Rule 17 - Deadline 7 Response

SUBJECT: Viking CCS Pipeline

APPLICANT: Chrysaor Production (UK) Limited

INTERESTED PARTY:

**NORTH EAST LINCOLNSHIRE
COUNCIL**

Interested Party Reference number: 20047168

YOUR REF: EN070008

Working in partnership

Following the submission of Deadline 6, North East Lincolnshire Council's response to the ExA is below;

Responses to Deadline 6 Outstanding Matters;

Please confirm whether, as a result of seeing the Road Safety Audit results, you consider there to be a severe residual impact on the highway network having regard to the National Planning Policy Framework [PD-021, Q2.16.8]. Please also confirm whether your role as an approving body in respect of Requirements 6 and 7 in the draft Development Consent Order (dDCO) would provide sufficient scope for such safety issues to be resolved at the detailed design stage should the Secretary of State be minded to grant consent.

This has been reviewed by Highways Officers and the following comments have been provided;

North East Lincolnshire Council do not believe that there is a sufficient scope to overcome the significant road safety concerns in regards to the proposed access at 12AA. The Authority is requesting that the Secretary of State reject the use of access 12AA due to these significant concerns.

Conclusion;

In conclusion, North East Lincolnshire Council can confirm that there are specific matters outstanding and these need to be resolved. We would be happy to advise and assist as necessary.
