6	Alan Johnson					1	11-06	CA(SS)	Pipeline	N/A	Y	N	<p>Negotiations commenced May 2022. Engagement letter commencing negotiations sent on 12 May 2022, and Heads of Terms for pipeline issued on 9 July 2022. Heads of Terms confirmed to have been passed to land agent on 11 August 2022. Comments have been provided on a number of clauses on the Heads of Terms provided by land agent. Meeting held with land agent for all associated clients on 14 September 2022. Key issues related to lift and shift clauses, consideration payments and professional fees. Follow ups with land agent on 23 November 2022. Land agent was contacted to arrange meetings for clients on 30 November, 2 and 6 December 2022, and followed up on 4 January 2023. Response received from land agent on 5 January 2023. Meeting held on 15 February 2023 to provide an update on the scheme. Updated Heads of Terms were sent to the landowner and agent on 15 March 2023. These were emailed again on 17 March 2023. Meeting held with land agent on 27 March 2023 to discuss the updated Heads of Terms. Further to the meeting on the 27 March 2023, the Applicant issued a response to the landowners' agent on 27 April 2023 providing an update on the key points relating to the Heads of Terms. Meeting arranged and held on 5 May 2023. The Applicant has been frequently requesting meetings with the landowner's agent to discuss the Heads of Terms - the Applicant is still awaiting confirmation from the landowner's agent on availability. A further follow up in this regard was sent on 18 May 2023. An email was received from the land agent on 23 May 2023 but did not provide a response to the Applicant's request for engagement or further meetings. Update meeting held with the landowner's agent on 12 June 2023 to discuss Heads of Terms. Call made to landowner's agent on 23 June 2023 to discuss Heads of Terms. Email sent to landowner's agent on 30 June 2023 requesting a meeting week commencing 3 July 2023 to discuss Heads of Terms. Further email sent to land agent on 11 July 2023 requesting availability for client meetings to further discuss Heads of Terms as no response received to email on 30 June 2023. The Applicant held a meeting with the landowners agent on 20 July 2023 to discuss the Heads of Terms and provide an update on the project. The Applicant has continued to review its commercial offering and benchmark this against comparable land transactions. Further to recent engagement with the landowners agent on 20 July 2023, The Applicant issued updated Head of Terms on 1 August 2023 to the landowner and their agent providing a further uplift on its commercial offer. The Applicant sent an email to the landowner's agent on 21 August 2023 requesting a meeting to discuss the updated commercial offer within the latest Heads of Terms issued on 1 August 2023. The Applicant received a response from the landowner's agent on 22 August 2023 advising they do not wish to have any further meetings until the commercial offerings are further increased and that they will not be taking any steps to move forward unless the commercial offer is increased again. The Applicant responded on 30 August 2023 to express their disappointment that the landowners' agent did not wish to further engage. The Applicant also reiterated that the uplifted commercial offering in place reflects recent comparable land transactions, is considered by the Applicant's advisors to be a fair reflection of the current open market value of the land, and no further increases are proposed. A further response was then received on 31 August 2023 from the landowner's agent clarifying that they would continue to engage with the Applicant. The Applicant responded to the landowner's agent on 31 August 2023 reconfirming their position on the commercial offering. The Applicant will seek to meet with the landowner's agent in order to try and resolve this matter. <u>The Applicant received a response from the landowner's agent on 5 September 2023 advising they would be willing to meet for a meaningful discussion. The Applicant responded on 8 September 2023 and provided further evidence of recent comparable market transactions and requested a meeting to discuss the Heads of Terms.</u> The Applicant met with the landowner's agent on 11 September 2023 and provided a general project update <u>in terms of examination timescales and progress.</u> Further emails were exchanged prior to this meeting. <u>The landowner's agent called the Applicant on 12 September 2023 to request the landowner's uplifted Heads of Terms be sent to two of their colleagues - the Applicant emailed the Heads of Terms on 13 September 2023. The Applicant sent a further email on 20 September 2023 requesting availability for a meeting to have a further discussion on the Heads of Terms, in particular regarding recent comparable market transactions.</u> <del>Further emails were exchanged prior to this meeting. Due to the response received from the landowner's agent on 22 August 2023, the Applicant acknowledges that it is now very unlikely a voluntary agreement will be concluded before the end of the Examination period. Negotiations on signing the Heads of Terms are ongoing.