Foreword

This Application Document Tracker relates to an application (“the Application”) submitted by Suffolk County Council (“the Applicant”) to the Secretary of State (through the Planning Inspectorate) for a development consent order (“DCO”) under the Planning Act 2008.

If made by the Secretary of State, the DCO would grant development consent for the Applicant to construct, operate and maintain a new bascule bridge highway crossing, which would link the areas north and south of Lake Lothing in Lowestoft, and which is referred to in the Application as the Lake Lothing Third Crossing (or “the Scheme”).

1 Introduction

1.1 Purpose of the report

1.1.1 This document provides a guide to the Applicant's Development Consent Order application for the Lake Lothing Third Crossing. The application was submitted to the Planning Inspectorate on 13 July 2018 and accepted for examination on 9 August 2018.

1.1.2 As part of the examination process some of the original application documents have been revised and new documents produced as a result of representations made. This guide below charts the current status of documents submitted to the Planning Inspectorate/Examining Authority.

1.1.3 This is a live document and will be updated throughout the examination period and submitted, when updated, for each deadline.

1.1.4 The master document list table provides a full list of all the documents submitted to date.

1.1.5 For ease of navigation these documents are grouped by volumes as follows.

Volume 1 Application Information	Provides details of the specific application information required by the Planning Inspectorate
Volume 2 Plans/Drawings/Sections	Contains the plans which show where the Applicant proposes to undertake the works
Volume 3 Draft Development Consent Order and Related Documents	Outlines the legal powers the Applicant is seeking to build the Scheme
Volume 4 Compulsory Acquisition Information	Provides evidence of why the Applicant may require legal powers of compulsory acquisition, who would be affected by this and why such powers are justified
Volume 5 Consultation and Engagement	Provides details of the pre-application consultation that the Applicant has undertaken on the project
Volume 6 Environmental Statement and other Assessments	Documents how the Applicant assessed the potential impact on the environment and how this will be mitigated
Volume 7 Other Documents	Includes additional documents produced for the application submission
Volume 8 Examination Documents	Contains new documents submitted to the Examining Authority that have not previously been submitted
