

Application for Development Consent for Nationally Significant Infrastructure Projects under the Planning Act 2008

* required information

Application Form

Please read guidance documents relating to the submission of applications prior to completing this form including [government guidance](#) and the Planning Inspectorate's [Advice Note Six: Preparation and submission of application documents](#).

* Do you have a reference number?

Yes No

* Reference number

1. Applicant

* Organisation

Address

* Building number or name

* Street

* City or town

County or administrative area

* Postcode

* Country

* Name of contact

* Telephone number

Fax number

* Email

2. Agent

* Are you an agent acting on behalf of the Applicant?

Yes No

* Organisation

Address

* Building number or name	<input type="text" value="12"/>
* Street	<input type="text" value="Regan Way"/>
* City or town	<input type="text" value="Beeston"/>
County or administrative area	<input type="text" value="Nottingham"/>
* Postcode	<input type="text" value="NG9 6RZ"/>
* Country	<input type="text" value="United Kingdom"/>
* Name of contact	<input type="text" value="Adam Wilson"/>
* Telephone number	<input type="text" value="07917 986 094"/>
Fax number	<input type="text"/>
* Email	<input type="text" value="vikingccspipeline@aecom.com"/>

3. Fee

* State the arrangement for the application fee payment:

BACS CHAPS Cheque

* Please provide payment reference details

4. Confirming why the Planning Inspectorate should receive the application

* Brief statement to explain why this application is, or is to be treated as, a development for which development consent is required under the Planning Act 2008

The Proposed Development is defined as an NSIP under Section 14(1)(g) and Section 21(1) of the PA2008. The relevant part of each is below:

Section 14(1)(g):

(1) In this Act “nationally significant infrastructure project” means a project which consists of any of the following –
(g) the construction of a pipe-line other than by a gas transporter

Section 21:

(1) The construction of a pipe-line other than by a gas transporter is within section 14(a)(g) only if (when constructed) the pipe-line is expected to be:

(a) a cross-country pipeline,

(b) a pipeline the construction of which would (but for section 33(1) of this Act) require authorisation under section 1(1) of the Pipelines Act 1962 (c. 58) (cross-country pipelines not to be constructed without authorisation), and
(c) within subsection (2).

(2) A pipeline is within this subsection if one end of it is in England or Wales and

(a) the other end of it is in England or Wales.

Further to Section 21(1)(a) of the PA2008, a cross-country pipeline is defined in Section 235 of the PA2008 as having: “the same meaning as in the Pipelines Act (PLA) 1962 (c. 58) (see section 66 of that Act). The PLA s66(1) provides that a “‘Cross-country pipeline’ means a ‘pipe-line’ whose length exceeds, or is intended to exceed, 16.093km” (UK Parliament, 1962). The length of the proposed Viking CCS Pipeline is approximately 55km, and as such is defined as a ‘cross country pipeline’.

5. Non-technical description of the Proposed Development

* Brief non-technical description of the Proposed Development

Continued from previous page...

The Viking CCS Pipeline ('the Proposed Development') comprises a new 24" (609 mm) diameter onshore pipeline of approximately 55.5 km in length, which will transport Carbon Dioxide (CO₂) from the Immingham industrial area to the Theddlethorpe area on the Lincolnshire coast, where it will connect into the existing 36" (921 mm) diameter offshore LOGGS pipeline. An overview of the Proposed Development and its environmental impacts is provided within the Environmental Statement Non-Technical Summary (EN070008/APP/6.1).

6. Location or route of the Proposed Development

* Description of location of application site(s), or route of development (reference to appropriate plans)

The Proposed Development Site is linear in shape, it extends southwards from Immingham to Theddlethorpe on the east coast. The Site lies within the administrative areas of East Lindsey District Council, West Lindsey District Council, North Lincolnshire Council, North East Lincolnshire Council and is within Lincolnshire County Council. The Order Limits, shown on the Location Plan (EN07008/APP/4.1), comprise the outer limits of both the temporary and permanent land take required for the construction and operation of the Proposed Development. For the majority of the pipeline route the Order Limits comprise a 100m wide corridor.

* Is the site a single site or a linear site?

Single site Linear site

22. Additional information for specific types of infrastructure

Continued from previous page...

* Additional information is required to be submitted in accordance with Regulation 6 of The Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009:

Yes No

* Provide a brief description

In accordance with Regulation 6(4) of The Infrastructure Planning (Applications: Prescribed Forms and Procedure Regulations 2009, the following information is presented in the Planning Statement [EN070008/APP/7.1] submitted in support of this application:

- (a) the name of the proposed pipeline;
- (b) the owner of the proposed pipeline;
- (c) the start and end point of the proposed pipeline;
- (d) the length of the proposed pipeline in kilometres
- (e) the external diameter in millimetres of the proposed pipeline;
- (f) what will be conveyed by the proposed pipeline; and
- (g) whether the grant of any rights in land or consents to road or river crossing works are required and if so whether they can be obtained by agreement.

