FAO Emre Williams  
Planning Inspectorate  
Room 3/18  
Temple Quay House  
Bristol  
BS1 6PN

16<sup>th</sup> January 2017

Dear Sirs,

**PLANNING ACT 2008**  
**APPLICATION REF: TR0100021**  
**SILVERTOWN TUNNEL NON-MATERIAL AMENDMENTS TO DCO**

I refer to the above proposals.

Knight Dragon is currently in the process of negotiating with Transport for London ("TfL") and other Interested Parties, mitigation measures in relation to replacement car parking at The O2 (the "Final Agreement").

Knight Dragon is aware that TfL has made an application (January 2017) to the Examining Authority to make non-material changes to the proposals contained in the DCO application ("the Change Application") which includes changes to the proposed replacement car parking solution at the O2. Knight Dragon supports the Change Application (particularly the car parking proposals set out within it) and, in order not to prejudice the negotiation of the Final Agreement, has agreed not to make any submissions to the Examining Authority prior to 1 March 2017, including at the forthcoming Compulsory Acquisition Hearing on 20 January 2017.

However, as the Final Agreement is not yet finalised Knight Dragon hereby reserves its position to make submissions from 1 March 2017, without restriction (save that Knight Dragon shall not appear at any hearings in an active capacity until 24 March 2017).

Knight Dragon reserves its right to make further representations to the Examining Authority, should the negotiations on the Final Agreement be unsuccessful. Further, Knight Dragon maintains all of its representations made to date in relation to the Scheme for the time being.

Yours faithfully

  
Neil Smith
