Subject: Silvertown Tunnel feedback
Date: 26 February 2018 18:49:04

Please do not build the proposed silvertown Tunnel. I believe in the numerous studies which show increasing road capacity achieves nothing except increasing traffic, and therefore pollution.

The solution to improving mobility in the city is switching to more efficient modes of travel: buses, trains, trams, bikes. Please stop building more road capacity - it only encourages polluting and inefficient transport choices.

Yours sincerely,
Jonathan Hill
