Potential Health Assessment Topics

1 Appendix 1A - Potential Health Impact Assessment Topics

1.1.1 Included in Table 1-1 is a summary of the scope of health impact assessments that is typically requested by Suffolk County Council. The table identifies where the health impact could occur, whether it is likely to be beneficial or adverse, its distribution and where it is included in the ES, or whether it is scoped out of the assessments.

Table 1-1 – Potential Health Impact Assessment Topics

Stage	Health Pathway	Health Determinant	Potential Implication	Distribution	Scoped in?
Construction Period	Changes to local air quality (potential dust nuisance)	Environment	Adverse	Local	Chapter 8
	Changes in noise exposure	Environment	Adverse	Local	Chapter 13
	Changes in local transport nature and flow rates	Transport	Adverse	Local	Chapter 19
	Increased direct, indirect and induced employment opportunities	Socio-economic	Beneficial	Local	Chapter 16
	Changes in local population structure from a potentially transient workforce, with potential implications for local amenities & system requirements	Demographic	Beneficial and Adverse	Local	Scoped out
	A potential change in lifestyle exposure to substance misuse (drugs and alcohol), sexual health & communicable diseases	Public Health	Adverse	Local	Scoped out
	A potential change in social structure and interactions with the existing community, influencing local community resources and services (including the health system/economy, policing etc)	Social and Public Health	Beneficial and Adverse	Local	Scoped out

Stage	Health Pathway	Health Determinant	Potential Implication	Distribution	Scoped in?
	A potential change in health and wellbeing of the existing community	Social and Public Health	Beneficial or Adverse	Local	Scoped out
Operational period	Direct, indirect and induced income employment opportunities	Socio-economic	Beneficial	Local	Scoped out
	Changes to local air quality (potential dust nuisance)	Environment	Beneficial and Adverse	Local	Chapter 8
	Changes in noise exposure	Environment	Beneficial and Adverse	Local	Chapter 13
	Changes in local transport nature and flow rates	Transport	Beneficial and Adverse	Local	Chapter 19
	Education and training	Education / Socio-economic	Beneficial	Local	Scoped out
	Potential change in social structure and interactions with the existing community, influencing local community resources and services (including the health system/economy, policing etc)	Social and Public Health	Beneficial and Adverse	Local	Scoped out
	Potential change in health and wellbeing of the existing community	Social and Public Health	Beneficial or Adverse	Local	Scoped out
