

Hearing Action Points

Application by Highways England for an Order Granting Development Consent for the A19/A184 Testo's Junction Improvement Project.

Actions arising from the **Issue Specific Hearing (ISH2)** held at the Royal Station Hotel, Newcastle upon Tyne on **17 January 2018**.

Action	Party	Deadline	
1	Discussions between Environment Agency (EA) and Highways England (HE) on the achievement of Water Framework Directive (WFD) compliance in the River Don catchment are to be held. As outcomes, EA and HE are to produce either: a) a statement that physical mitigation works have been specified and are agreed to achieve sufficient of a contribution from the Application towards the achievement of WFD compliance; or if this cannot be agreed b) individual written submissions on how the ExA should treat WFD compliance and whether cumulative and/ or in-combination effects of other major projects (particularly A19 Downhill Lane and IAMP) should be taken into account.	HE/ EA	DL4
2	South Tyneside Council (STC) and HE are to finalise those elements of their Statement of Common Ground (SoCG) on the landscape and ecological mitigation of impacts to trees subject to Tree Preservation Orders.	HE/ STC	DL3
3	Groundwork Trust South Tyneside and Newcastle (GWSTAN), National Grid Electricity Transmission (NGET) and HE are to finalise those elements of their SoCG on landscape and ecological mitigation potentially affecting land at West Boldon Lodge. HE is to advise NGET as soon as possible that this action has been placed upon them by the ExA.	HE/ NGET/ GWSTAN	DL3
4	International Advanced Manufacturing Park LLP (IAMP) is to provide the ExA with a document summarising a legal challenge to the IAMP Area Action Plan (AAP) relating to	IAMP	DL3

	Action	Party	Deadline
	a bridge connecting land on the east and west sides of the A19. IAMP is to confirm that that this challenge does not relate to any part of the National Highway Network.		
5	IAMP is to refer to their traffic consulting team to confirm whether the development of the A19/A184 Testo's Junction Improvement Project needs to be delivered to respond to the modelled traffic impacts of IAMP '2'.	IAMP	DL3
6	HE and IAMP are to provide the ExA with an updated version of the Interrelationship Document (7.3) Appendix B [REP2-015], if further changes to major project timings emerge. This update should be provided at the next available deadline, up to Deadline 7. If changes are recorded, a brief summary of the reasons for the changes should be provided.	HE/ IAMP	Next scheduled DL up to DL7.

Action lists are only being published in this examination for actions that relate to the Applicant together with other Interested Parties (IPs), or that relate to IPs other than the Applicant.

Given the time sensitivity of some of the actions in this list, it has been published on 17 January 2018. If any further actions arise from hearings due to be held on 18 and 19 January 2018, a further and separate action list or lists will be published.
