Dear Cllr Hawker

Thank you for your email and attachment of 8 September 2014; your representation has been published to Norwich NDR pages of the National Infrastructure pages of the Planning Portal website and is very helpful for preparation in advance of next week's hearings.

It is at the discretion of the ExA to recommend refusal if it considers, as you state, that alternative public transport strategies have not been investigated sufficiently. Ultimately the ExA must balance the issues from the examination and therefore you are welcome to present to the ExA what you believe the main issues to be.

I'm sorry that you are having difficulty locating documents on our website. When publishing documents to our website we attempt to add descriptions, underneath the title of the document, in the hope that it will assist anyone visiting the website in identifying which documents are relevant to them.

The documents section can be arranged by using the tabs on the left hand side to view different types of document. You can also search for documents by name, using the filter box on the right hand side. Finally, you can view all documents relating to a specific deadline by clicking on the links in the online examination timetable.

I hope you find this information helpful, should you have any further questions please do not hesitate to contact us.

Yours sincerely

Steffan Jones
