1. Introduction

1.1 Purpose of this document

- 1.1.1 This Book of Reference relates to Liverpool Bay CCS Limited's (the Applicant) application to the Inspectorate under the Planning Act 2008 (the PA2008) for the HyNet Carbon Dioxide Pipeline (the DCO Proposed Development). If made, the DCO would grant consent for the Applicant to undertake the construction, operation and maintenance of a Pipeline carrying carbon dioxide between Ince and Point of Ayr.
- 1.1.2 A detailed description of the DCO Proposed Development can be found in Chapter 3 of the Environmental Statement **[REP4-029]**.
- 1.1.3 This Book of Reference has been prepared and submitted in compliance with Regulation 5(2)(d) of the Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 (the "2009 Regulations"), as amended, and in accordance with the Department for Communities and Local Government guidance 'Planning Act 2008: Guidance related to procedures for compulsory acquisition' (September 2013). It has also been prepared in accordance with regulation 7 of the 2009 Regulations.
- 1.1.4 As this Book of Reference is part of the application documentation it should be read in conjunction with the Land Plans **[CR3-003]**, the Crown and Special Category Land Plans **[CR3-004]** and **[CR1-013]**, the Statement of Reasons **[CR3-011]** and the draft DCO **[CR3-008]**.
- 1.1.5 This Book of Reference is divided into five parts as prescribed by Regulation 7(1) of the 2009 Regulations. Each of the five Parts is described in the next chapter, together with a brief commentary on how the requirements in the Regulations and the related definitions in the PA2008 have been interpreted and applied to the collation of each Part of the Book of Reference.
- 1.1.6 All plot area measurements in this Book of Reference are approximate, as these measurements are given in square metres, and each measurement is rounded up to the nearest whole square metre.

2. Book of Reference description

2.1 Part 1

- 2.1.1 Part 1 of the Book of Reference is described in Regulation 7(1)(a) of the 2009 Regulations, as follows;
- 2.1.2 "Part 1 contains the names and addresses for service of each person within Categories 1 and 2 as set out in section 57 (categories for purposes of section 56(2)(d)) in respect of any land which it is proposed shall be subject to
 - (i) powers of compulsory acquisition;
 - (ii) rights to use land, including the right to attach brackets or other equipment to buildings; or
 - (iii) rights to carry out protective works to buildings"
- 2.1.3 Part 1 of this Book of Reference contains the names and addresses of each person within Categories 1 and 2, as set out in Section 57 of the PA2008, along with the area of each plot of land in which the development will be carried out.
- 2.1.4 A person is within Category 1, as defined in section 57 of the PA2008, if the applicant after making diligent inquiry, knows that they are an owner, lessee, tenant, or occupier of the land. A person is within Category 2 if they are interested in the land or have the power to sell and convey or release the land.
- 2.1.5 The Applicant has taken the approach of seeking powers of compulsory acquisition (or acquisition of rights) in respect of all plots of land required for the Proposed Development, even where it already holds an interest or presumes it holds an interest in the land. This approach has been taken to ensure that it has the right to acquire the interests it needs in all of the land within the Order limits even if an unidentified owner later asserts an interest in land which the Applicant believes it owns.
- 2.1.6 The description of each plot also includes the reference to the principal land use power(s) sought in the draft DCO in respect of that particular plot:
 - In respect of plots hatched pink on the Land Plans, where the Applicant proposes to acquire the land (on an outright and permanent basis), the plot description includes this wording: "Permanent acquisition of land..."
 - In respect of plots shaded pink on the Land Plans, where the Applicant proposes to acquire subsurface and new rights over land (including the right to impose restrictive covenants to protect the pipeline), the plot description includes the wording: "Permanent acquisition of subsurface..."
 - In respect of plots shaded blue on the Land Plans, where the Applicant proposes to create and acquire new rights over land (including the right to impose restrictive covenants to protect the new pipeline), the plot description includes this wording: "Permanent acquisition of rights..."

- In respect of plots shaded green on the Land Plans, where the Applicant proposes to possess and use land temporarily, the plot description includes this wording: "Temporary possession of land..."
- In respect of plots shaded brown on the Land Plans, where the Applicant proposes to possess and use rights temporarily, the plot description includes this wording: "Temporary use of rights..."
- 2.1.7 The categories of wording described above cross-refer to articles in the draft DCO as follows:
 - Pink hatch land: "Permanent acquisition of land..." the compulsory acquisition of land and the imposition of restrictive covenants over land pursuant to article 24 of the draft DCO.
 - Pink land: "Permanent acquisition of subsurface ..." the compulsory acquisition of subsurface and the creation and compulsory acquisition of new rights over land above that subsurface, pursuant to article 24 of the draft DCO.
 - Blue land: "Permanent acquisition of rights..." the creation and compulsory acquisition of new rights and the imposition of restrictive covenants over land pursuant to article 26 of the draft DCO.
 - Green land: "Temporary possession of land..." the temporary possession and use of land for the purposes of constructing the authorised development pursuant to article 34, and for the purposes of maintaining the authorised development pursuant to article 35 of the draft DCO.
 - Brown land: "Temporary use of rights..." the temporary use of rights to take access, including the creation and use of temporary access points and routes, and use and management of existing access routes, for the purposes of constructing the authorised development pursuant to article 34, and for the purposes of maintaining the authorised development pursuant to article 35 of the draft DCO.

