted by Deadline 1; suggested locations submitted by Interested Parties at Deadline 1 and the locations visited as part of the unaccompanied site inspection (USI) carried out on 2 October 2019<sup>1</sup>.

We are grateful to everyone who has taken the time to suggest locations by Deadline 1. Careful consideration has been given to these requests. Clearly, we will be unable to visit all suggested locations on Tuesday 26 November 2019. As such, only the locations listed in the itinerary below will be visited during this ASI.

However, we can confirm that where we are able to access locations by public land, we may visit the additional locations on an unaccompanied basis during the course of the Examination. Should we do so, notes of our visits will be published to the project page of the National Infrastructure website<sup>2</sup>.

Time is also reserved, if required, to carry out a further ASI in February 2020. Should we decide to do so, it is likely that the inspection will focus on locations suggested by Affected Persons at Deadline 1 that require access to private land.

<sup>2</sup> https://infrastructure.planninginspectorate.gov.uk/projects/south-east/southampton-to-londonpipeline-project/?ipcsection=overview

https://infrastructure.planninginspectorate.gov.uk/wpcontent/ipc/uploads/projects/EN070005/EN070005-000624-EN070005%20SLP%20Note%20of%20Unaccompanied%20Site%20Inspection%20undertaken%2 0on%202%20October%202019.pdf

Please note that the ExA's inspection of sites is **not** an opportunity to provide any oral representations. No discussion on the project or evidence will be permitted as the ASI is solely an opportunity for the ExA to look at the physical features that can be seen on, or from the sites. Consequently, The ExA will only permit for matters of fact or points of clarification to be established. Participants may also be invited by the ExA to point out specific features or sites of interest that they wish the ExA to note.

At the ASI, the ExA wishes to see the extent of the Order Limits. Specifically, the ExA will want to observe the area of trees and/or hedgerows that would need to be removed at Fordbridge Park, Turf Hill and Queen Elizabeth Park. While it is for the Applicant to consider how best to visualise or indicate this on the sites in question, it must be done so that all attendees can participate, and the ExA should not be offered ways to view matters which are not available to all other persons who are in attendance.

Please note that the Applicant will supply two minibuses for the inspection. Access to the minibus to accompany the ExA will be provided on a first-come, first served basis. It is suggested that those who are not able to ride on the minibuses either arrange their own transport, elect a representative to attend on behalf of groups or attend at a specific location rather than the visit in its entirety.

### **Unaccompanied Site Inspection at Foxhills Country Club & Resort**

In order to gain an understanding of the location of the Proposed Development at Foxhills, we intend to carry out a site inspection prior to the commencement of the ASI. We will not be accompanied by parties to the Project but will be accompanied by a member of staff at Foxhills, solely to provide access to the golf course; no other person's attendance is considered necessary. The member of staff will not be involved in the Project and will have no influence on the visit.

#### **Hartland Park**

There are ongoing construction works at Hartland Park, as a consequence it will be necessary to limit the number of attendees at this point; only one minibus will be permitted to enter the site. As such, if there are a large number of attendees at this point, it may be essential for a representative to attend on behalf of Interested Persons.

#### Joining the site visit

The ASI will commence at 09:00am at Foxhills Country Club and Resort, Stonehill Road, Ottershaw, Lyne, Chertsey, KT16 0EL. Please note that the ExA is not able to wait for parties who are not present at the start time. As such, if you are joining the visit there, please ensure that you are present by 08.30am.

If, having seen the itinerary, a person no longer wishes to attend, or only wishes to join the visit at a specific location they should notify the case team (<a href="SouthamptontoLondonPipeline@planninginspectorate.gov.uk">SouthamptontoLondonPipeline@planninginspectorate.gov.uk</a>) as a matter of urgency and by midday Thursday 21 November 2019.

To ensure the smooth running of the ASI, attendees are asked to provide the case team with contact details for the day and which parts of the ASI you will be attending and any special access requirements. You should also notify the Case Team if there are any changes in attendance.

### **Timings**

Please note that the timings below are approximate. Whilst we will of course endeavor to stick to the timetable, it may not be possible due to unforeseen circumstances, such as traffic. As such, if the visit is running behind schedule and you need an update on timings, the Applicant's team will be contactable on 07925068905.

#### **Clothing**

Due to the uneven terrain it will be necessary for all parties to wear appropriate sturdy footwear, ideally with ankle support, and weather-proof clothing. The Applicant will ensure that hard hats, high visibility jackets, safety glasses and gloves will be provided to those in attendance when needed.

## Sites on private land

Access onto private land is at all times by permission of the person controlling it; householders, occupiers and landowners may refuse to allow some persons accompanying the ExA onto their land. Under those circumstances, the ExA will decide whether or not to proceed with that part of the inspection and may ask those refused access to wait outside.

#### Refreshments

Please note refreshments or lunch will not be provided. A lunch break has been included in the itinerary and attendees will be expected to provide their own.

Comfort breaks can be accommodated if requested.

#### **Cancellations**

Please note that in the unlikely event that the accompanied site inspection is cancelled due to unforeseen circumstances we shall endeavour to contact attendees beforehand, but we would ask that you regularly check the Planning Inspectorate's website which can be viewed here:

https://infrastructure.planninginspectorate.gov.uk/projects/south-east/southampton-to-london-pipeline-project/?ipcsection=overview

Yours faithfully

Richard Allen

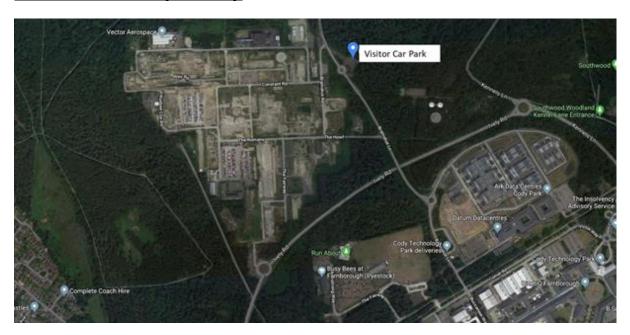

#### **Lead Member of the Panel of Examining Inspectors**
