**Subject:** RE: Viking CCS DCO - CAH 2 - Our Client: National Gas Transmission Plc

Dear Jo

Matters have progressed sufficiently positively that our Client does not feel it needs to attend CAH 2 tomorrow. Although a signed contract is not yet in place, the parties have reached agreement on the key terms. Our Client confirms that it will notify the Examining Authority as soon as an agreement is finalised and it is in a position to withdraw its objection.

Please do let us know if the Examining Authority requires any further information in the meantime.

Kind regards

**Ian Graves**  
Legal Director
