SABIC PETROCHEMICALS BV

APPLICATION BY H2TEESSIDE LIMITED FOR AN ORDER GRANTING DEVELOPMENT CONSENT FOR THE H2TEESSIDE PROJECT (EN070009)

DEADLINE 6A

WRITTEN SUMMARY OF SABIC'S REPRESENTATIONS TO ISSUE SPECIFIC HEARING NO.4 HELD ON 15 JANUARY 2025

1. AGENDA ITEM 3: ARTICLE 47

1.1 SABIC highlighted that their concerns around Article 47 and funding remain, as set out in their written summary of representations to Issue Specific Hearing 2 [REP4-052].

Post hearing comment: SABIC's concerns about Article 47 can, additionally, be found in SABIC's Deadline 5 submission [REP5-086].

2. AGENDA ITEM 3: TRENCHLESS TECHNOLOGY

2.1 SABIC uses the River Tees to import the feedstock used in their operations.

2.2 SABIC therefore welcomed the Applicant's amendment to the Construction Environmental Management Plan at Deadline 5 to provide an enforceable requirement regarding the use of trenchless technology in the River Tees (and Greatham Creek Crossing).

2.3 However, SABIC is also aware of the disapplication of the PD Teesport's powers in relation to the River. Due the importance of securing SABIC's ability to navigate the River, it would wish PD Teesport to be satisfied that they retain the powers they require to continue to properly manage navigation, whether under the Acts and Orders they operate under, or through suitable and adequate protective provisions