</del></p>	N	None received	Ongoing discussions and meetings. Comments have been provided on a number of clauses on the Heads of Terms provided by land agent. Meeting held with land agent for all associated clients on 14 September 2022. Key issues related to lift and shift clauses, consideration payments and professional fees. A further Heads of Terms agreement was issued on 23 September 2022 for mitigation land. Land agent was contacted to arrange meetings for clients on 30 November, 2 and 6 December 2022, and further followed up on 4 January 2023. Response received from land agent on 5 January 2023. Meeting requested again on 26 January 2023 and held with land agent on 15 February 2023 to provide an update on the scheme. Meeting held with land agent and landowner on 3 March 2023 to discuss the project and the landowners proposed solar development. Agreed requirement for further meeting with solar developer. Updated Heads of Terms were sent to the landowner and agent on 20 March 2023. Meeting held with landowner, agent and Anesco (solar developer). Further meeting held with land agent on 27 March 2023 to discuss the updated Heads of Terms. Further engagement was held with the landowner's agent on the 14 April 2023 and again on the 18 April 2023 relating to plans. Further correspondence relating to the Statement of Common Ground was sent to the landowner's agent on 22 April 2023. Further to the meeting on the 27 March 2023, the Applicant issued a response to the landowner's agent on 27 April 2023 providing an update on the key points relating to the Heads of Terms. Meeting arranged and held on 5 May 2023. Negotiations on signing the updated Heads of Terms are ongoing. The Applicant has been frequently requesting meetings with the landowner's agent to discuss the Heads of Terms - the Applicant is still awaiting confirmation from the landowner's agent on availability. A further follow up in this regard was sent on 18 May 2023. An email was received from the land agent on 23 May 2023 but did not provide a response to the Applicant's request for engagement or further meetings. Update meeting held with the landowner's agent on 12 June 2023 to discuss Heads of Terms. Email received from land agent on 14 June 2023 and the Applicant responded on 16 June 2023 to respond to queries. Call made to landowner's agent on 23 June 2023 to discuss Heads of Terms. Further email sent to land agent on 11 July 2023 requesting availability for client meetings to further discuss Heads of Terms as no response received to email on 30 June 2023. The Applicant held a meeting with the landowners agent on 20 July 2023 to discuss the Heads of Terms and provide an update on the project. The Applicant has continued to review its commercial offering and benchmark this against comparable land transactions. Further to recent engagement with the landowners agent on 20 July 2023, The Applicant issued updated Head of Terms on 1 August 2023 to the landowner and their agent providing a further uplift on its commercial offer. The Applicant sent an email to the landowner's agent on 21 August 2023 requesting a meeting to discuss the updated commercial offer within the latest Heads of Terms issued on 1 August 2023. The Applicant received a response from the landowner's agent on 22 August 2023 advising they do not wish to have any further meetings until the commercial offerings are further increased and that they will not be taking any steps to move forward unless the commercial offer is increased again. The Applicant responded on 30 August 2023 to express their disappointment that the landowners' agent did not wish to further engage. The Applicant also re-iterated that the uplifted commercial offering in place reflects recent comparable land transactions, is considered by the Applicant's advisors to be a fair reflection of the current open market value of the land, and no further increases are proposed. A further response was then received on 31 August 2023 from the landowner's agent clarifying that they would continue to engage with the Applicant. The Applicant responded to the landowner's agent on 31 August 2023 reconfirming their position on the commercial offering. The Applicant will seek to meet with the landowner's agent in order to try and resolve this matter. <a href="#">The Applicant received a response from the landowner's agent on 5 September 2023 advising they would be willing to meet for a meaningful discussion. The Applicant responded on 8 September 2023 and provided further evidence of recent comparable market transactions and requested a meeting to discuss the Heads of Terms.</a> The Applicant met with the landowner's agent on 11 September 2023 and provided a general project update <a href="#">in terms of examination timescales and progress.