* Document reference

Planning Statement: EN070008/APP/7.1

Add another reference

Regulation 6 of the Infrastructure Planning (Applications: Prescribed Forms and Procedures) Regulations 2009 requires additional information to be submitted with the following types of development.

* Please check any of the following boxes that apply:

- Construction or extension of a non offshore generating station (Reg. 6 (1a))
- Construction or extension of an offshore generating station (Reg. 6 (1b))
- Highway related development (Reg. 6 (2) (part 1))
- Construction or alteration of a railway (Reg. 6 (2) (part 2))
- Construction or alteration of harbour facilities (Reg. 6 (3))
- Construction of a pipeline (Reg. 6 (4))
- Construction or alteration of a hazardous waste facility (Reg. 6 (5))
- Construction of a dam or reservoir (Reg. 6 (6))

Construction of a pipeline (Reg. 6 (4))

Enter details of the name of the proposed pipeline

* Name

* Owner

* Start point

* End point

* Length (in kilometres)

* External diameter (in mm)

* What will be conveyed by the proposed pipeline

Continued from previous page...

Carbon Dioxide

* State whether the grant of any rights in land or consents to road or river crossing works are required:

Yes No

* Provide details of whether they can be obtained by agreement

Rights in land and consents for road and river crossing works will be required.

The Schedule of Negotiations and Powers Sought (EN070008/APP/3.4) sets out the status of negotiations with landowners and the powers sought over the order land.

23. Any other plans, drawings and sections necessary to describe the proposal for which development consent is sought, and any other documents, reports or information to support the application

Provide a brief description of any other plans, drawings and sections that are being submitted with this application

The following drawings are provided:

- Special Category Land Plans (EN070008/APP/4.5)
- Immingham Facilities (Plot Plan, Pipe Routing and Elevation) (EN070008/APP/4.6)
- Theddlethorpe Facilities Option 1 (Plot Plan, Pipe Routing and Elevation) (EN070008/APP/4.7)
- Theddlethorpe Facilities Option 2 (Plot Plan, Pipe Routing and Elevation) (EN070008/APP/4.8)
- Construction Compound Layout (Northern Compound) (EN070008/APP/4.9)
- Construction Compound Layout (Central Compound) (EN070008/APP/4.10)
- Construction Compound Layout (Southern Compound) (EN070008/APP/4.11)
- Welfare and Parking Layout (typical layout) (EN070008/APP/4.12)
- Laydown, Welfare and Parking (typical layout) (EN070008/APP/4.13)
- Washingdales Lane Block Valve Station (Plan and elevation) (EN070008/APP/4.14)
- Thoroughfare Lane Block Valve Station (Plan and elevation) (EN070008/APP/4.15)
- Louth Road Lane Block Valve Station (Plan and elevation) (EN070008/APP/4.16)
- Standard Trench Excavation Details (EN070008/APP/4.17)
- Temporary Flume Design (EN070008/APP/4.18)
- Indicative Bellmouth Designs (EN070008/APP/4.19)
- Landscaping Plans (EN070008/APP/4.21)

Pipeline Routing and Elevation Plans for the Immingham and Theddlethorpe facilities, the Block Valve Station plans and elevations and the Temporary Flume Design plan present detail of above ground infrastructure,

The Special Category Land Plans identify special category land located within the Order Limits.

Provide a brief description of any other documents considered necessary to support the application

The Planning Design and Access Statement (EN070008/APP/7.1) which details the Proposed Development's compliance with relevant planning and design policy and legislation at both national and local level, in particular the relevant National Policy Statements (NPS). The document provides a description of the design and access to the Proposed Development, including the evolution of the design. The PDAS also outlines other matters that the Applicant considers to be of relevance and importance to the Secretary of State's decision making.

The Needs Case (EN070008/APP/7.3) which demonstrates the need for the development. It outlines the role of the Viking CCS Pipeline in supporting the decarbonisation of the Humber region and subsequently assisting the UK in meeting its legally binding target to be Net-Zero by 2050. It also details other social, environmental and economic benefits that the Proposed Development will provide.

Statutory Nuisance Statement (EN070008/APP/6.6)

Outline Landscape and Ecological Management Plan (EN070008/APP/6.8) - this document details good management practices and the overarching principles for environmental management

Public Right of Way Management Plan (EN070008/APP/6.11)

Viking CCS Bridging Document (EN070008/APP/6.12)
