Dear Sirs

I write on behalf of National Grid Electricity Transmission Plc and National Grid Gas Plc (together 'National Grid') in relation to the above application.

Since making its Relevant Representation National Grid has been in receipt of additional engineering information in relation to the scheme's impacts on its infrastructure. Whilst it is not currently envisaged that National Grid will attend to speak at a hearing, it may be the case that this position changes as matters are investigated and negotiations progress with the applicant. National Grid will let the inspector know should the position change.

Kind regards

---