</a> Further emails were exchanged prior to this meeting. <a href="#">The landowner's agent called the Applicant on 12 September 2023 to request the landowner's uplifted Heads of Terms be sent to two of their colleagues - the Applicant emailed the Heads of Terms on 13 September 2023. The Applicant sent a further email on 20 September 2023 requesting availability for a meeting to have a further discussion on the Heads of Terms, in particular regarding recent comparable market transactions. Due to the response received from the landowner's agent on 22 August 2023, the Applicant acknowledges that it is now very unlikely a voluntary agreement will be concluded before the end of the Examination period. Negotiations on signing the Heads of Terms are ongoing.</a>	N	None received	Ongoing discussions and meetings. A Heads of Terms agreement was issued on 23 September 2022 for drainage land. Followed up to confirm receipt on 21 October 2022. It was confirmed as with company legal team on 24 October 2022. Meeting held on 10 November 2022 to discuss Heads of Terms and requirements for the drainage ditch. A further meeting was arranged on 6 March 2023. Updated Heads of Terms were sent to the landowner and agent on 31 March 2023. Feedback on the Heads of Terms was provided by the landowner on 13 April 2023. Feedback from CF Fertilisers on the Heads of Terms regarding the ditch was held via email on 16 May and 18 May 2023. Update meeting held on 26 May 2023. The Applicant sent a follow up email to the landowner on 19 June 2023. Negotiations are ongoing. An email was sent on 4 July to confirm changes proposed in Change Request 3, that impact CF. On 12 July the Applicant sent CF an updated draft of Protective Provisions, and is awaiting their response. On 14 July the Applicant followed up and sending a email to organise a follow-up meeting. Correspondence regarding protective provisions between the Applicant and landowner on 20, 24, 25, 26 and 27 July 2023 and their main objections have been addressed with the changes made in Change Request 3 (CR3). Based on the changes proposed in CR3, after a series of emails, on 28/07/23 CF confirmed that they longer required a Statement of Common Ground and an agreed working with respect to Protective Provisions. As a result of changes made in CR3, the Applicant is no longer required to agree Heads of Terms with the landowner.	N	The Landowner's objections have been addressed by Change Request 3.	No agreement is required as a result of design changes made at Change Request 3. Discussions surrounding the landowner's rights interests to continue.

Further to recent engagement with the landowners agent on 20 July 2023, The Applicant issued updated Head of Terms on 1 August 2023 to the landowner and their agent providing a further uplift on its commercial offer. The Applicant sent an email to the landowner's agent on 21 August 2023 requesting a meeting to discuss the updated commercial offer within the latest Heads of Terms issued on 1 August 2023. The Applicant received a response from the landowner's agent on 22 August 2023 advising they do not wish to have any further meetings until the commercial offerings are further increased and that they will not be taking any steps to move forward unless the commercial offer is increased again. The Applicant responded on 30 August 2023 to express their disappointment that the landowners' agent did not wish to further engage. The Applicant also reiterated that the uplifted commercial offering in place reflects recent comparable land transactions, is considered by the Applicant's advisors to be a fair reflection of the current open market value of the land, and no further increases are proposed. A further response was then received on 31 August 2023 from the landowner's agent clarifying that they would continue to engage with the Applicant. The Applicant responded to the landowner's agent on 31 August 2023 reconfirming their position on the commercial offering. The Applicant will seek to meet with the landowner's agent in order to try and resolve this matter. <a href="#">The Applicant received a response from the landowner's agent on 5 September 2023 advising they would be willing to meet for a meaningful discussion. Engagement as part of the consultation, land referencing and transport assessment process. As highway authority, these interests have not yet been contacted to discuss commercial negotiations. Negotiations commenced September 2022. A further letter was issued on 29 September 2022 with Heads of Terms for 100 m optionality required for two plots. A further Heads of Terms pack was issued on 11 November 2022 with updated plan. Emailed landowner to confirm receipt on 5 December 2022 and 12 and 20 January 2023. Call received from landowner on 20 January 2023 to confirm comments on Heads of Terms would be returned the following week, but not received. Updated Heads of Terms were sent to the landowner on 31 March 2023. Emailed landowner to ask for comments on revised Heads of Terms on 3 May 2023. Call was attempted on 16 May 2023 and follow up email was sent to request more information on who at the Council is dealing with the Heads of Terms and to request dates for a meeting. Chaser email was sent on 26 May 2023 and 5 June 2023. Email response from Council on 5 June 2023 confirming willingness to engage and have a more detailed understanding of the