1. INTRODUCTION

1.1. PURPOSE OF THIS DOCUMENT

- 1.1.1. This draft Statement of Common Ground (SoCG) has been prepared by Liverpool Bay CCS Limited ('the Applicant') and Royal Mail Group Ltd (Royal Mail).
- 1.1.2. For the purpose of this draft SoCG, the Applicant and Royal Mail will jointly be referred to as the 'Parties'.
- 1.1.3. The purpose of this draft SoCG is to set out the agreement that has been reached between the Parties in respect of a number of matters related to the Development Consent Order (DCO) Proposed Development. It also lists any points on which discussions are ongoing. SoCGs are an established means in the Development Consent Order (DCO) planning process of allowing all Parties to identify and focus on specific issues that may need to be addressed during the examination.
- 1.1.4. **Chapter 2** of this draft SoCG records the consultation undertaken with Royal Mail by the Applicant. **Chapter 3** of this draft SoCG sets out the areas of agreement in relation to the above matters, and any areas of ongoing discussion between the Parties.

1.2. THE DCO PROPOSED DEVELOPMENT

- 1.2.1. HyNet (the Project) is an innovative low carbon hydrogen and carbon capture, transport and storage project that will unlock a low carbon economy for the North West of England and North Wales and put the region at the forefront of the UK's drive to Net-Zero. The detail of the project and the DCO Proposed Development can be found in the main DCO documentation. The DCO Proposed Development and this SOCG relate to the onshore CO2 pipeline element of HyNet only. Other elements of HyNet are subject to separate consenting processes and are not addressed here.
- 1.2.2. The DCO Proposed Development (DCO) impacts Royal Mail primarily as a postal service provider.
- 1.2.3. A full description of the DCO Proposed Development is detailed in Chapter 3 of the consolidated Environmental Statement (ES) **[REP4-029]**, submitted at Deadline 4. On 12 July 2023, the ExA accepted the Applicant's Change Request 3, subsequently the description of the development will be updated in accordance with Change Request 3 Environmental Technical Note **[CR3-019]**, towards the end of the Examination.

1.3. TERMINOLOGY

- 1.3.1. In the Issues tables in **Chapter 3** of this draft SoCG, 'Agreed' and 'Not Agreed' indicates a final position, and 'Under Discussion' indicates where these points will be the subject of on-going discussion wherever possible to resolve or refine, the extent of disagreement between the Parties.

 - Issues related to the Draft DCO.

Table 3-1 – Engagement & Other Application Documents

Ref.	Description of Matter	Current Position	Status
Engagement			
Royal Mail 3.1.1	Project Support	Royal Mail Group Limited supports this proposed Hynet Carbon Dioxide Pipeline, but is seeking to secure mitigations to protect its road based operations during the construction phase.	Agreed
Other Application Documents			
Royal Mail 3.1.3	Other application documents	Royal Mail agree that they have no land interests in the scheme and are therefore not listed within the Book of Reference [CR3-013]. The Applicant has formally confirmed this to Royal Mail.	Agreed
Other			
Royal Mail 3.1.4	Current Position	Royal Mail are satisfied that outstanding issues in relation to the DCO Proposed Development have been resolved, however Royal Mail plan to review the Applicant’s DCO documentation prior to the final submission of this SoCG at Deadline 7 to check impact of any future changes.	Under Discussion

Table 3-2 – Issues Related to the DCO Proposed Development - Draft DCO (Including Requirements to the Draft DCO)

