Dear Planning Inspectorate

Application by H2 Teesside Limited (H2T) for an Order granting Development Consent for the H2Teesside (H2T Project)

Planning Inspectorate Reference: EN070009

Deadline 5 Submission

This submission is made on behalf of Lighthouse Green Fuels Limited (LGF) in respect of the proposed H2T Project. LGF are in the process of seeking to promote sustainable energy, via the production of sustainable aviation fuel, through its Lighthouse Green Fuels project (the LGF Project), which is intended to also be located within Teesside. As part of the LGF Project, LGF is keen to utilise low carbon hydrogen at the facility where possible.

LGF strongly welcomes the principle of the H2T Project, and in particular, that the H2Teesside proposals include the necessary infrastructure and associated powers to distribute low carbon hydrogen. This support is subject to its concerns relating to assets in the area being fully addressed.

Responses to Second Written Questions

Q2.6.4	Applicant and Lighthouse Green Fuels	Please provide an update on a potential alternative location for the Compulsory Acquisition (CA) of plot 9/16 as suggested in the Lighthouse Green Fuels response to Q1.6.62 [REP2-084] and as highlighted in CAH1.	The Applicant and LGF have discussed the location of the above ground installation and based on the current design of the Lighthouse Green Fuels project, LGF is agreeable for the above ground installation to be located on plot 9/16 and the necessary land rights sought in relation to this plot provided that appropriate protective provisions.
Q2.9.11	IPs/ APs	PPs/ Side, or other, Agreements The ExA would ask any IPs/ APs with whom PPs are being sought whether they are satisfied with the PPs included within the draft DCO [REP4-004] to date and whether any side, or other form of legal agreement is	LGF and the Applicant have had regular meetings to discuss the mechanism of the protective provisions given the existence of both current and future assets. There has been progress in agreeing the broad approach. The protective provisions to benefit LGF will differ from the third party

In the event an IP/ AP is not satisfied, please explain why you are not satisfied and what is required to be undertaken to make the PPs and any side/ other agreement acceptable.	template currently appended to the face of the DCO. However, LGF has yet to receive any draft protective provisions. The Applicant has assured us that we will receive draft documentation shortly.
Q2.9.12	IPs/ APs	PPs/ Side, or other, Agreements The ExA would ask any IP/ AP who wish to have PPs, who haven't already submitted their preferred PPs, to submit a copy of their preferred PPs into the ExA for its consideration.	LGF will submit their preferred version of protective provisions into examination once we have received, and reviewed, the relevant documents from the Applicant. If LGF do not receive documents from the Applicant, with time for us to review, by the next deadline then the Applicant will submit their preferred form of protective provisions at Deadline 6.

The parties continue to work collaboratively to determine what approach best suits the needs of each party.

We remain hopeful that both forms of the protective provisions will be agreed before the end of examination. Provided that the appropriate agreements are completed, including agreed protective provisions, LGF are in support of the H2T project.

Yours faithfully,

Noaman Al Adhami
