Updated Draft Design Guidance Manual: Change Log

Revision 0

Planning Act 2008
The Infrastructure Planning (Applications: Prescribed Forms and Procedure)
Regulations 2009

PINS Reference Number: TR010023

Author: Suffolk County Council

Document Reference: SCC/LLTC/EX/18

Date: January 2019

This page is intentionally left blank

This document provides a comparison between the draft Design Guidance Manual (DGM) as submitted (R0) (document reference 7.6 / PINS reference APP-133) and DGM as updated (R1) (document reference SCC/LLTC/EX/18).

No.	Page number	Amendment	Reason
1	2	Contents Page: i) Chapter 3: 'Suicide measures' added ii) Chapter 4: 'Landform/embankments' removed	i) To reflect additional item in report ii) To reflect consolidation of content into '4.1 Public realm'
2	12	General Arrangement Plan updated	To reflect updated General Arrangement Plan for Northern Approach (document reference SCC/LLTC/EX/20)
3	39	Image replaced with '3.6 Suicide measures' text as follows: <i>The proposal for a structure at height and over water requires consideration to the likelihood of suicide and how the structure design may respond to this. This is an important consideration for detailed design to ensure appropriate measures are in place. These may include relevant signage in key locations to inform people of the Samaritans contact details.</i> <i>Through the nature of the bridge being located in an urban environment with a 24-7 manned Control Tower nearby, there will be natural surveillance and CCTV on site.</i>	In response to the Relevant Representation of Mr R Cousin.
4	40	'4.2 Landform/embankment' text removed	This text previously described the terraced steps design, which has since been amended and is described within 4.1 Public realm.
5	41	Landscape Plan extract updated	To reflect latest version of Landscape Plans (document reference SCC/LLTC/EX/19) submitted for Deadline 3.

6	42-49	<p>4.1 Public realm text and images updated to illustrate updates to the design agreed during the Local Planning Authority (LPA) workshops.</p>	<p>The first submission of the reference design has been updated for Deadline 3 due to changes agreed during the ongoing LPA workshops. This change also responds to the Relevant Representation provided by Suffolk County Council and Waveney District Council. The DGM explains the change to inform the detailed design for the Northern Approach. As the approach to Public realm is comparable east and west of the proposed roundabout at the Northern Approach, 4.2 of this document has been removed as this area of the design is now explained by 4.1.</p>