Ref.	Description of Matter	Current Position	Status
Royal Mail 3.2.1	Draft Outline Construction Traffic Management Plan	<p>Royal Mail supports the proposed Hynet Carbon Dioxide Pipeline but is seeking to secure reasonable mitigations to protect its road-based operations during the construction phase. Royal Mail and its advisor BNP Paribas Real Estate have reviewed the Outline Construction Traffic Management Plan (OCTMP) Revision A document dated September 2022 as included within the Environmental Statement (Volume III).</p> <p>Royal Mail has 4 operational properties within 8 miles of the proposed HyNet Carbon Dioxide Pipeline:</p> <ul style="list-style-type: none"> • BE 2472 Flint DO; • BE 2475 Chester MC; • BE 2454 Chester DO; and • BE BE2528 Ellesmere Port DO. <p>The OCTMP (2022) [APP-224] as submitted, states that construction traffic will use the M53, A55, A494, B roads, and other adjacent local roads. In exercising its statutory duties, Royal Mail vehicles use all of these roads on a daily basis for access to the Delivery Offices and for deliveries. Any periods of road congestion, disruption / closure, night or day, on or to the roads immediately connected to the Pipeline or the surrounding highway network will have the potential to adversely impact Royal Mail operations.</p> <p>The Applicant has invited Royal Mail and its advisors to review Chapter 17 Traffic and Transport of the 2022 Environmental Statement (ES) [APP-069], the Environmental Statement Addendum Change Request [CR1-124], and Appendix 17.13 Transport Assessment [CR1-042].</p>	Agreed

Ref.	Description of Matter	Current Position	Status
		<p>The Applicant notes that the conclusions of those assessments are that, with the implementation of appropriate mitigation measures outlined in those documents and the OCTMP [REP2-019], and as submitted at Deadline 2, the construction traffic associated with the DCO Proposed Development can be accommodated without compromising the safe and efficient operation of the local and strategic transport networks.</p> <p>Royal Mail agrees that reasonable measures to minimise construction impacts have been taken.</p>	
Royal Mail 3.2.2	Royal Mail's Performance of the Universal Service Provider	<p>Royal Mail's performance of the Universal Service Provider obligations is in the public interest and should not be affected detrimentally by any statutorily authorised project. Accordingly, Royal Mail seeks to take all reasonable steps to protect its assets and operational interests from any potentially adverse impacts of proposed development.</p> <p>The Applicant acknowledges Royal Mail's obligations as set out in their representation at Deadline 1 [REP1-076].</p>	Agreed
Royal Mail 3.2.3	Notice on any proposed road closures / diversion / alternative access arrangement	<p>Royal Mail does not wish to stop or delay the HyNet Carbon Dioxide Pipeline from coming forward for development. However, Royal Mail does wish to ensure the protection of its future ability to provide an efficient mail sorting and delivering service to the public from and to the above identified operational facilities in accordance with its statutory obligations.</p> <p>In order to achieve this, the Applicant confirms that Royal Mail will be consulted on the details of any proposed road closures, diversions and/or alternative access arrangements at least one month in advance. This is secured in the updated OCTMP [REP2-019], as submitted at Deadline 2, specifically shown in paragraph 8.1.4. The Applicant agrees to send links to future revisions of the OCTMP when issued.</p>	Agreed
Royal Mail 3.2.4	Transport Review Group	<p>The Applicant confirms that Royal Mail will be invited to join as a stakeholder of the Transport Review Group referenced in the OCTMP [REP2-019]. The Applicant will advise Royal Mail of appropriate contacts and the details of the Transport Review Group no less than two months before the date on which the first of any construction activity resulting in road closures/diversions will commence. This is secured in the updated OCTMP [REP2-019], as submitted at Deadline 2.</p> <p>The Applicant updated the OCTMP at Deadline 3 [REP3-020] to either ensure Royal Mail attendance at the Transport Review Group or at least receive information from it to ensure that Royal Mail is kept up to date with construction plans and developments. The consolidated CTMP is secured by requirement 6 of the draft development consent order [REP4-007].</p>	Agreed
Royal Mail 3.2.5	Consultation	<p>The Applicant confirms that Royal Mail will be pre-consulted by the Applicant or its Construction Contractor(s) on the content of the final Construction Traffic Management Plan secured by Requirement 6 of the dDCO [REP4-007]. This is secured in the updated OCTMP [REP2-019], as submitted at Deadline 2.</p> <p>The Applicant's Construction Contractor will contact the Royal Mail legal team to link the appropriate contact to the Transport Review Group no less than 2 months prior to construction starts.</p> <p>The Applicant updated the OCTMP at Deadline 3 [REP3-020] to either ensure Royal Mail attendance at the Transport Review Group or at least receive information from it to ensure that Royal Mail is kept up to date with construction plans and developments. The consolidated CTMP is secured by requirement 6 of the draft development consent order [REP4-007].</p>	Agreed
