Thank you for the opportunity to express my views

to whom it may concern

I support the the idea of a go ahead of The Silvertown Tunnel for the following reasons:

to give releif by reducing the air polution caused by nearby roads A13, A102, A101, A1261, A1203 being continually congested

to enhance and celebrate the efforts of the original LDDC into the next generation

to seal the history of this amazing city by restoring it with pride by accessibility

to secure the waters by examining the its safety by exploration for UXB from the second world war

to provide apprenticeships for future young talent

to continue seamlessly with the success of The Crossrail Project & City Island in a timely fashion

I also support futher new roads in the area for the same reason, such as a Thames Gateway / Gallions Reach Bridge and footbridges around the Isle of Dogs

Yours sincerely

John Deakins
