Dear Sir / Madam,

Ben Greenwood - Unique Reference: 20034010

I wish to register myself to attend and participate at the Preliminary Meeting for the HyNet Carbon dioxide Pipeline Development Consent Order application on behalf of Cheshire West and Chester Borough Council.

I wish to comment upon Item 3 in respect the principle issues contained in Annex C and in particular the following points:

- Draft Development Consent Order – Due to significant raised concerns of the wording and content of the Draft DCO the Council wish to emphasise the importance of the examination timetable to look into the content and wording of the Draft DCO at an early stage.
- Biodiversity, Ecology and Nature Conservation – The delay in providing ecology survey data has the potential to affect the Councils ability to review and provide timely advice on this matter in their LIR – it is asked that the examination timetable acknowledge this.

In terms of future correspondence the preferred correspondence for the Council on the HyNet Carbon dioxide Pipeline Development Consent Order application is made to:

Planning.Appeals@cheshirewestandchester.gov.uk and a c.c. made to myself

Regards

Ben
