REP6a-017 H2 Teesside Limited 8.32 Applicant's Responses to D6 submissions - Rev 0

REF.NO.	EA Comments
[REP6-008] EA Comments on Applicant's response to ExQ2.10.1	We note the applicant's response to our comments regarding the adjacent Part 2A site and are satisfied with their response. We agree that should ground breaking be required in this area, any required further investigations can be provided through requirement 12 of the DCO.
[REP6-008] EA23	The EA have provided our standardised set of protective provisions to the applicant, including an explanatory note. We would expect that these standard provisions for the EA are substituted for the applicant's current draft as presented in the Draft DCO document.