equipment/apparatus placed on the land and the timescales involved with the project. The Applicant spoke with the landowner at the Compulsory Acquisition hearing on 7 June 2023 to agree to engage going forwards. Email sent to the landowner on 14 June requesting availability for a Teams meeting to discuss the Heads of Terms. Landowner confirmed availability on 16 June 2023 and a follow up email was sent on 19 June 2023 by the Applicant confirming a meeting for 22 June 2023. Meeting held on 22 June 2023. Draft Option and Lease to be sent to Legal team to review. The Applicant emailed the landowner on 14 July 2023 to provide an update on Heads of Terms. Negotiations on signing the updated Heads of Terms are ongoing. The Applicant has continued to review its commercial offering and benchmark this against comparable land transactions. The Applicant issued updated Head of Terms on 7 August 2023 to the landowner providing a further uplift on its commercial offer. The landowner's Legal Team emailed on 23 August 2023 confirming new representative who will be dealing with Heads of Terms going forward, and requested a cost undertaking from the Applicant on 24 August 2023. <a href="#">The Applicant is awaiting for the landowner's solicitors to confirm how much the undertaking will be.</a> The Applicant provided copies of the relevant Land Registry documents for the landowner to review on 11 September 2023.	N	Discussions ongoing. Issues relate to timetable (including method of acquisition) and potential effect on management of nominated County Council land affected by the proposed scheme, extent of working width / easement width, proposed construction works on the relevant County Council land and the potential effect on the Council's retained land (whether including retained working width/depth below ground of any pipeline / equipment etc) including potential development.	Ongoing discussions and meetings. The Applicant remains open and committed to reaching a voluntary agreement with the landowner <del>however it is unlikely at present this will be achieved before the close of examination.</del>

Engagement letter commencing negotiations sent on 12 May 2022, and Heads of Terms for pipeline issued on 9 July 2022. Followed up on 1 August 2022 to ensure the Heads of Terms were received, and it was confirmed that the terms were being considered. A further follow up on 08 September 2022 confirmed that the Heads of Terms were undergoing internal consultation within NRW with a response expected in the next 4 weeks. A potential concern was raised with the inclusion of a portion of the River Dee flood defence but negotiations will be ongoing once feedback is received. An email was sent on 29 September 2022, advising of additional plots to be included in the Heads of Terms. Various ad hoc updates provided between October 2022 to March 2023 regarding the ongoing internal consultation by the landowner. Updated Heads of Terms were sent to the landowner and agent on 15 March 2023. Email received from the landowner on 03 April 2023 advising they had received the updated Heads of Terms. The landowner also advised their internal consultation was continuing to progress but has not yet completed. The landowner advised they would aim to provide the Applicant with a substantive response before the end of April. Email sent to landowner requesting an update on the internal consultation and Heads of Terms on the 22 May 2023. Further email sent to the landowner on 14 June 2023 requesting a response to the email on 22 May 2023. Chaser email from the Applicant sent on 26 June 2023. Chaser emails sent by the Applicant on 6 July and 14 July 2023. The Applicant has continued to review its commercial offering and benchmark this against comparable land transactions. The Applicant issued updated Head of Terms on 1 August 2023 to the landowner providing a further uplift on its commercial offer. Email sent to landowner on 21 August 2023 with electronic copy of the Heads of Terms and offering an opportunity for a follow up meeting. The Applicant sent a further chaser on 1 September <a href="#">and again on 18 September 2023</a> as no significant response or feedback has been provided on the Heads of Terms by the landowner it is therefore unlikely a voluntary agreement will be in place before the close of examination. Further information was requested by Network Rail for each of the 4 crossings, which was provided on 5 September 2022. Currently awaiting information from Network Rail on their proposed terms and requirements. Network Rail sent acknowledgement of receipt on 18 October 2022, and confirmed they will seek approvals for disposals. Follow up made on 10 November 2022 to chase update. Meeting arranged with Network Rail on 17 November 2022, but was not attended. Attempts to rearrange the meeting were made on 29 November and 12 December 2022. Escalated to seniors in Network Rail to rearrange meeting on 13 January 2023. Further chance was made on 2 February 2023. Meeting with Network Rail took place on 06 April 2023 to discuss the project and the crossing consents required on the back of the