Subject: FAO Nicholas Coombes. Suggested location for accompanied site visit - A14 Scheme. Our client Mr Robert Lenton as Tenant of Church Commissioners, Corpus Christi Farm, Godmanchester - Representation No.10030881. Our Ref L905

Dear Mr Coombes,

We act on behalf of Mr Robert Lenton in his capacity as an Agricultural Holdings Act Tenant of the Church Commissioners at Corpus Christi Farm, Godmanchester.

The purpose of this email is to request a site visit to Corpus Christi Farm for the purpose of inspecting the proposed access track to link the B1043 Offord Road to the Great Ouse viaduct as identified coloured pink on General Arrangement Sheet 14 of 24 (copy attached).

In particular our client wishes the Inspectors to understand the nature of the ground over which the track is to be constructed (ridge and furrow pasture) and the inadequacy of the layout for the purpose proposed and to consider possible alternative routes:

- (1) Our client wishes any route to avoid the working farm premises at Corpus Christi Farm and proposes a revised access between points A & B.
- (2) Our client wishes to draw the Inspectors attention to the narrow width of the railway access bridge at the proposed location and to point out a new railway bridge of greater width exists at point X on the plan over an existing access road.

My client and myself if appropriate would be prepared to meet the Inspectors on site should they decide to visit this site.

If you have any queries please do not hesitate to contact me.

Yours sincerely,

Michael Alexander FRICS FAAV

c.c. R. Lenton Esq
