

LATE SCOPING CONSULTATION RESPONSES

Consultation bodies have 28 days to respond with any comments, stating either the information that they consider should be included in the ES or that they do not have any comments.

Any responses received after the deadline are not considered within the scoping opinion but are forwarded to the applicant for consideration in accordance with the policy set out in Advice Note 7: Environmental Impact Assessment, Screening and Scoping.

The following EIA scoping consultation responses were received after the consultation deadline specified under legislation and therefore did not form part of the Secretary of State's scoping opinion.

Subject: TR010023 - PROPOSED LAKE LOTHING THIRD CROSSING - EIA SCOPING AND NOTIFICATION
Importance: High

Dear Alison

I apologise for the delayed response to your notification of planning application at Lake Lothing.

Processing of this application has been delayed to a change of staffing duties and this has now been passed to me to assess, and whilst we are past your consultation response deadline, I would recommend the following organisations are advised of this planning application:

- Due to the unique nature of operations in respect of altitudes and potentially unusual landing sites, it would be sensible for you to establish the related viewpoints of local emergency services Air Support Units through the National Police Air Service (NPAS) organisation via email npas.obstructions@npas.pnn.police.uk;
- The proposal should be brought to the attention of the Safeguarding Department within the MOD's Defence Infrastructure Organisation, email: DIO-safeguarding-statutory@mod.uk, to ensure that military aircraft safety is taken into consideration;
- Due to the unique nature of operations in respect of altitudes and potentially unusual landing sites, it would be sensible for you to establish the related viewpoints of local emergency services Air Support Units through the **East Anglian Air Ambulance** - <https://www.eaaa.org.uk/contact/>

Regards

Craig Jiggins
