Dear Ms Fernandes

Further to our representations dated 14 May 2015 and the recent Open Floor hearing at Hilton Village Hall, we would like to raise one further matter.

Highways England has consistently stated that Hilton is one of the big losers in this scheme. We would be grateful if you will explore with them, why there is no mention of this in any of their submissions. We would have expected them to be transparent with these matters and set out how they proposed to address them. Instead, they have stated that there will be no adverse effects on Hilton and we do not understand how they can hold both opposing views.

Yours sincerely

Richard and Lynn Norton
