

SECTION 153 OF THE PLANNING ACT 2008, PARAGRAPH 2 OF
REGULATION 6 OF THE INFRASTRUCTURE PLANNING (CHANGES
TO, AND REVOCATION OF, DEVELOPMENT CONSENT ORDERS)
REGULATIONS 2011 (AS AMENDED)

APPLICATION TO MAKE A NON-MATERIAL CHANGE
TO THE FOLLOWING DEVELOPMENT CONSENT ORDER:
The A14 Cambridge to Huntingdon Improvement Scheme Development
Consent Order 2016 (SI 2016 No 547) (as corrected by the A14
Cambridge to Huntingdon Improvement Scheme Development Consent
(Correction) Order 2017 (SI 2017/1121))

6. Book of Plans

1. Introduction

- 1.1. The drawings submitted with this application show the geographic extents of the amendments described in the Amending Order. Although the amendments to the DCO are relatively small in number they affect a relatively large number of drawings (74 new and amended drawings). This is due to the nature of the Scheme, the large number of drawings and the need to update the same to show the change in status from all-purpose trunk road to motorway across the suite of drawings. These changes are described below for each set of drawings.

General Arrangement Plans (4 amended and 1 new drawing)

- (a) An alternative routing of the bridleway south of Brampton Hut junction to take it under the new A14(M) via a separate underpass rather than directly into the western verge of the A1(M).
- (b) Provision of an additional roundabout at Buckden Road junction with a Byway Open to All Traffic (BOAT), to allow non-motorway traffic to turn and avoid joining A1(M) motorway northbound carriageway.

Land Plans (1 amended)

- (a) The extension of the development boundary to enclose land required for the roundabout described under General Arrangement Plans paragraph (b) above. This land consists of highway land and adjacent land that is already owned by Highways England so does not need to be acquired.

Works Plans (1 amended)

- (a) The extension of Work 9 at Buckden Road for an additional roundabout as described under General Arrangement Plans paragraph (b) above.

Rights of Way Plans (23 amended)

- (a) Identifying the mainline A14 and A1 as A14(M) and A1(M) Special Road.
- (b) The definition of the alternative bridleway route as described under General Arrangement Plans paragraph (a) above.
- (c) The removal of prohibitions on the mainline A14, as the Motorway Regulations include the prohibition of non-motorway traffic.

Engineering Sections (1 amended)

- (a) To show in section the extension of Work 9 as described in Works Plans paragraph (a) above.

Traffic Regulation Measures (41 amended):

- (a) Speed Limits & Prohibitions Plans (23 amended)

The amendment of the mainline A14(M) and A1(M) from fixed speed limits to variable mandatory speed limits.

- (b) Clearways & Weight Limits Plans (18 amended)

The removal of clearway on the mainline A14(M) and A1(M) as the Motorway Regulations include the provision of clearway.

Classification of Roads Plans (2 amended)

(a) To show the classification of A14(M) and A1(M) as Special Road

- 1.2. An additional consequence of the proposed amendment is the removal of 7 original drawings that are no longer required; 1 Variation of Special Road Status Plan and 6 Clearways Plans.

2. Drawings Register

- 2.1. The following register lists all drawings associated with the Plan sets described in Section 1 above for the Scheme. The 74 new and amended drawings that are included with this application are identified in green; the 7 original drawings that are no longer necessary are shown coloured red. The remaining 183 drawings shown in the register are from the original application which remain unaltered.