information which the Applicant had provided on 5 September 2022. Further to a teams call with Network Rail on 6 April 2023 it was agreed Network Rail would follow up with their property team regarding the Heads of Terms. A site visit was undertaken with Network Rail on 20 April 2023 from a technical perspective. Network Rail advised they would follow up with their property team regarding Heads of Terms negotiations as the Applicant had been struggling to receive a response. Meeting held on 1 June 2023 to discuss the Statement of Common Ground. Follow up email sent to the landowner on 7 June 2023 and again on 16 June 2023. A response was received from the landowner on 16 June 2023. Email correspondence between the Applicant and Network Rail regarding Statement of Common Ground on 23 June 2023 and 30 June 2023. The Applicant provided their response on 4 July 2023, and a Teams meeting was held on 6 July 2023. Further to the call, the Applicant sent a follow up email on 6 July 2023. Further follow up email was sent by the Applicant on 10 July 2023. Responses received by the landowner on 11 July and 12 July 2023. The Applicant and the landowner held positive teams meetings on 10, 16, 23 and 30 August, and 7 September 2023 to discuss the SOCG and Heads of Terms. It is the Applicant's intention to reach a voluntary agreement with the landowner as soon as possible. <a href="#">The Applicant sent an email on 8 September 2023 providing feedback on the draft commercial agreements. Engagement letter commencing negotiations sent on 12 May 2022, and Heads of Terms for pipeline issued on 9 July 2022. Landowner acknowledged receipt of the Heads of Terms on 27 July 2022, but said they were not interested in signing them due to concerns that their glamping business will be impacted by the route. Contact is currently being made to arrange a site meeting with the landowner. Call made on 3 October 2022 to arrange site meeting, and response received on 6 October 2022 to confirm require cover of professional fees. Follow up call attempted on 1 November 2022 to respond to professional fees point. Further contact made on 9 December to request meeting, to be arranged in the new year. Requested site meeting on 6 January 2023, which was arranged and held on 21 January 2023 to provide a project update. Queried how to make a representation after the close of the period, which was supported. A further meeting was held on 3 February 2023 with technical team to discuss the landowners glamping business and provide a project update. Updated Heads of Terms were sent to the landowner and agent on 31 March 2023. Various correspondence with the landowner during April and May regarding the updated Heads of Terms. Further follow up held with the landowner on 22 May 2023. The Applicant provided an update on 12 June 2023 and followed up again on 14 June 2023. Email received from landowner on 23 June 2023, and follow up call made on 26 June 2023. Email sent to landowner's planning agent on 28 June 2023. Telephone discussion with planning agent 28th June. Engagement letter commencing negotiations sent on 12 May 2022, and Heads of Terms for pipeline issued on 9 July 2022. Heads of Terms for compound issued on 27 August 2022. Comments have been provided on a number of clauses on the Heads of Terms provided by land agent. Meeting held with land agent for all associated clients on 14 September 2022. Key issues related to lift and shift clauses, consideration payments and professional fees. A further Heads of Terms agreement was issued on 23 September 2022 for mitigation land. A further letter was issued on 23 September 2022 to highlight to tenants that Heads of Terms had been shared with landowners and to encourage and facilitate engagement for an agreement. An email was sent on 29 September 2022, advising of an amended plan to be included in the Heads of Terms. Received an update on 2 November 2022 that land was in the process of transfer. Updated Heads of Terms issued on 7 November 2023 with an updated plan. Land agent was contacted to arrange meetings for clients on 30 November, 2 and 6 December 2022, and followed up on 4 January 2023. Response received from land agent on 5 January 2023. Meeting held on 23 January 2023 to provide an update on the scheme. Updated Heads of Terms were sent to the landowner and agent on 20 March 2023. Meeting held with land agent on 27 March 2023 to discuss the updated Heads of Terms. Further to the meeting on 27 March 2023, the Applicant issued a response to the landowners' agent on 27 April 2023 providing an update on the key points relating to the Heads of Terms. Meeting arranged and held on 5 May 2023. The Applicant has been frequently requesting meetings with the landowner's agent to discuss the Heads of Terms - the Applicant is still awaiting confirmation from the landowners' agent on availability. A further follow up in this regard was sent on 18 May 2023. An email was received from the land agent on 23 May 2023 but did not provide a response to the Applicant's request for engagement or further meetings. Engagement letter commencing negotiations sent on 12 