Email to Section 42 Consultees advising of the extension to the consultation period: Sent 4 October

Dear Sir/Madam

THE LAKE LOTHING THIRD CROSSING, LOWESTOFT: STATUTORY CONSULTATION EXTENDED TO MONDAY 23 OCTOBER

I am writing to make you aware that the statutory consultation for the Lake Lothing Third Crossing in Lowestoft has been extended for an additional week. The consultation will run until 23.59 on Monday 23 October.

This is an important and exciting point in the development of the project and a major step forward in the delivery of a much-needed piece of infrastructure for Lowestoft and the eastern region. Suffolk County Council is keen to ensure everyone has the opportunity to have their say on the proposals and therefore as well as extending the consultation deadline, is also hosting an extra consultation event.

The additional event is scheduled for Thursday, October 5, at Pakefield Church Hall, Sunningdale Avenue, Lowestoft, Suffolk, NR33 7DB between 1pm and 7pm.

We are keen to hear your views on the proposal, both positive or with alternative suggestions, and this email explains how you can take part in the consultation.

Additional consultation documents have been produced, including a Preliminary Environmental Information Report (PEIR), and are available on the project website – www.suffolk.gov.uk/lakelothing3rdcrossing

Suffolk County Council welcomes feedback on any aspects of the project or the consultation documents.

You can make comments in the following ways:

1. by completing the Questionnaire online on the project website:
www.surveymonkey.co.uk/r/lltcconsultation
2. by email to lakelothing3rdcrossing@suffolk.gov.uk;
3. in writing to LL3X Consultation Team, Freepost RTUL-KAKE-BCTR, PO Box 73943 (Lake Lothing), London, EC4P 4HN; or
4. by leaving completed Questionnaires at the Consultation Events or at the Deposit Locations (see details in the attached Consultation Leaflet).

Suffolk County Council will use the consultation responses to inform the application for development consent. Responses may be made publicly available but personal details, if provided, will be kept confidential.

PUBLIC CONSULTATION

Suffolk
County Council

Introduction

Suffolk County Council is seeking your views on our proposals for a new crossing over Lake Lothing in Lowestoft.

The existing bridges over the lake at Mutford Lock and the A47 Bascule Bridge are inadequate to meet current and future traffic demand. Delays and congestion are a common occurrence for drivers, particularly during peak hours, and pedestrians and cyclists often have long and difficult journeys as they travel across the town.

A crossing will open up opportunities for regeneration and create a new link between north and south Lowestoft.

This new crossing presents an opportunity to introduce a focal point for the town, enhancing its identity. This will help to regenerate the area and attract new investment in the local economy.

This is a significant project for Lowestoft and it is important residents, businesses, landowners and all those affected by, or interested in, the project have their say.

THE PROPOSED PROJECT

Our proposals for the Lake Lothing Third Crossing aim to improve journeys and connectivity, help meet the aspirations for economic prosperity and provide a new feature in the town for all users to enjoy for years to come.

The project will include a new multi-span bridge from Waveney Drive to Peto Way. The bridge will be a single carriageway road with facilities for pedestrians and cyclists.

The proposed design includes new roundabouts to the north and south of the lake to help connect the traffic smoothly into the existing road network, as well as provide public spaces for people to enjoy.

Changes to the road layout include a new access from Waveney Drive to Riverside Business Park and closure of Durban Road at its junction with Waveney Drive.

ENVIRONMENTAL IMPACTS

We aim to minimise impacts on the environment, local communities, local businesses, road users and residents as much as possible.

As part of the consultation, a report called the Preliminary Environmental Information Report (PEIR) has been produced to give information about the potential environmental effects and measures to reduce them. This report and the Non-Technical Summary can be viewed online or at the consultation events.

THIRD CROSSING BENEFITS

Reduce congestion and delay on the existing bridges over Lake Lothing

Reduce congestion in town centre

Reduce community severance between north and south Lowestoft

Your Local Consultation Events

We are holding a series of events to provide an opportunity to meet the project team and ask questions. Everyone who is interested in the project is welcome to attend any of our drop-in events.

Have your say

The consultation is your opportunity to express your views on the project. This consultation will run for six weeks from **Monday 4 September - Monday 23 October 2017**.

PLANNING APPLICATION PROCESS

The Secretary of State for Transport has directed that Lake Lothing Third Crossing is to be treated as a Project of National Significance for the purposes of the Planning Act 2008. As such, we are required to make an application for a Development Consent Order (DCO) to obtain permission to construct, operate and maintain the project.

Following the formal public consultation, we will carefully consider all responses received and produce a report on the consultation.

This report will form part of our DCO application, to the Secretary of State.

The Planning Inspectorate will examine the application and make a recommendation to the Secretary of State for Transport, who will decide on whether or not the project will go ahead.

We currently intend to make our application for development consent in early 2018.