Colour of plot on Land Plans	Wording used in BoR plot description	Land use power sought	Principal relevant DCO article
Pink hatch	"Permanent acquisition of land"	Compulsory acquisition of all interests and rights in land (including, as required, subsurface, surface land or	Article 24

2.1.8 The information above (in paragraphs 2.1.6 and 2.1.7) is summarised in the following table:

Colour of plot on Land Plans	Wording used in BoR plot description	Land use power sought	Principal relevant DCO article
		airspace, and excluding all Crown interests)	
Pink	"Permanent acquisition of subsurface"	Compulsory acquisition of subsurface together with the creation and compulsory acquisition of new rights (including, where necessary, a right to impose restrictive covenants above that subsurface to protect the Proposed Development, and excluding all Crown interests)	Article 24
Blue	"Permanent acquisition of rights"	Creation and compulsory acquisition of new rights (including, where necessary, a right to impose restrictive covenants to protect the Proposed Development, and excluding all Crown interests)	Article 26
Green	"Temporary possession of land…"	Temporary possession and use of land	Articles 34 and 35

Colour of plot on Land Plans	Wording used in BoR plot description	Land use power sought	Principal relevant DCO article
Brown	"Temporary use of rights"	Temporary use of rights to take access, including the creation and use of temporary access points and routes, and use and management of existing access routes	Articles 34 and 35

2.2 Part 2

- 2.2.1 Part 2 of the Book of Reference is described in Regulation 7(1)(b) of the 2009 Regulations as follows;
- 2.2.2 "Part 2 contains the names and addresses for service of each person within Category 3 as set out in section 57"
- 2.2.3 Part 2 of this Book of Reference contains the names and addresses (if known by the Applicant) of each person within Category 3, as defined by Section 57 of the 2008 Act. A person is within Category 3 if the Applicant believes that, if the DCO were to be made and fully implemented, they would or might be entitled to make a relevant claim as defined in section 57(6) of the 2008 Act. A relevant claim is a claim under section 10 of the Compulsory Purchase Act 1965, a claim under Part 1 of the Land Compensation Act 1973, or a claim under section 152(3) of the 2008 Act.
- 2.2.4 It is considered that Category 3 includes Category 1 owners where land is not being acquired and all Category 1 lessees and tenants. Category 3 contains persons with interests in land within the Order limits. Category 3 also contains persons with interests in land outside the Order limits who, it is considered, might be able to make a relevant claim (as defined above).

2.3 Part 3

- 2.3.1 Part 3 of the Book of Reference is described in Regulation 7(1)(c) of the 2009 Regulations as follows;
- 2.3.2 "Part 3 contains the names of all those entitled to enjoy easements or other private rights over land (including private rights of navigation over water) which it is proposed shall be extinguished, suspended or interfered with"
- 2.3.3 Part 3 of this Book of Reference contains the names of all those with easements or other private rights over land which it is proposed shall be extinguished, suspended or interfered with pursuant to the exercise of powers in the draft DCO.

2.3.4 Certain relevant Category 2 persons included within Part 1 of the Book of Reference have also been included within Part 3 where their rights may be considered to be affected. Examples include tenants of the land, or statutory undertakers with services in or under the land, and whose rights over the land are likely to be affected whether the land is required permanently or temporarily.

2.4 Part 4

- 2.4.1 Part 4 of the Book of Reference is described in Regulation 7(1)(d) of the 2009 Regulations, this states;
- 2.4.2 "Part 4 specifies the owner of any Crown interest in the land which is proposed to be used for the purposes of the order for which application is being made"
- 2.4.3 The Order limits include Crown Land held by The King's Most Excellent Majesty in Right of His Crown, The Secretary of State for Defence, The Secretary of State for Transport and The Secretary of State for Wales, The Welsh Ministers.

2.5 Part 5

2.5.1 Part 5 of the Book of Reference is described in Regulation 7(1)(e) of the 2009 Regulations, this states;

"Part 5 specifies land –

- *(i) the acquisition of which is subject to special parliamentary procedure;*
- (ii) which is special category land;
- (iii) which is replacement land"
- 2.5.2 Part 5 of this Book of Reference specifies land that the acquisition of which may be subject to special parliamentary procedure, is special category land or is replacement land.
- 2.5.3 The draft DCO also proposes the compulsory acquisition of land, and rights over land, that is open space and which engages sections 131 and 132 of the PA2008. The Applicant considers that the provision of replacement land is not required, as explained in the Statement of Reasons **[CR3-011].** The open space land is identified on the Land Plans **[CR3-003]** and in the Crown Land and Special Category Land Plans **[CR3-004]** and **[CR1-013]** and is listed in Part 5 of the Book of Reference.
- 2.5.4 The Crown Land and Special Category Land Plans and Part 5 of the Book of Reference identify plots of open space over which the Applicant seeks a power to acquire the subsurface. As this land would not engage sections 130, 131 or 132 of the Planning Act 2008 it is shown on the Special Category Land Plans and listed in Part 5 of the Book of Reference for explanation purposes only.

2.6 Book of Reference notes

- 2.6.1 Part 1 of this Book of Reference provides the area in square metres of each plot of land included in the draft DCO. All plot measurements should be read as being approximated. This is because these measurements are given in square metres and each measurement is rounded up to the nearest whole square metre.
- 2.6.2 Each plot of land shown in this Book of Reference has been given a unique reference. The first number relates to the Land Plans sheet **[CR3-003]** on which the plot is located. The second number differentiates between each plot sequentially. The numbers given to each plot are generally assigned from east to west across each sheet
