Subject: Second written questions: Thames Water response
Date: 06 March 2017 15:21:01

Dear Mr Robotom

I refer to the Examining Authority's second written questions published on 10 February 2017 and set out below Thames Water's response to questions DC2.13 and CA3:

The Applicant and Thames Water are currently in the process of concluding advanced discussions, with a view to settling the outstanding points between the parties on the protective provisions, temporary occupation of Thames Water land and DCO drafting, which have previously been raised by Thames Water in its representations. Positive progress is being made, with only a few points outstanding. The parties are confident that agreement can be reached by Deadline 5 or shortly thereafter, and the parties will provide a further update to the Examining Authority at that point.

Kind regards
