

Planning Act 2008

Application by Suffolk County Council for an Order Granting Development Consent for the Lake Lothing Third Crossing

Itinerary for Accompanied Site Inspection 2 (ASI2)

Date	Arrive	Depart	Meeting place
13 May 2019	2.30pm	3.00pm	Northern landing site of scheme, situated on the south side of the roundabout at the junction of Denmark Road, Peto Way and Rotterdam Road. Locally known as the old coal yard site.

Health and safety

Each person attending ASI2 is responsible for his or her own health and safety at the time.

Associated British Ports (ABP) will be responsible for health and safety in the port area. ABP require visitors to wear personal protective equipment (PPE). If you own protective boots, a hard hat and a high visibility jacket, please bring these with you. A small quantity of PPE will be available, but on a first come first served basis.

Transportation

Please note that owing to the low number of confirmed attendees for ASI2 a minibus will not be provided for the transportation of Interested Parties. Attendees will be transported from the meeting place to the port area by car.

Itinerary for ASI2

1. Shell Quay
2. North Quay - plots 2-20 and 2-22
3. North Quay - bollard locations and quay construction
4. Shed 3/quay edge interface – location of proposed diversion route
5. Shed 3 - access doors
6. Dudman's marshalling area and weighbridge access