May 2022, and Heads of Terms for pipeline issued on 9 July 2022. Landowner acknowledged receipt of the Heads of Terms on the 13 July but confirmed that they are not content with the terms set out, requesting a site meeting. A site meeting was carried out on 18 July 2022 to discuss the pipeline crossing the land and raised concerns about the potential for development. A copy of development plans was requested and follow up on 7 September 2022 and 15 September 2022. The landowner confirmed on 21 September 2022 that they do not have any plans to provide for the development proposal, and are still in ongoing negotiations. Follow up call made to request development plans on 7 October 2022. Site meeting held on 16 November 2022 and plan of potential development provided. Requested detailed drawing of plans on 17 November 2022. Email to landowner requesting a further site meeting sent on 12 January 2023, which was refused on 13 January 2023. Updated Heads of Terms were sent to the landowner and agent on 15 March 2023. Call on 19 April 2023 where landowner confirmed receipt of the Heads of Terms and that they do not wish to sign the terms given the potential development land. The Applicant has continued to review its commercial offering and benchmark this against comparable land transactions. The Applicant issued updated Head of Terms on 1 August 2023 to the landowner providing a further uplift on its commercial offer. Due to the landowner not willing to sign the Heads of Terms as set out on the call 19 April 2023 no further significant correspondence has been received it is therefore not expected the Applicant will reach a voluntary agreement with the landowner before the close of examination. 121	Stephanie Roberts		051			1	15-05	CA(SS)	Pipeline	N/A	Y	N	Negotiations commenced September 2022. A letter was issued on 23 September 2022 to highlight to tenants that Heads of Terms had been shared with landowners and to encourage and facilitate engagement for an agreement. Land agent was contacted to arrange meetings for clients on 2 December 2022, and followed up on 7 December 2022 where land agent provided comments on Heads of Terms and confirmed wish for meeting to discuss project for his clients. Meeting arranged and held on 5 January 2023 to provide project update. Updated Heads of Terms were sent to the tenant and agent on 20 March 2023. Meeting held with land agent on 27 March 2023 to discuss the updated Heads of Terms. Request received from land agent on 6 April 2023 for a meeting. Meeting arranged on 5 May 2023 but then postponed at the request of land agent. Follow up calls made to land agent on 12 and 22 May 2023 to rearrange meeting. Update meeting held with the landowners agent on 2 June 2023 to discuss Heads of Terms. Following the meeting on 2 June, the Applicant provided a further update to the points discussed on 6 June 2023. Email sent to the tenant's landlord on 16 June 2023 requesting a further meeting to discuss Heads of Terms. Meeting held on 23 June 2023 with landlord's land agent to discuss Heads of Terms. Email sent to the landowner's land agent on 30 June 2023 requesting a meeting week commencing 3 July 2023 to discuss Heads of Terms. Further email sent by the Applicant on 4 July 2023 to landowner's agent requesting an update on Heads of Terms, and response received on 5 July 2023. Response received from landowner's land agent on 10 July providing availability for a meeting to discuss Heads of Terms. The Applicant replied on 11 July offering availability for a meeting on week commencing 17 July 2023. Updated Heads of Terms issued to the tenant's landlord on 18 July 2023. The Applicant held a meeting with the landowners agent on 20 July 2023 to discuss the Heads of Terms and provide an update on the project. A meeting was held with the tenant's agent on 11 August 2023 to provide a general project update. A further call was made to the tenant's agent on 1 September 2023. The Applicant sent a follow up email on 29 August 2023 to the landowner's agent requesting an update on the Heads of Terms. The Applicant received a response on 29 August 2023 from the landowner's agent advising they would not be proceeding with the signature of these Heads of Terms at present. The Applicant sent an email to the landowner's agent on 30 August regarding the Heads of Terms following up from a telephone call on the same day. The Applicant intends to meet with the landowner's agent the week commencing 4 September 2023 to further discuss matters with the hope of closing out all remaining points before the end of examination. <a href="#">The Applicant tried to call the tenant's landlord's agent on 14 and 19 September 2023 to arrange a meeting. The agent was not available on either occasion, so a message was left with their secretary. The Applicant is continuing to chase in order to arrange a meeting. The Applicant did not receive a response to the email sent to the tenant's agent on 4 September 2023, so the Applicant sent a further email requesting a response on 20 September 2023</a> Negotiations on signing the updated Heads of Terms are ongoing. 