Good Afternoon

Further to your email and attached correspondence, we have read through the attachments and they appear to be more directed at individuals and don't particularly fit the Parish Council.

It is unlikely that the Parish Council will need to participate in any further proceedings however there are still several unresolved issues recorded on our Statement of Common Ground so we may wish to make either verbal or written representations if there is any genuine fresh debate about these unresolved topics.

We would be grateful therefore if you could advise us should there be some fresh discussion of this nature and we will endeavour to organise some sort of representation by video link in the unlikely event that our participation is required.

Kind regards

Nicala
