30 January 2020

Dear Sir/Madam

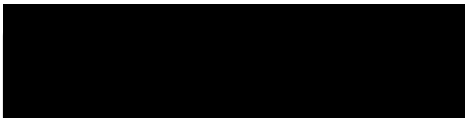

**A63 (Castle Street Improvement, Hull) – TR010016  
Response by EPIC (No.2) Limited ("EPIC") to Request for Comments  
IP URN: 20018241**

We are writing on behalf of EPIC in relation to the Request for Comments in the letter from the Department for Transport dated 20 January 2020.

Highways England has agreed to enter into a settlement agreement with EPIC. The settlement agreement has been agreed save for some minor drafting details and a commitment by Highways England to pay the costs of EPIC.

EPIC consider that the settlement agreement can be completed in the near future. Once the settlement agreement is completed, EPIC will be able to withdraw its objection to the draft Order.

Yours faithfully

**Temple Bright LLP**