122	Stephen Derrick Boyling					1	11-09	CA(SS)	Pipeline	N/A	Y	N	Negotiations commenced May 2022. Engagement letter commencing negotiations sent on 12 May 2022, and Heads of Terms for pipeline issued on 9 July 2022. Comments have been provided on a number of clauses on the Heads of Terms provided by land agent. Meeting held with land agent for all associated clients on 14 September 2022. Key issues related to lift and shift clauses, consideration payments and professional fees. A further letter was issued on 23 September 2022 to highlight to tenants that Heads of Terms had been shared with landowners and to encourage and facilitate engagement for an agreement. Landowner noted request for meeting to ecology surveyors when on site on 25 October 2022. Follow up call made on 2 November 2022 to provide project update. Request made to land agent to arrange meeting on 4 November 2022. Further call from landowner requesting meeting received on 11 November 2023, which was arranged and held on 16 November 2023. Land agent was contacted to arrange meetings for clients on 30 November, 2 and 6 December 2022, and followed up on 4 January 2023. Response received from land agent on 5 January 2023. Meeting held on 7 February 2023 to provide an update on the scheme. Updated Heads of Terms were sent to the landowner and agent on 15 March 2023. Meeting held with land agent on 27 March 2023 to discuss the updated Heads of Terms. Further to the meeting on 27 March 2023, the Applicant issued a response to the landowner's agent on 27 April 2023 providing an update on the key points relating to the Heads of Terms. The Applicant has been frequently requesting meetings with the landowner's agent to discuss the Heads of Terms - the Applicant is still awaiting confirmation from the landowner's agent on availability. A further follow up in this regard was sent on 18 May 2023. An email was received from the land agent on 23 May 2023 but did not provide a response to the Applicant's request for engagement or further meetings. Update meeting held with the landowner's agent on 12 June 2023 to discuss Heads of Terms. Call made to landowner's agent on 23 June 2023 to discuss Heads of Terms. Email sent to landowner's agent on 30 June 2023 requesting a meeting week commencing 3 July 2023 to discuss Heads of Terms. Further email sent to land agent on 11 July 2023 requesting availability for client meetings to further discuss Heads of Terms as no response received to email on 30 June 2023. The Applicant held a meeting with the landowners agent on 20 July 2023 to discuss the Heads of Terms and provide an update on the project. The Applicant has continued to review its commercial offering and benchmark this against comparable land transactions. Further to recent engagement with the landowners agent on 20 July 2023, The Applicant issued updated Head of Terms on 1 August 2023 to the landowner and their agent providing a further uplift on its commercial offer. The Applicant sent an email to the landowner's agent on 21 August 2023 requesting a meeting to discuss the updated commercial offer within the latest Heads of Terms issued on 1 August 2023. The Applicant received a response from the landowner's agent on 22 August 2023 advising they do not wish to have any further meetings until the commercial offerings are further increased and that they will not be taking any steps to move forward unless the commercial offer is increased again. The Applicant responded on 30 August 2023 to express their disappointment that the landowners' agent did not wish to further engage. The Applicant also reiterated that the uplifted commercial offering in place reflects recent comparable land transactions, is considered by the Applicant's advisors to be a fair reflection of the current open market value of the land, and no further increases are proposed. A further response was then received on 31 August 2023 from the landowner's agent clarifying that they would continue to engage with the Applicant. The Applicant responded to the landowner's agent on 31 August 2023 reconfirming their position on the commercial offering. The Applicant will seek to meet with the landowner's agent in order to try and resolve this matter. <u>The Applicant received a response from the landowner's agent on 5 September 2023 advising they would be willing to meet for a meaningful discussion. The Applicant responded on 8 September 2023 and provided further evidence of recent comparable market transactions and requested a meeting to discuss the Heads of Terms.</u> The Applicant met with the landowner's agent on 11 September 2023 and provided a general project update <u>in terms of examination timescales and progress.</u> Further emails were exchanged prior to this meeting. <u>The landowner's agent called the Applicant on 12 September 2023 to request the landowner's uplifted Heads of Terms be sent to two of their colleagues - the Applicant emailed the Heads of Terms on 13 September 2023. The Applicant sent a further email on 20 September 2023 requesting availability for a meeting to have a further discussion on the Heads of Terms, in particular regarding recent comparable market transactions.