Subject: A14 upgrade

Mr. Nicholas Coombes – Planning Inspectorate.

8 years ago we moved to Hilton to enjoy our retirement in a tranquil environment away from the traffic and pollution from the A1, and so far our move to Hilton has been a happy experience, but we are now threatened with more traffic through Hilton, especially when the work starts in our area, together with the obvious extra pollution from traffic on the A14, not to mention the noise and pollution from gravel lorries and the like.

Can you guarantee that steps have been taken to ensure that no works traffic, especially gravel lorries, are allowed through Hilton, and that everything is being done to limit pollution in Hilton.

We are very proud of this beautiful village, and need assurance that this A14 upgrade will not destroy in any way the important history and much admired environment of Hilton.

John and Valerie Burningham
