Subject: Deadline VI submission, SoCG, Hearings

FAO Richard Price;
RE; Smart Motorway Deadline VI submission

Dear Richard

I write with regard to the Smart Motorway DCO and to provide an update on the councils position, i have copied in the applicant to ensure all parties are aware of the current status.

Deadline VI submission

Whilst most officers will be aiming to meet this deadline submission date, given the extent of changes to the dDCO, there may be a delay in providing full comments by the 29th on this aspect of the proposals.

There is also a need to take some matters back to elected representatives for authorisation/ratification and there may therefore be a delay in issuing comments on highways and traffic. This however may have a knock on effect on other areas such as air quality etc. I am bringing this to your attention at the earliest possible point to avoid the issue arising at the last minute next week.

We will endeavour to meet the deadline of the 29th, but are not likely to provide a complete response at this time.

SoCG

All Officers are reviewing the SoCG and providing their input, however this is taking much longer than envisaged, especially as some matters need to go back to elected representatives. This is therefore the reason for the delay, but we will keep you updated of the likely submission date (in consultation with HE).

Hearings and site visits

As per your notification of the Feb hearings, i can confirm that the Council will be attending and would wish to speak, we hope to be able to confirm attendees and topics we will be attending on in due course.

With regard to the site visit, please can you clarify the route that will be taken.

Kind regards
Mandip

Mrs Mandip Malhotra (née Dhillon)
Major Projects

Please note my working days are Monday-Thursday.
