Subject: H2Teesside - CAH1 Action Points

Hi Lily

Please disregard any earlier correspondence received from me on the above matter today.

On behalf of CF Fertilisers (UK) LTD ("CFF") we write further to the publication of the ExA's action points following CAH1. In particular, in relation to item number CAH1-AP3.

We note that the ExA has requested that the Applicant submits a note detailing its choices of temporary construction compound sites/locations and why alternative sites had been discounted.

As currently drafted, we don't feel this item fully captures the issue we outlined during our oral submissions at CAH1. In our submissions we referred not only to the temporary compound sites/locations but also the H2 pipeline corridor and the alternative to direct the pipeline over what was described as the eastern pipe-bridge and then around CFF's main site. We understood that the ExA had requested a written note on the Applicant's consideration of alternatives in this area and in particular in relation to the selection of the western pipe-bridge as the preferred option.

Please would the ExA consider whether this should be added to the action list or if it is to be addressed in a different way, confirm the approach? CFF may need to provide further submission on this point, depending on the Applicant's explanation of this matter.

Kind regards

Zara
