1 Introduction

1.1 Purpose of this document

- 1.1.1 The purpose of this document is to provide a guide to Highways England's A38 Derby Junctions Development Consent Order (DCO) application pursuant to the Planning Act 2008. The original application was submitted to the Planning Inspectorate on 23 April 2019 and accepted for examination on 21 May 2019.
- 1.1.2 Since submission, several of the original documents have been revised. This guide charts the submission of these documents to the Planning Inspectorate and also identifies any new documents provided, along with tracking any subsequent revision to those documents. This is a live document and will be updated throughout the examination period and submitted, when updated, for each deadline.

1.2 Structure of this document

- 1.2.1 This document comprises two chapters, as follows:

Chapter 1: Introduction

Chapter 2: Document Tracker

2 Document Tracker

2.1 Master document list

2.1.1 This section presents the master document list, which provides a list of all documents submitted to date, indicating either the latest revision (if applicable) or when a new document was submitted. The documents are grouped by volume, as shown in Table 1.

Table 1 Volumes of Documents

Volume	Content
1. Application information	The completed application form and an introduction to the Scheme as required by the Inspectorate, along with the covering letter and s55 checklist.
2. Plans, Drawings and Sections	Plans that illustrate the location of the Scheme, the proposed works, and provide local geographical information.
3. Draft Development Consent Order	The legal powers that Highways England is seeking to enable it to build, operate and maintain the Scheme, together with separate documents explaining the provisions of the Order.
4. Compulsory Acquisition Information	Evidence of why Highways England requires legal powers to compulsorily acquire land, how the Scheme will be funded and details of the land interests that are required for the construction and use of the Scheme.
5. Consultation Report	Details of the pre-application consultation that Highways England has undertaken on the Scheme and how consultation feedback has been considered.
6. Environmental Statement	An assessment of the likely significant effects (both positive and negative) of the Scheme on the environment and a description of mitigation measures proposed to mitigate any significant environmental impacts.
7. Other Documents	Additional documents that support the DCO application; these are not legally required but provide useful information such as the Planning Statement and the Transport Assessment.
8. Examination Documents	New documents submitted to the Planning Inspectorate, including Statements of Common Ground (SoCGs).

2.1.2 Table 2 is the master document list. Documents with grey text have been superseded. Numbers in parentheses refer to the revision number of the relevant document. Red text denotes that the document has been revised at **Deadline 4**. Documents with grey background will be produced but have not been submitted at Deadline 4.
