18 December 2024

Dear Sirs

**Application by H2 Teesside Limited for an Order Granting Development Consent for the H2Teesside Project**

**Notification to speak at the Compulsory Purchase Hearing on 13 January 2025 on behalf of BOC Limited (Interested Party reference Number 20049365)**

We write on behalf of our client BOC Limited (Interested Party Reference number: 20049365) ("**BOC**").

The purpose of this correspondence is to notify the Examining Authority that BOC wishes to actively participate in the Compulsory Purchase Hearing on 13 January 2025.

Whilst BOC supports the H2 Teesside Project in principle it objects to the Development Consent Order application due to the absence of protective provisions to safeguard affected BOC assets and property rights; such protective provisions are necessary to ensure that its infrastructure, operations and business continuity are not compromised. This is critical infrastructure which BOC has statutory and regulatory obligations to maintain and repair not only for safety but to ensure resilience in national fuel security and supply.

Yours faithfully

**Fieldfisher LLP**
