Dear Sir or Madam

**Application by H2 Teesside Limited (H2T) for an Order granting Development Consent for the H2Teesside (H2T Project)**

**Planning Inspectorate Reference: EN070009**

**Deadline 1 Submission – Notification of wish to speak at future hearings**

I refer to the above application for an Order granting development consent made under section 37 of the Planning Act 2008 received by the Planning Inspectorate on 25 March 2024.

The application seeks development consent to authorise the construction, operation, and maintenance of the H2T Project on land within the boroughs of Redcar and Cleveland and Stockton-on-Tees, Teesside and within the borough of Hartlepool, County Durham.

Lighthouse Green Fuels Limited (LGF), are in the process of seeking to promote sustainable energy, via the production of sustainable aviation fuel, through its Lighthouse Green Fuels project, which is intended to also be located within Teesside. As part of this project, LGF is keen to utilise hydrogen at the facility where possible. LGF also hold various interests within and near the site boundary in relation to the application. LGF has been in discussions with H2T in relation to the interaction of these two projects. LGF is committed to continuing to work collaboratively with H2T in relation to the two projects to ensure the benefits of both projects are maximised and any adverse effects minimised. Those discussions to date have been encouraging, but a formal agreement has yet to be reached.

In response to the Rule 8 Letter of the Examination Authority (ExA), LGF would like to notify the ExA of a wish to potentially speak at any future Issue Specific Hearing and Compulsory Acquisition Hearing.

LGF hereby reconfirm support for the H2T Project, provided that the appropriate agreements are reached to safeguard LGF's interests.

Yours faithfully,

Noaman Al Adhami  
**Lighthouse Green Fuels Limited**
