Subject: ExA request for further information on traffic modelling and mitigation 24th Feb
Date: 29 February 2016 19:58:56

For the attention of Richard Price, Case Manager M4 DCO

Dear Mr Price

Slough Borough Council notes the ExA's 24th February request for further information on traffic modelling and mitigation and the reference to junctions on the A4, A355 and A417 in Buckinghamshire. As set out in its response to the ExA's Question 4.9.9 submitted at Deadline VII (REP7-184) the Borough Council has similar concerns about the potential impact of the Scheme on the 'downstream' sections of these roads which pass through Slough to and from the M4. HE have confirmed that they are responding to the Borough Council's specific issues by today's Deadline VIII rather in the Slough SoCoG.

Depending on the HE response to these specific issues and to the ExA's request for further information the Borough Council may wish to make a further submission and notes the Deadline IX 3rd March.

Thank you

Mike Finch acting on behalf of Savio DeCruz, Acting Head of Transport, Slough Borough Council
