### **1. INTRODUCTION**

- **1.1. Purpose of this document** 
  - 1.1.1. This Book of Reference relates to an application made by Chrysoar Production (U.K) Limited, A Harbour Energy Company (the "Applicant") to the Secretary of State for Energy Security and Net Zero via the Planning Inspectorate under section 37 of the Planning Act 2008 (the "2008 Act") for a Development Consent Order ("DCO"). If made, the DCO would grant consent for the Applicant to undertake the Viking CCS Pipeline (the "Scheme").
  - 1.1.2. This Book of Reference lists the plots of land over which the Applicant is seeking powers of compulsory acquisition and powers of temporary possession in the DCO for the purposes of the Scheme. For each plot it identifies whether the Applicant is seeking the power to acquire that plot outright, the power to create and/or acquire permanent rights, or the power to create and/or acquire temporary rights of possession and use. It also lists the persons with land outside the DCO boundary who may be entitled to make a relevant claim for compensation due to the effects of construction or when the Scheme is complete.
  - 1.1.3. This Book of Reference has been prepared and submitted in compliance with Regulation 5(2)(d) of the Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 (the "2009 Regulations"), as amended, and in accordance with the Department for Levelling-Up, Housing and Communities 'Planning Act 2008: Guidance related to procedures for compulsory acquisition' (September 2013).
  - 1.1.4. As this Book of Reference is part of the application documents it should be read in conjunction with the Lands Plans (Application document 4.3), the Crown Land Plans (Application document 4.4), the Special Category Land Plans (Application document 4.5), the Statement of Reasons (Application document 3.2) and the draft DCO (Application document 2.1).
  - 1.1.5. This Book of Reference is divided into five parts as prescribed by Regulation 7(1) of the 2009 Regulations. Each of the five Parts are summarised in the next chapter, together with a brief commentary on how the requirements in the Regulations have been interpreted and applied to the collation of each Part of the Book of Reference.
  - 1.1.6. A detailed description of the Scheme can be found in the 'I in chapter No.3 of the Environmental Statement (Application document 6.1).

## 2. BOOK OF REFERENCE DESCRIPTION

### 2.1. PART 1 DESCRIPTION

2.1.1. Regulation 7(1)(a) of the 2009 Regulations states;

Part 1 contains the names and addresses for service of each person within Categories 1 and 2 as set out in section 57 (categories for purposes of section 56(2)(d)) in respect of any land which it is proposed shall be subject to:

- *i.* powers of compulsory acquisition
- *ii.* rights to use land, including the right to attach brackets or other equipment to buildings
- iii. rights to carry out protective works to buildings
- 2.1.2. Part 1 of this Book of Reference contains the names and addresses for service for every person who is known, after making diligent inquiry, to be an owner, lessee, tenant or occupier of the plot (known as Category 1 persons) or, is interested in or, has the power to sell, convey or release the land (known as Category 2 persons).
- 2.1.3. A person is within Category 1 if the Applicant after making diligent inquiry, knows that they are an owner, lessee, tenant (whatever the tenancy period), or occupier of the land to which the application for development consent related; see section 57(1) and (7) of the 2008 Act.
- 2.1.4. A person is within Category 2 if the Applicant, after making diligent inquiry, knows that they are interested in the land or have the power to sell and convey or release the land. This includes mortgagees, cautioners and beneficiaries that may have an interest in the land to which the application for development consent related.
- 2.1.5. Parties recorded in Part 3 of this Book of Reference have also been included in Part 1.
- 2.1.6. The Applicant has taken the cautious approach of seeking powers of compulsory acquisition (or rights of use) in respect of all plots of land required for the Scheme even where it already holds an interest or presumes it holds an interest in the land. This approach has been taken to ensure that it has the right to acquire the interests it needs in the whole of the DCO land even where an unidentified owner later asserts an interest in land which the Applicant believes it owns.

#### 2.2. PART 2 DESCRIPTION

2.2.1. Regulation 7(1)(b) of the 2009 Regulations states;

Part 2 contains the names and addresses for service of each person within Category 3 as set out in section 57.

2.2.2. Part 2 of this Book of Reference contains the names and addresses (if known by the Applicant) of each person within Category 3, as defined by Section 57 of the 2008 Act.

- 2.2.3. A person is within Category 3 if the Applicant, having made diligent inquiry, believes that, if the DCO were to be made and fully implemented, they would or might be entitled to make a relevant claim as defined in section 57(6) of the 2008 Act. A relevant claim is a claim under section 10 of the Compulsory Acquisition Act 1965 (compensation where satisfaction is not made for the taking or injurious affection of land subject to compulsory purchase), a claim under part 1 of the Land Compensation Act 1973 (compensation for depreciation of land value by physical factors caused by the use of public works), or a claim under section 152(3) of the 2008 Act where land is injuriously affected by the carrying out of the authorised works. No Category 3 parties outside of the order limits have been identified following diligent inquires.
- 2.2.4. It is considered that Category 3 also includes:
  - i. Certain Category 1 'Owners'
  - ii. All Category 1 'Lessees and Tenants'
  - iii. Any Category 2 interests for land within the DCO boundary

