Dear Ms Fernandes

Hilton Parish Council reference 10030555

At the Hearing of 16th September 2015 and from the non-agreed items on the SoCG for Hilton Parish, it is clear that there are fundamental differences in views on the noise impact and consequent recommended mitigation measures, between HE and Hilton Parish Council.

Both parties have employed 'experts' who themselves have failed to agree.

In the view of the Parish Council which has invested considerably in obtaining expert advice this is an issue that is too important, not to say critical, to simply leave unresolved. At the same time, the positions of the two experts seem firmly set, with little room for manoeuvre.

We respectfully request that the ExA secures the services of a third and independent noise expert to consider the proposals and our concerns and offers their view to both ExA and to Hilton PC.

Yours sincerely

Peter Balicki

Chairman

Hilton Parish Council
