Subject: RE: M4 Junctions 3 to 12 Smart Motorway - TR010019

Good morning James,

Thank you very much for sending this through. Its really appreciated.

I'm afraid that Malcolm and I are now unable to join the meeting tonight.

Could we however restate one of the points we raised on the day of your visit.

This being:

1. Noise barrier at the end of the Myrke – we feel this should be extended further than currently planned. (to extend up to bridge) As it currently stands, this is simply insufficient.

Thank you once again.

Kind regards,

Beverley Hunt
