The Affected Person's objection does not relate specifically to compulsory acquisition.  The Applicant is only seeking permanent rights of access and is not looking to acquire any land from the Affected Person. Vehicle movements granted by the rights provided will be minor and for a short time as possible. Mobilisation will be 6 No. HGVs and Demobilisation 4 No. HGVs and the expected daily movements are expected to be in the order of 1 No. HGV, 6 No. to 8 No. LGVs during the construction period. Construction is expected to be a minimum of 3 weeks but to be completed in a short time frame as possible. The Applicant will seek to minimise disruption as far as it is able to do so.  Post construction access will be required for routine safety and maintenance inspection. The Applicant considers this will have minimal impact on the Affected Person.  The Applicant has offered commercial terms for the rights sought but this has not been accepted by the House Family. It is for that reason that we think agreement is unlikely before the close of Examination. The Applicant will of course continue to seek to agree terms on a consented basis.	N/A	22/08/2024

In April 2024, Gately Hamer re-issued Heads of Terms to the Affected Party's solicitors.  The Affected Person has requested that the rights sought by the Applicant do not impede their operational land. This required the Applicant to undertake further detailed design to engineer a route in which a preferred corridor could be established in agreement between the Affected Person and the Applicant.  There is a high degree of complexity to this process which has required a significant amount of legal and design input that has affected the timing of reaching a consensual agreement.  A preferred route which does not impede the Affected Person's operational land has since been agreed by both parties. The points raised in the objection by the Affected Person have now been resolved. Heads of Terms are agreed and with the Affected Person for signing. It is anticipated that the objection will be removed once matters conclude.	Bethan Sykes, Vialle Westbrough Moors LLP	30/08/2024

The Affected Person's objection does not relate specifically to compulsory acquisition.  The Applicant is only seeking permanent rights of access and is not looking to acquire any land from the Affected Person. Vehicle movements granted by the rights provided will be minor and for a short time as possible. Maximisation will be 6 No. HGVs and Demobilisation 4 No. HGVs and the expected daily movements are expected to be in the order of 1 No. HGV, 6 No. to 8 No. LGVs during the construction period. Construction is expected to be a maximum of 9 weeks but to be completed in a short time frame as possible. The Applicant will seek to minimise disruption as far as it is able to do so.  Post construction access will be required for routine safety and maintenance inspection. The Applicant considers this will have minimal impact on the Affected Person.  The Applicant has offered commercial terms for the rights sought but this has not been accepted by the House family. It is for that reason that we think agreement is unlikely before the close of Examination. The Applicant will of course continue to seek to agree terms on a consented basis.	N/A	22/08/2024

In April 2024 the Applicant's Land Agent Gateley Hamer issued updated detailed Heads of Terms to the Affected Person and their appointed Land Agent.  The Affected Person is involved in three Heads of Terms and has now signed and agreed to two of the three agreements.  The Affected Person is in discussions with a solar developer regarding an option for a solar farm on their land affected by the scheme. The Applicant is working with the Affected Person to ensure that the two projects can co-exist with no impact on the power generation of the solar farm.  Managing the various legal agreements needed when dealing with competing projects is a complex and time consuming process and it is the Applicant's view that reaching a resolution is a matter of timing as opposed to a fundamental disagreement on terms. The Applicant therefore does not view this as an objection to the scheme that cannot be overcome, and the Applicant and Affected Person will continue to work through the detail of the outstanding terms with a view to reaching an agreement on a consensual basis. The latest face to face meeting with the Appointed Agent took place on 29 August 2024.	Lucy Turner, Masons and Partners	22/08/2024

Vehicle movements granted by the rights provided will be minor and for a short time as possible. Mobilisation will be 8 No. HGVs and Demobilisation 4 No. HGVs and the expected daily movements are expected to be in the order of 1 No. HGV, 6 No. to 8 No. LGVs during the construction period. Construction is expected to be a minimum of 3 weeks but to be completed in a short time frame as possible. The Applicant will seek to minimise disruption as far as it is able to do so.  Post construction access will be required for routine safety and maintenance inspection.  The Applicant considers this will have minimal impact on the Affected Person.  The Applicant has offered commercial terms for the rights sought but this has not been accepted by the House family. It is for that reason that we think	Elizabeth Allen, EA Land Agents	22/08/2024
