

I confirm my attendance at the above meeting and wish to speak on the following areas;

Annexe C

1. To ask that the recent Supreme Court judgement regarding compliance with the EU Directive on Air Quality is taken into account and included as a matter for discussion under Air Quality and Emmissions
2. To ask that the recently announced ministers' policy that visual impacts be subject to new standards should be included under Landscape and Visual effects

Annexe D

1. To ask that issue specific hearings be held on the issues of Air pollution impacts and Traffic Impacts
2. To ask that the Air Pollution specific hearing(s) are held late in the process to allow for the new Government's response to the Supreme Court judgement to be published before the issue is discussed
3. To ask for evening or weekend open floor hearings to be held in Hilton and other villages designated 'losers' by the Highways England representatives
4. To ask that the open floor hearings be held as late as possible in the process to allow any issues emerging from the process to inform the public feedback to the process
5. To raise the possible need for further submission or questions to be asked in the light of the new Government's response to the Supreme Court judgement

Many thanks

Mark Stanton
