Dear Jake,

**EN070007 HyNet Carbon Dioxide Pipeline – S51 Response**

Please find enclosed the additional information requested in the Section 51 advice, dated 31 October 2022. This submission comprises:

- D.1.4 Application Form (Rev B) (**APP-004**)
- D.6.3.18.5 Flood Consequences Assessment Appendix 18.5 (Parts 1, 2 and 3) (**APP-168**)

Included in this submission is also an updated **Application Document Tracker (APP-003)** with the latest revision numbers. The Flood Consequences Assessment Appendix 18.5 (**APP-168-170**) has been included having been omitted from the original submission. It is clarified that the Statement of Reasons (**APP-027**) does not have an Annex A or B and is submitted with the Schedule of Negotiations with Land Interests (**APP-028**) only.

The Applicant also confirms that the additional consultees suggested by the Inspectorate under Section 42 will be consulted on a precautionary basis and invited to submit a Relevant Representation.

The Applicant will follow up this letter with a further submission to respond to the remainder of the Section 51 advice which deals with updates to the draft DCO and related plans.

Yours sincerely,

**Martin Currie**  
Director, Liverpool Bay CCS Ltd