</u> <del>Further emails were exchanged prior to this meeting. Due to the response received from the landowner's agent on 22 August 2023, the Applicant acknowledges that it is now very unlikely a voluntary agreement will be concluded before the end of the Examination period. Negotiations on signing Heads of Terms are ongoing.</del>	N	None received	Ongoing discussions and meetings. Engagement letter commencing negotiations sent on 12 May 2022, and Heads of Terms for pipeline issued on 9 July 2022. Meeting held on 12 August 2022 to discuss the Heads of Terms and project. Concerns raised relating to the pipeline route and a new slurry tank erected in field adjacent to house. Further Heads of Terms for a proposed compound were issued on 27 August 2022. Land agent provided comments on Heads of Terms. A further Heads of Terms agreement was issued on 23 September 2022 for mitigation land. A further letter was issued on 23 September 2022 to highlight to tenants that Heads of Terms had been shared with landowners and to encourage and facilitate engagement for an agreement. Meeting with land agent on 5 October 2022 to discuss Heads of Terms and provide comments. Site meeting with landowner held on 7 December 2022 to undertake a farm impact assessment. A further site meeting was held on 17 February 2023 with landowner and land agent to discuss project requirements. Further correspondence was had with the Landowner on 28 February 2023. Landowner confirmed name of legal advisors on 6 March 2023, which was acknowledged on 8 March 2023. Further meeting held with land agent on 27 March 2023 to discuss the updated Heads of Terms, and confirmed that updated Heads of Terms were in progress but were being held while further consideration is had relating to construction compound and land impacts. Meeting arranged and held on 5 May 2023. Further meeting arranged and held on 19 May 2023 to discuss project requirements. The landowner has requested that further updates of the Heads of Terms are placed on hold until a satisfactory agreement between the parties is reached. A discussion took place with the landowner's agent at the compulsory acquisition hearing on 7 June 2023 and agreed further updates would be provided regarding the Heads of Terms and other matters related to their representations. Telephone call with the landowner's land agent on 15 June 2023 and again on 19 June 2023 to discuss Heads of Terms and matters relating to their representations. The Applicant issued a formal letter to the landowner on 26 June 2023 providing a status update on a number of key project updates including change request 3. Phone call to landowner's agent on 29 June 2023 requesting a site visit, a meeting has been arranged for 7 July 2023. Further email sent to the landowner's agent and the landowner with a copy of the letter sent on 26 June 2023. Site meeting with landowner and land agent on 7 July 2023 to discuss Change Request 2 and 3 along with the Heads of Terms. The Applicant had a telephone call with the landowners agent on 7 August 2023 regarding Heads of Terms. The Applicant is committed to continued engagement with the landowner, with the aim to further resolve the landowner's remaining objections, however some distance between the parties remain. Further to the Compulsory Acquisition hearing on the 10 August 2023 the Applicant arranged a meeting with the landowners agent for the 14 August 2023. The Applicant met with the landowners agent on 14 August 2023 to discuss the key issues raised within the compulsory acquisition hearing. The Applicant and the landowners agent agreed the heads of terms could be further bespoke to accommodate and facilitate a number of the landowners requests. The landowners agent agreed that it would be best to send the Heads of Terms to himself in the first instance so these could be discussed with his client. The Applicant issued updated bespoke heads of terms to the landowner's agent on 22 August 2023. The Applicant received an email from the landowner on 18 August 2023 requesting a copy of the D.7.52 Ewloe Routing and Mitigation Position Paper. The Applicant responded on 19 August 2023 with a link to the paper and offered to hand deliver a copy of this. A further email was received from the landowner on 21 August 2023 requesting further information to which the landowner provided a detailed response on 31 August 2023. The Applicant also hand delivered and spoke at length with the landowner regarding their concerns on 25 August 2023 and the landowner advised the Applicant that his agent had not yet discussed the updated heads of terms with them. <a href="#">The Applicant met with the landowners agent on 15 September 2023 and provided a general project update, the landowners agent advised they would be meeting with the landowner on 18 September 2023 to further discuss the Heads of Terms.</a> The Applicant remains committed to engaging and negotiating with the landowner and their agent however at this current stage it is unlikely a voluntary agreement will be reached before the close of examination.
