Subject: Brampton NMU crossing

Dear Nicholas,
Following phone-call a few minutes ago.

Re HE's Deadline 11 comments on my Deadline 10 submission:

1. Noted - but I thought this was the detailed design process.
2. I do not agree that the new NMU crossing would be perceived as more convenient to those people from the Law's Crescent area who currently use the unofficial crossing across the slip road which, it appears, will still exist. I think a visit to the site by HE to compare the two access points would confirm that the unofficial one needs to be blocked for reasons of safety.
3. Noted. However, the lack of a convenient path makes the above point more important

Thanks for your help.
