CONTENTS OF THIS VOLUME - FIGURES

Figure accompanying Chapter 1

Figure 1.1: Scheme location

Figures accompanying Chapter 2

Figure 2.1: The existing road corridor

Figure 2.2: Alignment of National Networks National Policy Statement and Scheme objectives (Volume 1)

Figure 2.3: Scheme Site Boundary

Figure 2.4: Environmental constraints

Figure 2.5: Scheme proposals

Figure 2.6: Illustrative view of Porter Street Bridge looking east (Volume 1)

Figure 2.7: Illustrative view of Princes Quay Bridge looking south east (Volume 1)

Figure 2.8: Illustrative view of Princes Quay Bridge looking north east (Volume 1)

Figure 2.9: Signage

Figure 2.10: Environmental masterplan

Figure 2.11.1: Temporary traffic management phase 1

Figure 2.11.2: Temporary traffic management phase 2

Figure 2.11.3: Temporary traffic management phase 3

Figure 2.11.4: Temporary traffic management phase 4

Figure 2.11.5: Temporary traffic management phase 5

Figure 2.11.6: Temporary traffic management phase 6

Figure 2.11.7: Temporary traffic management phase 7

Figure 2.12: Construction site compound locations

Figures accompanying Chapter 6

Figure 6.1: Air quality constraints

Figure 6.2: Construction Phase: Construction dust study area

Figure 6.3: Construction Phase: Construction traffic study area

Figure 6.4: Operation Phase: Local air quality study area 2025

Figure 6.5: Operation Phase: Modelled receptor locations (human health)

Figure 6.6: Operation Phase: Modelled receptor locations (ecological)

Figure 6.7: Operation Phase: Regional air quality study area 2025 & 2040

Figure 6.8: Construction Phase: Construction traffic receptors

Figure 6.9: Windrose for Humberside Airport 2015 (Volume 1)

Figure 6.10: Compliance risk assessment flow chart (Volume 1)

Figure 6.11: Air quality monitoring locations

Figure 6.12: Operation Phase: Key receptors

Figure 6.13: Air quality verification sites

Figure 6.14 Summary of traffic data (sheets 1 to 12)

Figures accompanying Chapter 7

Figure 7.1: Study area for the assessment of permanent changes in road traffic noise

Figure 7.2: Predicted levels of vibration from works with a dozer, vibratory compaction and rotary bored piling (Volume 1)

Figure 7.3: Noise monitoring locations

Figure 7.4: Important areas identified by Defra noise mapping

Figure 7.5: Key sensitive receptors

Figure 7.6: Opening Year noise change with Scheme west

Figure 7.7: Opening Year noise change with Scheme east

Figure 7.8: Opening Year noise change with Scheme study area
Figure 7.9: Long term noise change with Scheme west
Figure 7.10: Long term noise change with Scheme east
Figure 7.11: Long term noise change with Scheme study area
Figure 7.12: Long term noise change without Scheme west
Figure 7.13: Long term noise change without Scheme east
Figure 7.14: Long term noise change without Scheme study area

Figures accompanying Chapter 8

Figure 8.1: Overview map - Sheet extents for Historic Landscape Characterisation Units and events and monuments
Figure 8.2: Overview map – Sheet extents for historic buildings (Sheets 1 to 12)
Figure 8.3: Archaeological events and monuments (Sheets 1 to 14)
Figure 8.4: Historic buildings and conservation areas (Sheets 1 to 5)
Figure 8.5: Historic Landscape Characterisation Units

Figures accompanying Chapter 9

Figure 9.1: Planning policy
Figure 9.2: Project ZVI boundary
Figure 9.3: Landscape features
Figure 9.4: Project Landscape Character Areas
Figure 9.5: Representative viewpoint plan
Figure 9.6: Representative viewpoints (photomontage) (Sheets 1 to 192)
Figure 9.7: Visual receptors
Figure 9.8: Landscape proposals
Figure 9.9: Trees removed

Figures accompanying Chapter 10

Figure 10.1: Statutory designated sites
Figure 10.2: Non statutory designated sites

Figures accompanying Chapter 11

Figure 11.1: Map of surface water features
Figure 11.2: Groundwater features
Figure 11.3: Hydrogeological conceptual model
Figure 11.4 Plan of WFD surface water bodies
Figure 11.5 Plan of WFD groundwater body

Figures accompanying Chapter 12

Figure 12.1: Study area
Figure 12.2: Potential sources of land contamination (desk study information)

Figures accompanying Chapter 13

Figure 13.1: Waste hierarchy (Volume 1)

Figures accompanying Chapter 14

Figure 14.1: The local impact area (LIA) and wider impact area (WIA)
Figure 14.2: Community resources in the LIA (sheet 1 of 2)
Figure 14.3: Community resources in the LIA (sheet 2 of 2)
Figure 14.4: Business and commercial units in the local area (sheet 1 of 2)
Figure 14.5: Business and commercial units in the local area (sheet 2 of 2)
Figure 14.6: Community resources and existing NMU routes in the local area

Figures accompanying Chapter 15

Figure 15.1: Existing non-motorised user routes within the study area

Figure 15.2: Proposed non-motorised user facilities and closure for the Scheme

Figures accompanying Chapter 16

Figure 16.1: People and communities & effects on all travellers cumulative assessment for construction boundary

Figure 16.2: Cultural heritage - designated / non-designated historic buildings & landscapes (including conservation areas) cumulative assessment for construction boundary

Figure 16.3: Cultural heritage - designated / non-designated archaeological assets cumulative assessment for construction boundary

Figure 16.4: Road drainage and the water environment (groundwater) cumulative assessment for construction boundary

Figure 16.5: Ecology and nature conservation - Protected species (reptiles and otters) cumulative assessment for construction boundary

Figure 16.6: Landscape cumulative assessment for construction boundary

Figure 16.7: Ecology and nature conservation (ecology) cumulative assessment for construction boundary

Figure 16.8: Ecology and nature conservation - Protected species (reptiles and otters) cumulative assessment for construction boundary

Figure 16.9: Road drainage and the water environment (waterbodies) cumulative assessment for construction boundary

Figure 16.10: People and communities & effects on all travellers cumulative assessment for operation boundary

Figure 16.11: Cultural heritage - designated / non-designated historic buildings & landscapes (including conservation areas) cumulative assessment for operation boundary

Figure 16.12: Cultural heritage - designated / non-designated archaeological assets cumulative assessment for operation boundary

Figure 16.13: Road drainage and the water environment (groundwater) cumulative assessment for operation boundary

Figure 16.14: Landscape cumulative assessment for operation boundary

Figure 16.15: Ecology and nature conservation - Protected species (reptiles and otters) & habitats cumulative assessment for operation boundary

Figure 16.16: Ecology and nature conservation (ecology) cumulative assessment for operation boundary

Figure 16.17: Road drainage and the water environment (waterbodies) cumulative assessment for operation boundary