#### 2.3. PART 3 DESCRIPTION

2.3.1. Regulation 7(1)(c) of the 2009 Regulations states:

Part 3 contains the names of all those entitled to enjoy easements or other private rights over land (including private rights of navigation over water) which it is proposed shall be extinguished, suspended or interfered with

- 2.3.2. Part 3 of this Book of Reference contains the names of all those with easements or other private rights over land which it is proposed shall be extinguished, suspended or interfered with as part of the DCO.
- 2.3.3. Category 2 persons included within Part 1 of this Book of Reference have also been included within Part 3 where their rights may be affected. Examples include tenants of the land, or statutory undertakers with services in or under the land, and whose rights over the land are likely to be affected whether the land is required permanently or temporarily.
- 2.3.4. Parties recorded in Part 3 of this Book of Reference have also been included in Part 1.

#### 2.4. PART 4 DESCRIPTION

2.4.1. Regulation 7(1)(d) of the 2009 Regulations states;

Part 4 specifies the owner of any Crown interest in the land which is proposed to be used for the purposes of the order for which application is being made

2.4.2. "Crown land" is defined in section 227 of the 2008 Act and includes interests belonging to Government departments among other Crown interests.

#### 2.5. PART 5 DESCRIPTION

2.5.1. Regulation 7(1)(e) of the 2009 Regulations states:

Part 5 specifies land -

- *i.* the acquisition of which is subject to special parliamentary procedure
- ii. which is special category land
- iii. which is replacement land
- 2.5.2. Part 5 of this Book of Reference specifies land that as part of the DCO is acquired subject to special parliamentary procedure and special category land; no replacement land is required.

### 3. BOOK OF REFERENCE NOTES

- 3.1.1. Part 1 of this Book of Reference provides the area in square metres of all land included in the DCO. Areas have not been repeated in Parts 2 to 5 of this Book of Reference.
- 3.1.2. The term 'approximately' is used before all plot area measurements as these measurements are given in square metres and each measurement is rounded up to the nearest whole square metre.
- 3.1.3. Each plot of land shown in this Book of Reference has been given a unique reference. The first number relates to the Land Plans sheet on which the plot is located. The second differentiates between each plot sequentially on the sheet.
- 3.1.4. The description of each plot of land includes reference to the principal land use power(s) sought in the draft DCO in respect of that plot. The table below is provided to explain the relationship between this Book of Reference, the draft Development Consent Order (Application document 2.1), and the Land Plans (Application document 4.3) and to clarify the powers sought in relation to compulsory acquisition and temporary possession.

| Colour of the plot<br>on Land Plans | Description of the plot in the Book of reference | Principal land use of power sought  | Principal relevant<br>DCO Article |
|-------------------------------------|--|---|-----------------------------------|
| Pink                                | "Permanent<br>acquisition"                       | Compulsory<br>acquisition of all<br>interests and rights<br>in land (including as<br>required, subsoil,<br>surface land or<br>airspace)     | Article 22                        |
| Orange                              | "Permanent<br>acquisition of<br>subsurface in"   | Compulsory<br>acquisition of all<br>subsurface only<br>interests and rights<br>in land  | Article 24 and article 29         |
| Blue                                | "Permanent rights<br>and temporary use<br>of"    | Creation and<br>compulsory<br>acquisition of new<br>rights (including<br>where necessary, a<br>right to impose<br>restrictive<br>covenants) | Article 24                        |
| Green                               | "Temporary<br>possession and use<br>of"          | Temporary<br>possession and use<br>of land  | Article 32                        |

#### Table 1-1 Relationship with the Land Plans and DCO

#### 3.2. How to use this Book of Reference

3.2.1. The table below provides a step-by-step guide to enable any person with an interest in the land to identify how the Applicant's proposals may affect the land in which they have an interest.

#### Table 1-2 How to use this Book of Reference

#### Step One

Look at the Land Plans (Application document 4.3) and find the area (plot(s)) of land in which you have an interest

Step Two

Note the colour and the number of the plot(s)

Using table 3.1 above, the colour of the plot(s) will tell you of the purpose for which it is required

#### Step three

Use the plot(s) number to identify where the land is referred to in other DCO application documents:

This Book of Reference -

Which provides a brief description of each plot (including an approximate area measurement) and details of persons who own, lease or otherwise occupy or have an interest in the land

The Statement of reasons (application document (3.2) – Which provides details of the purpose for which compulsory acquisition and temporary possession powers are sought and reference each plot in the book of reference to these purposes

The draft Development Consent Order (DCO) (Application document 2.1) – Which contains the powers needed to carry out the Scheme, and includes the powers of compulsory acquisition to assemble the land required that are listed in Table 3.1

## 4. BOOK OF REFERENCE – PARTS 1 TO 5

# PART 1: Names and addresses for service of each person within Categories 1 and 2 as defined in Section 57 of the 2008 Act
